Ananya Bandyopadhyay, J.:-

1. The present execution application invites the Court to give practical effect to a decree that has already traversed the entire spectrum of adjudication and has attained finality.
2. The trustees, by a registered indenture executed on 29th September, 1965, granted a lease for a period of fifty years in favour of Alepe Finance Limited, presently known as Orient Beverages Limited. Upon expiry of the leasehold

tenure, the trustees, acting as lessors, executed a registered indenture dated 12th September, 2015 in favour of Decree Holder No.1, whereunder the specified portion of the premises was demised with effect from 1st October, 2015.

3. The judgment debtor, by its own communication dated 1st October, 2015, acknowledged that the lease had expired and declared that possession of the premises had been handed over to the decree holders. The said admission constituted the foundation of G.A. No. 20 of 2022 in C.S. No. 144 of 2016, culminating in the judgment and decree dated 19th May, 2022 whereby a decree of eviction came to be passed, which continued to remain operative and binding on every person whose possession traced its origin to the estate of the judgment debtor.
4. Subsequent thereto, Decree Holder No.1 called upon the judgment debtor to deliver peaceful and vacant possession of the entirety of the leasehold premises. In response, the judgment debtor disclosed several portions of the property continued to remain occupied by various tenants and occupiers. It furnished particulars of occupants covering an area measuring **6569 square feet** while simultaneously recording another portion measuring **5533 square feet** remained occupied by several persons whose identities were not within its knowledge. The present execution proceeding has therefore been instituted to secure delivery of possession of the remaining decretal premises measuring **5533 square feet**, thereby accomplishing recovery of the entire decretal area measuring **12,102 square feet**.

5. Pursuant to directions issued by this Court, the Learned Special Officers have conducted a physical inspection of the premises and have submitted a comprehensive report dated 11th of March, 2026. The report reflected the Learned Advocates representing the decree holders and the judgment debtor remained present throughout the inspection. Although notice had been served upon the intervenors, none appeared at the time of inspection. The Special Officers inspected every portion that remained accessible, recorded approximate measurements of areas lying beyond immediate access, identified the occupiers wherever practicable, segregated those who had approached this Court from those who had chosen not to invoke its jurisdiction, and furnished a detailed account enabling precise identification of the remaining decretal property.
6. The substantial portion of the report delineating the relevant assessment concerning the respective portions are replicated as follows:-

8. The report inspires confidence. It demonstrates due diligence, objectivity and fidelity to the commission entrusted by the Court. Nothing has been placed before this Court which detracts from either its accuracy or its evidentiary worth. The report accordingly deserves acceptance and shall form an integral part of the record governing execution.
9. Execution of a decree for possession is governed principally by the provisions contained in **Order XXI Rule 35 of the Code of Civil Procedure**. The legislative intent embodied therein is plain. Once a decree for recovery of possession has attained finality, the executing Court possesses ample authority to place the decree holder in actual physical possession by removing every person bound by the decree who continues to remain in occupation. Such authority is neither discretionary nor merely symbolic; it constitutes the statutory mechanism through which judicial determinations receive practical implementation.
10. The materials placed before this Court reveal that the remaining occupants derive possession exclusively through the judgment debtor. Their occupation does not emanate from any independent title superior to or disconnected from that of the judgment debtor. No material has been produced demonstrating acquisition of any legal estate capable of surviving the decree passed by the competent civil court. Equally, save and except those persons who have already approached this Court and whose claims remain the subject matter of separate judicial consideration, no occupant has obtained any protective order restraining execution.

11. A decree of eviction cannot be rendered ineffectual merely because possession has subsequently become fragmented amongst several occupants. Such a proposition would defeat the very object of execution proceedings and diminish the authority of a judicial determination that has attained finality after due adjudication. Every person whose possession flows from the judgment debtor necessarily remains bound by the decree and cannot assert a possessory right exceeding that possessed by the judgment debtor itself.

12. The Learned Special Officers have specifically identified the remaining portions of the decretal premises occupied by persons who have neither instituted proceedings before this Court nor secured any interim protection. Their continued occupation consequently presents no legal impediment to execution. The decree holders, having established their entitlement through a decree that continues to operate with full vigour, cannot be deprived of actual possession by permitting such occupation to continue indefinitely.

13. Vide an order dated 23rd June, 2026, this Court observed as follows:-

“The Court :- On 16th June, 2026, the Learned Advocate representing the Applicant in GA/1/2025 submitted to file written instruction to the effect that the Applicant did not want to proceed with the hearing of the instant application.

However, none appeared to represent the Applicant in GA/1/2025. Let the same be dismissed for non-prosecution.

Next date be fixed on 29th June, 2026 for hearing of GA/2/2025.”

14. Since the applicants in GA/1/2025 have waived their rights to contest the application through a written instruction absolving themselves to proceed with the same, execution shall proceed only against the portions not protected by any subsisting judicial direction being 3397 Sq.ft. + 2122 Sq.ft. + 5533 Sq.ft. as elicited hereinbefore in view of the report of the Joint Special Officers as aforesaid.
15. In these circumstances, this Court finds that the decree holders have established every circumstance warranting effective execution of the decree dated 19th May, 2022. Acceptance of the report submitted by the Learned Special Officers and issuance of consequential directions constitute the natural progression of the execution proceeding.
16. Accordingly, **E.C. No. 20 of 2025** stands allowed.
17. The report submitted by the Learned Special Officers is accepted and shall form part of the record.
18. The **Sheriff of Calcutta** is directed to take immediate and appropriate measures for securing peaceful and vacant possession of the remaining decretal premises measuring **5533 square feet**, forming part of the decretal property situated at **Premises No. 50, Chowringhee Road, Kolkata – 700071**, more fully described in Schedule 'A' to the execution application, by removing every occupier whose possession flows through the judgment debtor and who does not possess the protection of any subsisting judicial order.

19. Should access to any portion of the premises remain obstructed, the Sheriff shall possess full authority to remove every impediment, including opening locked rooms, doors, shutters or other barriers, whenever such action becomes necessary for securing effective execution of the decree.
20. The **Commissioner of Police, Kolkata**, together with the **Officer-in-Charge, Shakespeare Sarani Police Station**, and every police authority exercising territorial jurisdiction over the premises, shall extend complete police assistance to the Sheriff for preservation of public order and for securing peaceful implementation of the decree.
21. Every movable article discovered within the premises shall be inventoried by the Sheriff in the presence of responsible witnesses, whereafter appropriate steps shall be taken strictly in accordance with law.
22. The Learned Special Officers shall continue to render assistance during execution by identifying the decretal property and supervising implementation wherever their presence becomes necessary. The remuneration of the Special Officers be fixed as 3000 GMs. each to be paid by the decree holders.
23. Upon completion of execution, the Sheriff shall submit a detailed report recording the manner of execution, the extent of possession delivered, the inventory prepared, the nature of assistance rendered by the police authorities and every circumstance bearing upon complete satisfaction of the decree.
24. The execution application accordingly stands disposed of.

25. There shall be no order as to costs.

26. Photostat certified copy of this order, if applied for, be given to the parties on priority basis on compliance of all formalities.
