Notes:

- (i) It may be noted that the aforementioned documents are required to be submitted to Company's Registrar and Share Transfer Agents (RTA), MUFG Intime India Private Limited at its dedicated link mentioned below - <https://web.in.mpms.mufg.com/formsreg/submission-of-Form-121-41.html> on or before July 27, 2026 at 17:00 Hrs. Indian Standard Time (IST) in order to enable the Company to determine and deduct appropriate TDS / withholding tax rate.
- (ii) The Company will issue soft copy of the TDS certificate to its shareholders through email registered with the Depository Participant / RTA post payment of the dividend. Shareholders will be able to download the tax credit statement by logging in with their credentials at TRACES website, <https://traces.tdscpc.gov.in/> or from the Income Tax Department's website, <https://eportal.incometax.gov.in/iec/foervices/#/login> (Refer Form 168 - Annual Information Statement).
- (iii) The aforesaid documents such as Form 121, documents under Section(s) 393(5), 393(6), FPI Registration Certificate, Tax Residency Certificate, Lower Tax certificate etc. can be sent by email to vtldivtax@in.mpms.mufg.com on or before July 27, 2026 to enable the Company to determine the appropriate withholding tax rate applicable on a case to case basis. In case where copy of documents (such as, PAN card, Registration certificate, etc.) is provided, the copy should be self-attested by the Shareholder or its authorized signatory. Any communication in relation to tax rate determination/ deduction received post July 27, 2026 shall not be considered.
- (iv) As per Section 262 of the IT Act, every person who has been allotted a PAN and who is eligible to obtain Aadhaar, shall be required to link the PAN with Aadhaar. In case of failure to comply to this, the PAN allotted shall be deemed to be invalid/inoperative and tax shall be deducted at the rate of 20% as per the provisions of Section 397(2) of the IT Act. The Company will be using functionality of the Income-tax department for the above purpose. Shareholders may visit <https://www.incometax.gov.in/iec/foportal/help/e-filing-link-aadhaar-faq> for FAQ issued by the Government on PAN Aadhar linking.
- (v) Clearing member should ensure that as on record date no shares are lying in their account and shares are transferred to respective shareholder's account so that dividend is credited directly to shareholder's account and not to the clearing member's account.
- (vi) Determination of withholding tax rate is subject to necessary verification by the Company of the shareholder details as available with the Depository Participant in case shares are held in dematerialized form; or RTA in case shares are held in physical form as on the Record Date, and other documents available with the Company / RTA. In this respect, the Company reserves the right to independently verify the PAN number of the shareholder from the National Securities Depository Limited ('NSDL') utility and if the same is found contrary to the PAN quoted/provided, the Company will disregard the PAN and proceed as per the prevalent law.

- (vii) Shareholders holding shares under multiple accounts under different residential status / category and single PAN, may note that, higher of the tax rate as applicable to different residential status/category will be considered for their entire shareholding under different accounts.
- (viii) The documents furnished by the shareholders (such as Form 121, TRC, Form 41, Self-Attested Declaration etc.) shall be subject to review and examination by the Company and/or its Registrar & Share Transfer Agents before granting any beneficial rate or NIL Rate. The Company reserves the right to reject the documents in case of any discrepancies, or the documents are found to be incomplete.
- (ix) In case withholding tax is deducted at a higher rate, an option is still available with the shareholder to file the return of income and claim an appropriate refund. No claim shall lie against Company for any taxes deducted by the Company.
- (x) In the event of any income tax demand (including interest, penalty, etc.) arising from any misrepresentation, inaccuracy or omission of information provided by the shareholder, the shareholder will be responsible for indemnifying the Company and also, provide the Company with all information / documents and co-operation in any tax proceedings.
- (xi) This Communication is not exhaustive and does not purport to be a complete analysis or listing of all potential tax consequences in the matter of dividend payment. Shareholders should consult their tax advisors for requisite action to be taken by them.
- (xii) In case of any discrepancy in documents submitted by the shareholder, the Company will deduct tax at higher rate as applicable, without any further communication in this regard.
- (xiii) In terms of Rule 203 of the Income Tax Rules, 2026, if dividend income on which tax has been deducted at source is assessable in the hands of a person other than the deductee, then such deductee should file declaration with Company in the manner prescribed in the Rules.
- (xiv) All communications/queries in this respect should be addressed and sent to Company's Registrar and Share Transfer Agents, MUFG Intime India Private Limited at its email address vtldivtax@in.mpms.mufg.com.

Disclaimer:

This Communication is not to be treated as an advice from the Company or its affiliates or MUFG Intime India Private Limited. Shareholders should obtain the tax advice related to their tax matters from a tax professional.

- 9. Members holding shares in dematerialised form may please note that their bank account details as furnished by the respective depositories to the Company will be considered for payment/remittance of dividend as per the applicable regulations of the Depositories. The Company or its Registrar and Share Transfer Agents will neither entertain nor act on any direct request from such members for change/deletion in such bank account details. Further, instructions, if any, already given by them in respect of shares held in physical form, will not be automatically applicable to the dividend to be paid on shares held in dematerialised form. Members may therefore, give instructions regarding bank account details in which they wish to receive dividend to the Depository Participants. Members holding shares in physical form are requested to advise any change in their address or bank mandates to the Company/Registrar and Share Transfer Agents in requisite Form ISR-1 along with required documents.

The securities so transferred shall be mandatorily credited to the transferee only in demat mode and shall be under lock-in for a period of one year from the date of registration of transfer. Such securities shall not be transferred/lien-marked/pledged during the said lock-in period. The cases involving disputes between transferor and transferee; and securities which have been transferred to the Investor Education and Protection Fund (IEPF) shall not be considered under this window for processing.

Shareholders are encouraged to take advantage of this opportunity by furnishing the Original Security Certificates, Share Transfer Deed, Client Master List (CML) and all other documents listed in the aforesaid SEBI Circular, to the Company's Registrar and Share Transfer Agents ('RTA'), i.e. MUFG Intime India Private Limited (Unit: Vindhya Telelinks Limited), C-101, Embassy 247, LBS Marg, Vikhroli (West), Mumbai – 400083.

13. SEBI, vide its Circular No. HO/38/13(3)2026-MIRSDPOD/1/3763/2026 dated January 30, 2026, has mandated listed companies to credit securities directly to the demat account of the investor while processing service requests viz. Issue of duplicate securities certificate; claim from unclaimed suspense account; renewal/ exchange of securities certificate; endorsement; subdivision/ splitting of securities certificates; consolidation of folios; transmission and transposition. Under the revised framework effective from April 2, 2026, RTA shall directly credit securities to the demat account of the investor, after carrying out necessary due diligence. The issuance of a 'Letter of Confirmation' has been discontinued. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR – 4, the format of which is available on the Company's website and on the website of the Registrar and Share Transfer Agents (RTA) of the Company. It may be noted that any service request can be processed only after the folio is KYC Compliant. It may be noted that Investor service requests shall be accompanied with a copy of latest Client Master List (CML) of the demat account, not older than two months and duly attested by the Depository Participant.
14. SEBI has established a common Online Dispute Resolution Portal ("ODR Portal" – <https://smartodr.in/login>) which harnesses online conciliation and online arbitration for resolution of disputes arising in the Indian Securities Market. An investor/client shall first take up his/her/their grievance by lodging a complaint directly with the Company. If the grievance is not redressed satisfactorily, the investor/client may, in accordance with the SCORES guidelines, escalate the same through the SCORES Portal in accordance with the process laid out therein. After exhausting all available options for resolution of the grievance, if the investor/client is still not satisfied with the outcome, he/she/they can initiate dispute resolution through the ODR Portal. In compliance with the SEBI guidelines, the Company had sent communication intimating about the said Dispute Resolution Mechanism to all the members.
15. Members are requested to note that the Company's shares are under compulsory demat trading for all the investors. Therefore, the members holding equity shares of the Company in physical form are advised to dematerialize their shareholdings. The Company has connectivity from NSDL and CDSL and equity shares of the Company may be held in the electronic form with

any Depository Participant (DP) with whom the members/investors are having their demat account. The ISIN No. for the Equity Shares of the Company is INE707A01012. In case of any query/difficulty in any matter relating thereto may be addressed to the Company's Registrar and Share Transfer Agents.

16. As per the provisions of Section 72 of the Companies Act, 2013 read with Rule 19(1) of the Companies (Share Capital and Debentures) Rules, 2014 and SEBI Master Circular dated February 6, 2026 issued to the Registrar and Share Transfer Agents, the facility for making nomination is available for the Members in respect of shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. If a member desires to opt out or cancel the earlier nomination and record a fresh nomination, he/she may submit the same in Form ISR-3 or SH-14 as the case may be. The said form can be downloaded from the Company's website or from the website of Registrar and Share Transfer Agents (RTA) of the Company. Members are requested to submit the said details to their Depository Participant in case the shares are held by them in dematerialized form and to the Registrar and Share Transfer Agents of the Company – MUFG Intime India Private Limited in case the shares are held in physical form.
17. During the year 2025-26, the Company has transferred ₹ 14,14,830/- being the unpaid and unclaimed dividend amount for the financial year 2017-18 on September 17, 2025 to the Investor Education and Protection Fund established by the Central Government pursuant to the provisions of Section 124 of the Companies Act, 2013 read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016. Members who have so far not claimed or encashed the dividend warrant(s) for the financial year ended March 31, 2019 or any subsequent financial years, are requested to write to the Company or its Registrar and Share Transfer Agents, MUFG Intime India Private Limited (Unit: Vindhya Telelinks Limited), C-101, Embassy 247, LBS Marg, Vikhroli (West), Mumbai – 400083, e-mail ID: investor_helpdesk@in.mpms.mufg.com, for claiming dividends declared by the Company. Details of unpaid/unclaimed dividend amounts lying with the Company are available on the website of the Company, <https://www.vtlrewa.com>.

As per Section 124(6) of the Companies Act, 2013 read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, all the shares in respect of which dividend has not been encashed or claimed for seven consecutive years or more shall be transferred to designated Demat Account of the IEPF Authority ("IEPF Account") within a period of thirty (30) days of such shares becoming due to be transferred to the IEPF Account. Accordingly, the Company has transferred 7,499 Equity Shares to the IEPF Account on October 1, 2025 after following the prescribed procedure.

The Members whose unclaimed dividends and/or equity shares have been transferred to IEPF may claim the same by approaching the Company or RTA for issuance of Entitlement Letter on submission of required documents. The Members may then make an application to the IEPF Authority, in web Form IEPF-5 (available on <https://www.iepf.gov.in>) by attaching the Entitlement Letter and other documents.

18. The Company had participated in the "Saksham Niveshak", a 100-day campaign, initiative taken by the Investor Education and Protection Authority (IEPFA), earlier from July 28, 2025 to November 6, 2025 and has now again participated in the Second 100-Day Campaign - "Saksham Niveshak" running from April 1, 2026 to July 9, 2026. This campaign aimed to help shareholders to update their KYC details, bank mandates and contact information to facilitate direct payment of unpaid/unclaimed dividends to the rightful shareholders and to prevent transfer of unpaid or unclaimed dividends/shares to Investor Education and Protection Fund ("IEPF"), pursuant to guidelines issued by the Investor's Education and Protection Fund Authority ("IEPFA"), Ministry of Corporate Affairs ("MCA").

As a part of the campaign, the Company has published newspaper advertisement to create awareness among shareholders and the same has also been hosted on the Company's website to facilitate wider dissemination of information to the shareholders.

STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013

The following Statements sets out all material facts relating to the Special Businesses mentioned in the accompanying Notice as required under Section 102(1) of the Companies Act, 2013 (“the Act”):

Item No. 5

Shri Priya Shankar Dasgupta (DIN: 00012552) was appointed as a Non-Executive Independent Director of the Company for a first term of Five (5) consecutive years with effect from November 21, 2021 to November 20, 2026 and is eligible for re-appointment as an Independent Director of the Company for a second term of Five (5) consecutive years with effect from November 21, 2026, pursuant to the provisions of Section 149(10) of the Companies Act, 2013.

On the basis of the report of performance evaluation and on the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company in its meeting held on May 23, 2026 unanimously accorded their consent for re-appointment of Shri Priya Shankar Dasgupta (DIN: 00012552) as a Non-Executive Independent Director of the Company, not liable to retire by rotation, for a second term of five (5) consecutive years with effect from November 21, 2026 to November 20, 2031, Subject to the approval of the members of the Company.

As per Regulation 25(2A) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”), the appointment/re-appointment of an Independent Director shall be subject to the approval of shareholders by way of a Special Resolution. Provided that where a Special Resolution for the appointment of an Independent Director fails to get the requisite majority of votes but the votes cast in favour of the resolution exceed the votes cast against the resolution, and votes cast by the public shareholders in favour of the resolution exceed the votes cast against the resolution, then the appointment of an Independent Director shall be deemed to have been made under Regulation 25(2A) of the Listing Regulations.

The Company has received the following documents in writing from Shri Priya Shankar Dasgupta:

- (a) Consent for his re-appointment as a Non-Executive Independent Director of the Company.
- (b) Declarations to the effect that he continues to meet the criteria of independence as provided under Section 149(6) of the Act and Regulation 16(1)(b) of the Listing Regulations.
- (c) Declaration to the effect that he is not disqualified from being re-appointed as a Director in terms of Section 164 of the Act.
- (d) Declaration to the effect that he is not debarred from holding the office of director by virtue of any Order passed by the Securities and Exchange Board of India or any other such authority.
- (e) Declaration to the effect that he is not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact his ability to discharge his duties in compliance with Regulation 25(8) of the Listing Regulations.
- (f) Confirmation that he holds a valid Certificate of Registration with the data bank of Independent Directors maintained by the Indian Institute of Corporate Affairs in compliance with Rules 6(1) and 6(2) of the Companies (Appointment and Qualification of Directors) Rules, 2014.

The Company has also received a notice in writing from a member under Section 160 of the Companies Act, 2013 proposing his candidature for the office of Director of the Company.

Brief profile and additional information in respect of Shri Priya Shankar Dasgupta including nature of expertise and shareholding in the Company, etc. are given in **Annexure - ‘A’** to this Notice, pursuant to the provisions of (i) Listing Regulations; and (ii) Secretarial Standard on General Meetings (“SS-2”) issued by the Institute of Company Secretaries of India. He shall be paid remuneration by way of fee for attending meetings of the Board or Committees thereof or for any other purpose, reimbursement of expenses for participating in the Board and other meetings as may be decided by the Board from time to time. In addition, compensation by way of profit related commission or otherwise (excluding Goods and Services Tax, if any, thereon) may also be paid as the Nomination and Remuneration Committee and the Board of Directors of the Company approve from time to time within the overall limit as prescribed or as may be permissible from time to time with regard to remuneration to the Non-Executive Directors including Independent Directors of the Company.

Copy of the draft letter of re-appointment of Shri Priya Shankar Dasgupta setting out the terms and conditions of re-appointment is available on the website of the Company, <https://www.vtlrewa.com> and shall also be available for inspection by the members electronically without any fee.

The Nomination and Remuneration Committee and the Board of Directors are of the view that Shri Priya Shankar Dasgupta fulfils the conditions for re-appointment as an Independent Director as specified in the Act read with the Rules framed thereunder and the Listing Regulations and such other applicable laws/regulations for the time being in force. Shri Priya Shankar Dasgupta is a highly renowned professional who brings with him a wide range of skill and experience to the Board, which enhances the quality of Board’s decision-making process. The Company has immensely benefitted from his in-depth knowledge and strategic insights on various matters relating to the Company’s business. The Board duly noted that Shri Priya Shankar Dasgupta is seventy-one (71)

years old and continuation of his directorship, from the day he attains the age of seventy-five (75) years on June 30, 2030 till the completion of his second term of five (5) consecutive years i.e. November 20, 2031, shall be subject to the approval of the members of the Company by way of a Special Resolution in compliance with Regulation 17(1A) of the Listing Regulations.

Having regard to the qualifications, knowledge and vast experience of Shri Priya Shankar Dasgupta, his re-appointment on the Board of Directors of the Company as an Independent Director will be in the interest of the Company. Accordingly, the Board of Directors recommends the said Special Resolution as set out at Item No. 5 of the accompanying Notice for the approval of the Members of the Company.

Save and except Shri Priya Shankar Dasgupta, none of the Directors or Key Managerial Personnel (KMP) of the Company, either directly or through their relatives is, in any way, concerned or interested, whether financially or otherwise, in the said Resolution.

Item No. 6

The Board of Directors of the Company, based upon the recommendation/selection of the Nomination and Remuneration Committee, in its meeting held on May 23, 2026 and pursuant to the provisions of Section 161(1) of the Companies Act, 2013 ('the Act') read with the Articles of Association of the Company, has appointed Shri Pandanda Kariappa Madappa (DIN: 00058822) as an Additional Director designated as Non-Executive Independent Director of the Company for a first term of five (5) consecutive years with effect from May 23, 2026 to May 22, 2031, subject to the approval of the members of the Company.

In accordance with the provisions of Section 150 read with Schedule IV to the Act, the appointment of Independent Director shall be approved by the members of the Company in general meeting. Further, as per Regulation 17(1C) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), appointment or reappointment of a person on the board of directors requires approval of the members of the Company at the next general meeting or within a time period of three months from the date of appointment, whichever is earlier.

As per Regulation 25(2A) of the Listing Regulations, the appointment/re-appointment of an Independent Director shall be subject to the approval of members by way of a Special Resolution. Provided that where a Special Resolution for the appointment of an Independent Director fails to get the requisite majority of votes but the votes cast in favour of the resolution exceed the votes cast against the resolution, and votes cast by the public shareholders in favour of the resolution exceed the votes cast against the resolution, then the appointment of an Independent Director shall be deemed to have been made under Regulation 25(2A) of the Listing Regulations.

The Company has received the following documents in writing from Shri Pandanda Kariappa Madappa:

- (a) Consent for his appointment as a Non-Executive Independent Director of the Company.
- (b) Declarations to the effect that he meets the criteria of independence as provided under Section 149(6) of the Act and Regulation 16(1)(b) of the Listing Regulations.
- (c) Declaration to the effect that he is not disqualified from being appointed as a Director in terms of Section 164 of the Act.
- (d) Declaration to the effect that he is not debarred from holding the office of director by virtue of any Order passed by the Securities and Exchange Board of India or any other such authority.
- (e) Declaration to the effect that he is not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact his ability to discharge his duties in compliance with Regulation 25(8) of the Listing Regulations.
- (f) Confirmation that he holds a valid Certificate of Registration with the data bank of Independent Directors maintained by the Indian Institute of Corporate Affairs in compliance with Rules 6(1) and 6(2) of the Companies (Appointment and Qualification of Directors) Rules, 2014.

The Company has also received a notice in writing from a member under Section 160 of the Companies Act, 2013 proposing his candidature for the office of Director of the Company.

Brief profile and additional information in respect of Shri Pandanda Kariappa Madappa including nature of expertise and shareholding in the Company, etc. are given in **Annexure - 'A'** to this Notice, pursuant to the provisions of (i) Listing Regulations; and (ii) Secretarial Standard on General Meetings ("SS-2"), issued by the Institute of Company Secretaries of India. He shall be paid remuneration by way of fee for attending meetings of the Board or Committees thereof or for any other purpose, reimbursement of expenses for participating in the Board and other meetings as may be decided by the Board from time to time. In addition, compensation by way of profit related commission or otherwise (excluding Goods and Services Tax, if any, thereon) may also be paid as the Nomination and Remuneration Committee and the Board of Directors of the Company approve from time to time within the overall limit as prescribed or as may be permissible from time to time with regard to remuneration to the Non-Executive Directors including Independent Directors of the Company.

Copy of the draft letter of appointment of Shri Pandanda Kariappa Madappa setting out the terms and conditions of appointment is available on the website of the Company, <https://www.vtlrewa.com> and shall also be available for inspection by the members electronically without any fee.

The Nomination and Remuneration Committee and the Board of Directors are of the view Shri Pandanda Kariappa Madappa fulfils the conditions for appointment as an Independent Director as specified in the Act read with the Rules framed thereunder and the Listing Regulations and such other applicable laws/regulations for the time being in force. Shri Pandanda Kariappa Madappa is a person of integrity and possesses appropriate skills, qualifications, knowledge and expertise in areas of Business Management, Finance, Risk Management and Corporate Governance aligned with the desired attributes, role, skills and capabilities identified by the Nomination and Remuneration Committee. Having regard to the skills, qualifications, knowledge and vast experience of Shri Pandanda Kariappa Madappa, his appointment as an Independent Director will be in the best interest of the Company and shall add value to the existing Board of the Company. Accordingly, the Board of Directors recommends the said Special Resolution as set out at Item No. 6 of the accompanying Notice for the approval of the Members of the Company.

Save and except Shri Pandanda Kariappa Madappa, none of the Directors or Key Managerial Personnel (KMP) of the Company, either directly or through their relatives is, in any way, concerned or interested, whether financially or otherwise, in the said Resolution.

Item No. 7

In terms of Section 148 of the Companies Act, 2013 read with Rule 14 of the Companies (Audit and Auditors) Rules, 2014 (“Audit Rules”), as amended from time to time, the Company is required to undertake the audit of its cost records for products covered under the Companies (Cost Records and Audit) Rules, 2014 to be conducted by a Cost Accountant in practice.

The Board of Directors at its meeting held on May 23, 2026, on the recommendation of the Audit Committee, approved the appointment of Messrs D. Sabyasachi & Co., Cost Accountants (Registration Number – 000369), as the Cost Auditors of the Company to conduct the audit of the cost records maintained by the Company for the financial year ending on March 31, 2027, at a remuneration of ₹ 1,00,000/- (Rupees One Lakh only) plus applicable Goods and Services Tax thereon and reimbursement of actual out of pocket/traveling expenses incurred in connection with the aforesaid audit.

In accordance with the provisions of Section 148(3) of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors requires ratification by the Members of the Company. Accordingly, consent of the Members is sought by way of passing an Ordinary Resolution for ratification of the remuneration payable to the Cost Auditors for the financial year ending on March 31, 2027. The Board of Directors recommends the Ordinary Resolution set out at Item No. 7 of the accompanying Notice for approval of the Members of the Company.

None of the Directors or Key Managerial Personnel (KMP) and/or their relatives are, in any manner, concerned or connected or interested, financially or otherwise, in the said Resolution.

* As per the disclosure given by Shri Harsh V. Lodha, Punjab Produce Holdings Ltd., Baroda Agents & Trading Co. Pvt. Ltd., East India Investment Co. Pvt. Ltd., Gwalior Webbing Co. Pvt. Ltd. and The Punjab Produce & Trading Co. Pvt. Ltd. have filed Form DIR-12 with the Ministry of Corporate Affairs on the basis of an illegal direction from one of the Administrators pendent lite (APL) of the Estate of Priyamvada Devi Birla purportedly acting on the basis of wrongful interpretation of the judgement and order dated September 18, 2020 of the Learned Single Judge of the High Court at Calcutta that he has ceased to be a director of the said companies. The wrongful act has been done without his knowledge, consent and without any compliance with the provisions of law which has been challenged by him. As per disclosure made by him, there had been no cessation of his directorship in any of the said Companies. The judgement and order dated September 18, 2020 was challenged by him in appeal being A.P.O Nos. 92 of 2020 which has been disposed of by the Hon'ble Division Bench by a judgement and order dated December 14, 2023 modifying the judgement and order dated September 18, 2020 of the Learned Single Judge in the light of the observations made in the said judgement and order dated December 14, 2023. The application being G.A. No.2 and G.A. No. 3 of 2020 filed by him in connection with the illegal and wrongful action of the two of the Joint APLs were also disposed of accordingly. Prior, thereto, the Hon'ble Division Bench by an ad-interim order dated October 1,2020 passed in the said appeal, clarified the order dated September 18, 2020.

All these purported actions/decisions taken by the two of the Joint APLs illegally and without following the due process of law have been nullified by the judgment and order dated December 14, 2023.

The defendants in the probate suit being T.S. No. 6 of 2004 have preferred Special Leave Petitions from the aforesaid judgment and order dated December 14, 2023. The Hon'ble Supreme Court has, by an order dated March 22, 2024 declined to pass any interim order in such petitions.

Except for Shri Harsh V. Lodha, Shri Priya Shankar Dasgupta and Shri Pandanda Kariappa Madappa, none of the other Directors, Key Managerial Personnel of the Company and / or their relatives are, in any way, concerned or interested, financially or otherwise, in business item(s) no. 4, 5 & 6 of the Notice respectively. The Board recommends the same for approval of the Members.

STATE OF COMPANY'S AFFAIRS

The financial year 2025-26 represented a transitional year amid spread of generative artificial intelligence wherein data centres have become a critical part of infrastructure that supports a digital society and India's push to become the world's third largest economy by 2030, with a targeted GDP of over \$ 7 trillion, underpinned by stepped up investment in infrastructure. These developments lead to vitalisation of economic activities including those in related industries such as optical fibre cables, railway, solar PV cables, etc. and EPC business as the infrastructure development offers a multi decade opportunity. While in near term, the government funded core infra capex after acceleration over FY 2022-24 is now consolidating, it still remains a key growth driver. In this backdrop, the Company continued to strengthen its long-term strategic positioning through expansion in specialty optical fibre cables, solar PV cables and other specialty cables, diversification of EPC capabilities and opportunities in digital infrastructure.

As the world is moving from efficiency driven globalisation to resilient driven globalisation, the Company is gearing up to adapt these changes, leveraging both local strength and global opportunities. The Company has diversified supply chains, trusted technology partnership, strong domestic capabilities and agility to serve customers across jurisdictions. At the same time, the Company continues to lay focus on improving operational resilience, prudent capital allocation, strengthening cash flows and building future-ready capabilities across high-growth infrastructure and technology-led sectors

There have been no material changes in the nature of business and commitments affecting the financial position of the Company between the end of the financial year under review and date of this Report.

GENERAL & CORPORATE MATTERS

During the year under review, your Company achieved standalone Revenue from Operations of ₹ 356628.58 lakhs as compared to ₹ 405383.41 lakhs in the previous year indicating marginal decline year-on-year basis.

The Cable segment registered a growth of 11.60%, predominantly driven by strong demand for Solar and Specialty Optical Fibre Cables. The EPC business segment registered a decline of 18.04% in Revenue from Operations, primarily due to reduced revenue from operations from the Uttar Pradesh–Jal Jeevan Mission (JJM) project, owing to a slowdown in government capital expenditure.

The standalone Profit before Depreciation and Tax for the year stood at ₹ 8921.35 lakhs (comprising of Cable business segment ₹ 7191.81 lakhs and that of EPC business segment ₹ 1729.54 lakhs) as compared to ₹ 17538.62 lakhs in the corresponding previous year (comprising of Cable business segment ₹ 5367.97 lakhs and that of EPC business segment ₹ 12170.65 lakhs) registering a decline of 49.13% year on year basis largely due to decline in Turnover and increase in Interest cost due to elevated working capital deployment in EPC Division. The detailed operational working of your Company for the year is provided in the Management Discussion and Analysis forming a part of this Report.

The Company achieved an export revenue of ₹ 4270.16 lakhs during the year under review as compared to ₹ 4262.79 lakhs in the previous year.

Cable Business Segment:

After an extended period of subdued pricing and lower demand in several regions, the optical fibre cable prices have been steadily rising alongside sustained demand growth. After experiencing 2 years of successive decline, world Optical fibre cable demand staged a sharp recovery beginning in 2026, although overall demand conditions remained uneven across geographies. The pace of recent price increases marks a departure from the relative stability of the past few years. The conditions are adjusting quickly as demand strengthens across multiple applications at the same time.

Global demand for optical fibre cable is witnessing significant improvement driven by Growth in hyperscale data centers and AI infrastructure, Government-backed broadband connectivity programs, Increasing adoption of edge computing and digital services. At the same time, industry trends are evolving toward advanced network capabilities, including automation, AI-native architectures and performance-oriented fibre solutions.

The Company also continues to benefit from strong macro tailwinds in non-telecom cable segments. With the need for increased railway infrastructure and government's push to modernize railways, the Union Budget has allocated a total capital expenditure of ₹ 2.93 lakh crore for financial year 2026-27, reflecting the government's strong push toward modernization, safety, and infrastructure expansion. The key focus areas for capital expenditure include the construction of new lines, doubling the lines, traffic facilities and rolling stock amongst other expansion and modernization of railway networks. Substantial investments are planned for rolling stock, track renewal, electrification, and station upgrades. All this put together may continue to have steady demand for Railway signalling cables, Quad Cables and special conductors.

The rolling stock cable continued to demonstrate steady growth during the year in the wake of increased demand owing to higher safety standards and the adoption of fire-resistant, low-smoke, halogen-free technologies. The growth remains closely linked to investments in new rolling stock procurement, refurbishment of existing coaches, and indigenization initiatives, thereby providing sustained long-term growth visibility Company's products catering to the railway ecosystem.

India today stands at a pivotal moment in its renewable energy journey and has become the second-largest solar energy market globally in terms of annual installations. This rapid growth nearly 50 GW added in just over a year is a clear signal that India is well on track to achieve its 280–300 GW solar target by 2030, forming a major part of the broader 500 GW renewable energy capacity goal. This new investment cycle led by solar green energy is driving strong demand for solar PV cables, particularly those produced using E-Beam Irradiation Technology, which enhances durability, thermal resistance, and current-carrying capacity. The Company already has two E-Beam Radiation facilities operational and is in the process of commissioning the third E-Beam facility, which is likely to be operational by end of first quarter of financial year 2026-27. The state-of-the-art facility of the Company is producing cables for wide variety of applications including Solar renewable energy, Rolling stock, Electrical Vehicles and Ship wiring, etc.

EPC Business Segment:

The financial year under review remained challenging for the infrastructure sector due to slower Government spending, particularly in the water infrastructure segment. Delays in disbursements under the Jal Jeevan Mission (JJM) impacted project execution, liquidity cycles, and profitability across the industry. Considering the allocation under JJM scheme stands increased to around ₹ 67,670 crore for FY 2026-27 it is expected that the execution shall be accelerated going forward.

Despite the prevailing challenges, the Company maintained its focus on effective project management and timely execution of ongoing works, while also enhancing its capabilities in operations and maintenance (O&M) services. The Company continues to strengthen its position across its core infrastructure segments and remains well-placed to participate in upcoming growth opportunities. During the year, the Company was awarded an important power (gas insulated) substation project in NDMC area of New Delhi, which further expanded its footprint in the power infrastructure domain.

In the prevailing environment of elevated raw material price volatility, supply chain uncertainties and continuing geopolitical disruptions, the Company has adopted a calibrated and disciplined approach towards EPC order acquisition, with increased focus on project viability, contractual risk allocation, margin sustainability and cash flow visibility.

The Company remains focused on quality of order book over volume-led growth and continues to evaluate EPC opportunities with emphasis on prudent capital deployment, execution visibility and sustainable profitability. Since a significant portion of EPC contracts, particularly in the Government sector, continue to operate without adequate price variation or escalation protection mechanisms, the Company remains selective in bidding and prioritises projects with balanced risk-reward profile and efficient working capital requirements.

The Company is also actively evaluating strategic opportunities arising from its extensive IP-1 passive telecom infrastructure network spread across 23 states in India.

The Company also continues to strengthen its project execution framework, risk management practices and collection mechanisms to improve operational resilience and enhance long-term value creation. Backed by years of experience and a proven execution record, the Company has established a credible presence across the Power, Water, Telecom, and Irrigation sectors. With continued emphasis on operational efficiency, service diversification, and customer satisfaction, the Company remains committed to strengthening its role in India's evolving infrastructure landscape and pursuing sustainable long-term growth in India's evolving infrastructure landscape and pursuing sustainable long-term growth.

SCHEME OF AMALGAMATION

The Board of Directors of the Company at its meeting held on March 21, 2026, approved the Scheme of Amalgamation between Birla Cable Limited (“Transferor Company”) and the Company (“Transferee Company” or “Company”) and their respective shareholders and creditors (Scheme) pursuant to Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 read with the rules framed thereunder for the amalgamation of the Transferor Company into the Company w.e.f. the appointed date of April 1, 2026.

Upon the Scheme becoming effective, the Transferor Company shall stand dissolved and the Transferee Company will issue and allot to the equity shareholders of the Transferor Company (other than Transferee Company), 10 equity shares of the face value of ₹ 10/- each fully paid of the Transferee Company for every 115 equity shares of the face value of ₹ 10/- each fully paid held by them in the Transferor Company. Equity Shares held by the Transferee Company in the Transferor Company and vice – versa shall stand cancelled and extinguished.

The proposed amalgamation would be in the best interest of the Companies and their respective shareholders, employees, creditors and other stakeholders as the amalgamation is expected to inter-alia result in the following benefits:

- (i) Since the Companies are well established in the line of business that they primarily operate in (i.e. manufacture and sale of telecommunication cables and accessories) and have complementary product portfolios, consolidating the manufacturing capabilities of both Companies through the amalgamation will create a larger unified entity with consolidation of capacities, enhanced market presence and improved competitive positioning. The combined entity will have an aggregated track record of manufacturing and multi-state project execution thereby being better positioned to leverage cross-selling opportunities and to bid for larger infrastructure projects, based on the combined technical credentials, financial strength and execution track record of the Companies. Further, the combined entity will offer a single window solution offering a wide range of services and products ranging from LAN cables to high-end specialty cables.
- (ii) The unified and stronger balance sheet will enhance the Transferee Company’s pre-qualification credentials and financial net worth required to bid for and execute increasingly capital-intensive, multi-state infrastructure projects which require significant bank guarantees and liquidity.
- (iii) By leveraging operational synergies and economies of scale, the amalgamation will create a stronger platform for future growth, improve cost efficiencies, and enable optimized allocation of financial, technical and managerial resources.
- (iv) The amalgamation is expected to result in synergy benefits in back-end operations, including procurement, logistics, information technology systems and shared services and will also eliminate duplication of administrative and support functions and reduce multiplicity of legal, regulatory and compliance requirements.
- (v) The amalgamation will rationalize and simplify the Group’s corporate structure by reducing the number of entities in the Group which operate in similar lines of business. This consolidation is expected to facilitate faster decision-making, smoother operations and improved coordination across various functions, which is expected to enhance transparency, corporate governance and investor perception.
- (vi) A unified and stronger balance sheet will provide greater financial flexibility and improved access to capital, which is critical for undertaking larger and more capital-intensive businesses and supporting long-term growth strategies and thus, the amalgamation is expected to unlock growth opportunities and contribute to sustainable value creation for the shareholders of the Companies with improved financial performance.
- (vii) The amalgamation will enable pooling of human resources, research & development capabilities and technical expertise across design, manufacturing, sourcing and project management functions, thereby eliminating redundancies in administration, research & development and operations for enhancing overall organizational capability, innovation, execution efficiency and product offering for more efficient operations and competitive positioning.

The Company has filed necessary applications for seeking no-objection/observation letters from BSE Limited (BSE) and National Stock Exchange of India Limited (NSE) for the Scheme. The proposed Scheme is also subject to necessary statutory and regulatory approvals under applicable laws, including the approval of the jurisdictional Hon’ble National Company Law Tribunal (“NCLT”).

MANAGEMENT DISCUSSION AND ANALYSIS

The Management Discussion and Analysis of financial condition and results of operations of the Company for the year under review, as per SEBI (Listing Obligations and Disclosure Requirements), 2015, as amended from time to time (“Listing Regulations”), is presented in a separate section, which forms a part of the Annual Report.

FOREIGN TECHNICAL COLLABORATION

The Radox® Technology Cooperation Agreement between the Company and HUBER+SUHNER AG, Switzerland (“H+S”) for manufacturing license/knowhow of Rolling Stock Cables for Railway and allied sector has been renewed for a further period of three (3) years effective from May 23, 2025.

UNPAID DIVIDEND

The disclosure relating to year wise amount of unpaid/unclaimed dividend lying in the Unpaid Dividend account and the corresponding shares which are liable to be transferred to the Investor Education and Protection Fund (IEPF) and the due date of such transfer is provided in the Corporate Governance Report which forms a part of the Annual Report.

SHARE CAPITAL

The paid-up Equity Share Capital of the Company as at March 31, 2026 stood at ₹ 1185.09 Lakhs. During the year under review, the Company has neither issued shares with differential rights as to dividend voting or otherwise nor has granted stock options or sweat equity under any scheme. Further, none of the Directors of the Company holds investments convertible into equity shares of the Company as on March 31, 2026.

DEPOSITS/FINANCE

During the year under review, your Company has not accepted any public deposits within the meaning of Section(s) 73 to 76 of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014 and as such no amount on account of principal or interest on public deposits was outstanding as on the date of the Balance Sheet.

Given the nature of EPC operation and its reliance on government spending, the business periodically requires working capital infusion, which in turn leads to increased interest costs. Despite these challenges, your Company has maintained its focus on cash flow optimisation and effective working capital management, resulting in prudent borrowing practices. This financial discipline is reflected in the favourable credit rating assigned by an external credit rating agency.

PARTICULARS OF LOANS, GUARANTEES AND INVESTMENTS

The particulars of Loans, Guarantees and Investments in pursuance to Section 186 of the Companies Act, 2013 have been disclosed in the standalone financial statements read together with Notes annexed to and forming an integral part of the standalone financial statements.

CORPORATE GOVERNANCE

Pursuant to Regulation 34(3) read with Para C of Schedule V of the Listing Regulations, the Report on Corporate Governance and a Certificate by the Managing Director & CEO confirming compliance by all the Board Members and Senior Management Personnel with Company's Code of Conduct and Auditors' Certificate regarding compliance of conditions of Corporate Governance form part of the Annual Report.

CORPORATE SOCIAL RESPONSIBILITY

As a part of its initiative under Corporate Social Responsibility (CSR), your Company has undertaken CSR activities, projects and programmes broadly in accordance with Schedule VII of the Companies Act, 2013, applicable provisions of the Companies (Corporate Social Responsibility Policy) Rules, 2014 and CSR Annual Action Plan 2025-26 read with the Company's CSR Policy. The CSR activities as detailed in Note No. 45 of the financial statements have been carried out primarily in and around the local areas where

the Company operates and nearby localities. The Company has complied with the provisions of Section 135 of the Companies Act, 2013 and all its subsequent amendments and applicable rules.

- (c) Shri Dhan Raj Bansal (DIN: 00050612) ceased to be a Non-Executive Non-Independent Director of the Company, upon retirement by rotation at the conclusion of the Annual General Meeting (AGM) held on September 12, 2025 and he did not seek re-appointment.

Adequate notices were given to all directors of the Company of the schedule of the Board Meetings and Committee Meetings at least seven days before the date of the Meeting. The Agenda and detailed notes on agenda were also sent to all the directors of the Company within the time prescribed therefor in the Secretarial Standard issued by the Institute of Company Secretaries of India [including in respect of matters in the nature of Unpublished Price Sensitive Information (UPS), which were either circulated separately at shorter notice i.e. less than seven days prior to the meeting or placed at the meetings of the Board and its Committees and consent of the Board for so circulating them was duly obtained, as required under the applicable Secretarial Standard viz. SS-1] and a system exists for seeking and obtaining further information and clarifications on the agenda items before the Meeting and for ensuring meaningful participation by the directors at the Meeting(s).

All decisions at Board Meetings and Committee Meetings held during the audit period were approved unanimously as recorded in the Minutes of the Meetings of the Board of Directors or Committee(s) of the Board, as the case may be.

We further report that there are adequate systems and processes prevalent in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that the Company is in compliance with the requirement of Structured Digital Database (SDD) pursuant to the provisions of Regulation 3(5) & 3(6) of the SEBI (Prohibition of Insider Trading) Regulations, 2015.

We further report that the Board of Directors of the Company at its meeting held on March 21, 2026, has approved the Scheme of Amalgamation between Birla Cable Limited ("Transferor Company") and the Company ("Transferee Company" or Company) and their respective shareholders and creditors (Scheme) pursuant to Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 read with the rules framed thereunder for the amalgamation of the Transferor Company into the Company w.e.f. the appointed date of April 1, 2026. Upon the Scheme becoming effective, the Transferor Company shall stand dissolved and the Transferee Company will issue and allot to the equity shareholders of the Transferor Company (other than Transferee Company), 10 equity shares of the face value of ₹ 10/- each fully paid of the Transferee Company for every 115 equity shares of the face value of ₹ 10/- each fully paid held by them in the Transferor Company. Equity Shares held by the Transferee Company in the Transferor Company and vice – versa shall stand cancelled and extinguished. The proposed Scheme is subject to necessary statutory and regulatory approvals under applicable laws, including the approval of the jurisdictional bench of the National Company Law Tribunal.

We further report that during the audit period, there were no instances of:

- (i) Public/Rights/Preferential issue of shares/debentures/sweat equity;
- (ii) Redemption/buy-back of equity shares; and
- (iii) Foreign Technical Collaboration (except the existing Foreign Technical Collaboration with HUBER+SUHNER AG, Switzerland, which continues to remain in force).

Our report of even date provided to Vindhya Telelinks Limited ("the Company") for the financial year ended March 31, 2026 is to be read along with this letter.

1. Maintenance of secretarial records is the responsibility of the management of the Company. Our responsibility is to express an opinion on the secretarial records and legal compliances based on our audit.
2. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records and records of legal compliances. The verification was done on test basis to ensure that correct facts are reflected in secretarial and other relevant records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.
3. We have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company as it is a part of financial audit as per the provisions of the Companies Act, 2013 and rules framed thereunder.
4. Wherever required, we have obtained the management representation about the compliance of laws, rules and regulations and happening of events, etc.
5. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. Our examination was limited to the verification of procedures on test-check basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

ANNEXURE-III
INFORMATION RELATING TO REMUNERATION OF DIRECTORS/KEY MANAGERIAL PERSONNEL AS REQUIRED UNDER SECTION 197(12) OF THE COMPANIES ACT, 2013 READ WITH RULE 5(1) OF THE COMPANIES (APPOINTMENT AND REMUNERATION OF MANAGERIAL PERSONNEL) RULES, 2014.

- (1) The ratio of the remuneration of each Director to the median remuneration of the employees of the Company and the percentage increase/(decrease) in remuneration of each Director, Managing Director & CEO, Chief Financial Officer and Company Secretary of the Company during the financial year 2025-26 are as under:

Sl. No.	Name of Director/KMP and Designation	Ratio of remuneration of each Director to the median remuneration of employees	Percentage% increase/(decrease) in Remuneration during the financial year 2025-26
(i)	Shri Harsh V. Lodha - Chairman Non-Executive Non-Independent Director	0.71	(83.70)
(ii)	Shri Dhan Raj Bansal Non-Executive Non-Independent Director ^(c)	0.00	N.A.
(iii)	Shri Priya Shankar Dasgupta Non-Executive Independent Director	2.69	135.00
(iv)	Smt. Rashmi Dhariwal Non-Executive Independent Director	2.78	20.16
(v)	Shri Bachh Raj Nahar Non-Executive Independent Director	2.76	7.41
(vi)	Dr. Aravind Srinivasan Non-Executive Independent Director	1.69	(31.13)
(vii)	Smt. Srishti Lodha Non-Executive Non-Independent Director ^(d)	1.79	N.A.
(viii)	Shri Yashwant Singh Lodha Managing Director & CEO	65.86	17.20
(ix)	Shri Saurabh Chhajer Chief Financial Officer	N.A.	16.06
(x)	Shri Dinesh Kapoor Company Secretary	N.A.	10.75

Note(s):

- (a) The details given hereinabove are on accrual basis. It is hereby affirmed that the remuneration paid during the year ended March 31, 2026 is as per the Remuneration Policy of the Company.
- (b) The remuneration paid/payable to Non-Executive Directors comprises of (i) Sitting Fees for attending meeting(s) of the Board of Directors or any Committee thereof during the financial year 2025-26; and (ii) Remuneration/compensation by way of profit related commission for the financial year 2025-26, payable to each of the Non-Executive Directors including Independent Directors.
- (c) Shri Dhan Raj Bansal ceased to be a Non-Executive Non-Independent Director of the Company due to retirement by rotation at the conclusion of the Annual General Meeting held on September 12, 2025 who did not seek re-appointment and as such the percentage increase/decrease in remuneration as compared to previous year remuneration is not stated.
- (d) Smt. Srishti Lodha was appointed as a Non-Executive Non-Independent Director of the Company with effect from May 22, 2025 and as such the percentage increase/decrease in remuneration as compared to previous year remuneration is not stated.
- (e) "Median" means the numerical value separating the higher half of employees of the Company from the lower half and the median of a finite list of number may be found by arranging all the observations from lowest value to highest value and picking the middle one.
- (2) The percentage increase in the median remuneration of employees during the financial year 2025-26 was 11.70% as compared to the previous year.
- (3) There were 391 permanent employees/workers on the rolls of the Company as on March 31, 2026.

- (4) Average increase in the remuneration of employees other than the managerial personnel in the financial year 2025-26 was 10.21%, whereas the increase in the managerial remuneration for the same financial year was 17.20%. The increase in the remuneration of employees (other than workers) was in accordance with annual increment policy of the Company effective from July 1, each year including performance linked incentive being variable component in respect of select employees of the Company. The remuneration strategy is driven primarily by goals of aligning compensation with productivity and performance with the underlying objectives of nurturing and retaining top industry talent in the disruptive market place. The increase in the wages of workers is governed by Wage Agreement and Variable Dearness Allowance payable in terms of the notification(s) issued by the state government from time to time. Remuneration of managerial personnel is adjusted periodically against the industry benchmark besides overall key indicators of financial performance of the Company.
- (5) There had been no exceptional circumstances for increase in the managerial remuneration during the financial year 2025-26.

DISCLOSURE OF CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO AS PER SECTION 134(3)(m) OF THE COMPANIES ACT, 2013 AND RULE 8(3) OF THE COMPANIES (ACCOUNTS) RULES, 2014.**(A) CONSERVATION OF ENERGY:**

The Company has made good strides in energy efficiency and conservation during the last few years applying strategic and thoughtful approach of enhancing energy efficiency through preservation of national resources and minimizing waste and overuse of the same. The Company continues to lay its thrust on combination of energy conservation and transition technologies by adopting energy efficient technologies and practices for ensuring sustainable growth through responsible consumption and behavioural changes. In order to achieve the objective, the Company has taken a clarion call of striking the right balance between the green energy supplies and lowering energy demand through energy efficient cultural change. The identified material and key initiatives taken for conservation of energy during the financial year 2025-26 were:

(i) The material steps taken or impact on conservation of energy:

- A temperature controller and sensor were installed to regulate the cooling tower fan operation based on the desired water temperature, improving cooling efficiency and reducing unnecessary power consumption.
- Continuous load optimization and periodic revision of contract demand were implemented based on actual capacity utilization, supported by regular real time load monitoring.
- Old DC motors and DC drives in quadding lines were replaced with energy-efficient IE3 motors equipped with Variable Frequency Drives (VFDs), resulting in substantial power savings and improved process control.
- Two transformers are switched off during daytime hours when solar rooftop generation is available, thereby minimizing transformer core and copper losses.
- Real-time energy monitoring is carried out using a centralized Energy Management System (EMS) to ensure optimal, productive, and data-driven use of electrical energy across all major loads and processes.
- The old low-efficiency air compressor was replaced with a high energy-efficient air compressor, significantly reducing specific power consumption (kW/CFM).
- Two old aluminium Rod Break Down machines were decommissioned by installing one high-efficiency aluminium Rod Break Down machine, achieving better production output with lower energy consumption.
- The steam generator used for annealing in Copper Rod Break Down was removed and replaced with a nitrogen gas based system, eliminating steam generation losses and improving process efficiency.
- Heat loss at the extruder head was minimized by providing a properly designed heat insulation cover.
- Hot water recovered from the extrusion line feed zone is utilized to top up the hot water tank, reducing additional thermal energy requirements.
- Daylight harvesting was implemented in the solar plant to maximize utilization of natural daylight and reduce auxiliary electrical load.
- Low-efficiency pump sets were removed and replaced with high efficiency pump systems to reduce electrical losses and improve hydraulic efficiency.
- RBD machines are preferentially operated during daytime, enabling optimization of contract demand and achieving a 20% rebate on grid electricity consumption.

(ii) The steps taken by the Company for utilizing alternate sources of energy:

- In addition to the contributions from ongoing energy conservation measures, the Company is actively harnessing and utilizing renewable energy to lower its carbon footprint and minimize environmental impact by reducing reliance on conventional energy sources, thereby optimizing overall energy usage. The rooftop solar photovoltaic (Solar PV) plant installed by the Company, with a capacity of 2.0 MW, serves as a green and renewable energy source and operated satisfactorily at its rated capacity during the financial year 2025–26.
- In line with the Company's proactive approach toward expanding renewable energy adoption, the Company has been drawing and utilizing power generated from a 1.5 MW wind-solar hybrid power plant located at Ratlam, Madhya Pradesh. This arrangement has been operational since Financial Year 2024–25 under a Power Purchase Agreement (PPA) through Open Access, wherein the Company participates as a captive user under the Intrastate Group Captive scheme.

(iii) The capital investment on energy conservation equipments:

Capital expenditure incurred on energy conservation measures have not been accounted for separately.

(B) TECHNOLOGY ABSORPTION:

(i) Efforts Made Towards Technology Absorption:

The Company continues to strengthen and enhance its technological capabilities to address both current and future market requirements for its products and services. Through the careful selection of advanced engineering practices and innovative technologies, the Company aims to remain ahead of industry trends. This strategic approach enables the development of cutting-edge solutions that are strategically preserved for integration into future products, ensuring sustained competitiveness and alignment with evolving customer expectations. In this pursuit, the Company has:

- Proactively embraced strategic adjacencies to its core business, products, and services through continuous and incremental innovation;
- Transformed product development processes, accelerated new product launches, and improved operational throughput in line with evolving industry standards, particularly within the wire and cable industry;
- Achieved global benchmarks of excellence through value engineering by adopting innovative raw materials, alternative resources, and mechanized execution of projects;
- Continued efforts towards redefining the marketplace through disruptive innovation and a diversified product portfolio; and
- Made strategic investments in workforce capabilities and process improvements, fostering a culture of innovation across manufacturing, packaging, product promotion, and customer service functions.

(ii) Benefits Derived from Technology Absorption:

The Company's focused efforts towards technology development and absorption have resulted in the effective identification and fulfilment of customer requirements across the entire product lifecycle-from concept and design to delivery-supported by advanced design methodologies and state of the art manufacturing facilities. These initiatives have facilitated the introduction of new and improved products, along with the following benefits:

- Adoption of flexible, agile, and eco-friendly manufacturing practices, leading to optimized uptime, efficient scheduling, enhanced productivity, cost reduction, consistent quality, reduced wastage, and import substitution, while keeping pace with rapidly changing market demands;
- Expansion of the product range to address emerging market opportunities through the adoption of contemporary manufacturing technologies;
- Development of products catering to newer applications through modifications in manufacturing processes, resulting in a significantly broader and more versatile product portfolio;
- Delivery of differentiated products, enhanced service quality, and improved customer satisfaction;
- Strengthened sustainability initiatives through reduced environmental impact, conservation of resources, and promotion of inclusivity via continuous skilling, reskilling, and upskilling of the workforce; and
- Increased share of green energy consumption and improved overall energy efficiency across operations.

(iii) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year):

(a) The details of technology imported: The Company had entered into a Radox® Technology Cooperation Agreement with HUBER+SUHNER AG, Switzerland ("H+S") for manufacturing of H+S RADOX® products for Rolling stock cable applications in Railway sector by using technical know-how and assistance of H+S.

(b) The year of import: Financial Year 2022-23 valid until May 2028.

(c) Whether the technology been fully absorbed: Not Yet

(d) If not fully absorbed, areas where absorption has not taken place, and the reasons thereof: The imported technology is being gradually absorbed with emerging opportunities for Rolling stock cables in the Railway sector.

(iv) The expenditure incurred on Research and Development:

Research and Development expenditure has not been accounted for separately.

(C) FOREIGN EXCHANGE EARNINGS AND OUTGO:

During the year, the foreign exchange outgo in terms of actual outflows was ₹ 9386.03 lakhs while foreign exchange earned in terms of actual inflows was ₹ 5376.22 lakhs. The Company continues to make concerted efforts to boost export turnover as a strategy in the new geopolitical scenario.

MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE AND DEVELOPMENTS

The Company is primarily engaged in the business of manufacturing and sale of a wide range of Telecommunication Cables including Optical Fibre Cables (OFC), PIJF Cables for diverse applications, Railway Signalling and Quad Cables, Railway Rolling Stock Cables, Solar PV Cables, Ship Wiring Cables, EV Charging Cables, specialty Wires & Cables, FRP Rods/Glass Rovings, Connectorized Cable Products and other allied products (classified as Cable Segment) as well as Engineering, Procurement and Construction (EPC) activities (classified as EPC Segment). The EPC business focuses on the Company's established expertise in designing, executing and commissioning projects in the areas of telecommunication infrastructure, broadband and digital connectivity networks, water and irrigation infrastructure, power distribution systems, solar energy projects and other infrastructure development activities. The Company has also developed extensive long-distance passive optical fibre cable networks under the Infrastructure Provider Category-I License across 23 (Twenty-Three) States in India, strengthening its presence in the country's rapidly evolving digital infrastructure ecosystem.

The outlook for the optical fibre cable industry looks promising in the near future because it is witnessing strong momentum across data centres, mobile networks, fixed wireless access, and fixed broadband access as data consumption continues to grow globally. The surging data growth and emerging use cases will drive substantial investment in network expansion and upgrades. Looking ahead the industry will be increasingly defined by Artificial Intelligence (AI) driven networks automation and expansion of AI Data Centres alongside transport infrastructure to support cloud and edge workloads. Globally, the AI related infrastructure investment is projected to exceed \$ 3 trillion over the next five years according to Moody's Ratings as developers pour eye watering sums into data centres. The surge in spending has triggered a shortage of special optical fibre, a critical ecosystem in advanced AI computing connectivity resulting in steep increase in prices. AI infrastructure projects are, therefore, expected to drive fibre deployment over the next few years, and the optical fibre cable industry value pool is increasingly shifting towards high density connectivity solutions. Additionally, optical fibre cables are now also being widely used in industry as a continuous sensor capable of monitoring conditions in real time. The fixed broadband also represents long term digital formation in order to achieve rebalancing of infrastructure priorities. This calls for expansion of fibre-to-the-home and fibre-to-enterprise networks, increasing fiberisation of mobile towers, strengthening public wi-fi ecosystem, enabling infrastructure sharing to reduce deployment costs, and integrating satellite broadband to improve connectivity in remote areas. The economics is compelling as optical fibre networks involve higher initial capital investment but offer for lower marginal cost per gigabyte over time besides less energy consumption per unit of data transmitted than mobile networks and possesses enormous bandwidth capacity, making them durable infrastructure for decades. Despite strong structural demand drivers, the industry continues to face challenges from global economic uncertainty, cyclical pressures in optical fibre and optical fibre cables markets, and rapid technological changes. The industry is witnessing a transition towards advanced fibre solutions indicating future high-capacity low-latency application.

As India accelerates its journey towards achieving its Viksit Bharat 2047 vision, digital infrastructure will play an increasingly foundational role in driving economic growth, innovation inclusion and global competitiveness. The next phase of digitalization will require networks that are not only faster but also programmable, resilient, secure and intelligent. The next generation networks will utilise technologies like 6G, satellite terrestrial hybrid connectivity, cloud native core network and ultra-high-capacity optical fibre. Artificial Intelligence is triggering a fresh investment boom in India's data centre sector with operators and investors rapidly scaling up capacity plans to meet surging global demand for AI computing infrastructure. Global spending on AI is moving into a new phase, with investments increasingly shifting towards the infrastructure needed to support AI systems. AI infrastructure is, therefore, expected to account for the largest share of the growth. In line with global expansion of data centres, as per an industry estimate, India's operational data centre capacity could rise to nearly 9 GW by 2030 from around 1.5 to 1.7 GW in 2025, up sharply from 375 MW in 2020, if current expansion plans materialise. Policy support and data localisation are further strengthening the investment case. Data localisation creates a structural non-negotiable floor for domestic demand. The Government's decision to grant infrastructure states to Data Centres has improved financing access, while states are increasingly competing to attract investments through incentives, land allocation and lower power tariffs. Simultaneously, the ongoing evolution of 5G networks is expected to materially increase fibre intensity across telecom infrastructure. As 5G networks scale and account for a rising share of data traffic, the need for dense fibre backhaul and deeper network architectures becomes non-negotiable. This creates a steady, multiyear demand for optical fibre cables as the telecom operators continue to align their network strategies around fibre centric architectures, reinforcing its role as foundational layer for digital ecosystems spanning mobility, broadband, cloud and AI-led workloads. Taken together, the convergence of hyperscale-driven data demand, large scale broadband rollouts, and 5G densification is driving the demand for optical fibre cables. Accordingly, the demand for optical fibre connectivity is structurally increasing as higher computing power and bandwidth requirements make optical fibre-based infrastructure critical.

The Government of India's continued thrust on "Digital India", BharatNet, smart infrastructure development and indigenous telecom manufacturing has further strengthened the long-term growth prospects of optical fibre/optical fibre cable industry. The Government's policy initiatives aimed at improving digital inclusion, promoting local manufacturing, enhancing cybersecurity and expanding telecom infrastructure are expected to create significant opportunities for the Company's products and services. Further, the

increasing focus on network resilience, digital connectivity infrastructure in residential and commercial buildings and large-scale fibre deployment for 5G and future technologies are likely to accelerate demand for optical fibre cables and allied telecom products in the coming years.

The renewable energy sector in India continues to offer significant growth opportunities with the Government maintaining strong focus on increasing non-fossil fuel energy capacity and promoting sustainable infrastructure development. As the third largest solar energy producer, India's capacity has grown rapidly, led by utility scale and rooftop segments. India's rising energy needs are set to be fulfilled by solar energy. The National Electricity Plan (NEP) envisages non-fossil capacity of over 650 GW by financial year 2032, primarily driven by new solar capacity. The solar industry and its ancillaries, therefore, are projected to undergo exponential growth to ₹ 4.50 lakh crore of total addressable market by financial year 2035. These ambitious solar power generation targets are expected to drive higher demand for specialized Solar PV Cables and associated infrastructure products. The Company, with its Electron Beam Irradiation technology capabilities, remains well-positioned to cater to the increasing domestic and international demand for Solar PV Cables, EV cables, battery cables, railway cables, ship building wires & cables and other specialized high-performance cable solutions. The Company's ongoing capacity enhancement initiatives, including the expansion of E-beam irradiation facilities, are expected to further strengthen its manufacturing capabilities and market reach in high-growth segments.

The railways sector also continues to provide promising opportunities supported by the Government's sustained investments in railway modernization, electrification, signalling systems, metro rail projects, dedicated freight corridors and expansion of railway networks across the country. With its established presence in Railway Signalling Cables, Quad Cables, Rolling Stock Cables and specialized railway cable products, the Company is well-positioned to benefit from the growing infrastructure investments in this sector. With strong industry fundamentals, growing infrastructure investments and increasing demand for digital connectivity and renewable energy solutions, the cable business segment remains optimistic about the long-term growth prospects with continuous expansion in its products range.

The Company's infrastructure and construction business (EPC Division) continued to navigate a complex yet opportunity-rich competitive environment during FY 2025–26, shaped by evolving geopolitical developments, changing trade dynamics, supply chain realignments, energy transition initiatives, and rapid technological advancement. Several structural trends continued to redefine the EPC and infrastructure landscape during the year. Volatility in key raw materials such as steel, cement, copper, aluminium and petroleum derivatives continued to exert pressure on project costs, bid competitiveness and working capital cycles for contractors executing large infrastructure projects, particularly amidst moderation in government expenditure during certain periods of the financial year. At the same time, tighter execution timelines, rising compliance requirements, skilled manpower constraints and increased focus on quality assurance and sustainability added further operational challenges across the sector.

Despite constraints, India's infrastructure ecosystem is undergoing a transformational phase, supported by strong policy reforms, sustained public investment, increasing private participation and integrated end-to-end execution models. Infrastructure development continues to remain central to India's long-term economic growth strategy and its aspiration to become a global manufacturing and economic powerhouse. The Government of India has continued to prioritize investments across water management, digital connectivity, renewable energy, urban infrastructure and power distribution under various flagship programmes and national infrastructure initiatives.

The Jal Jeevan Mission (JJM) continues to remain one of the Government's most significant rural infrastructure programmes aimed at providing functional household tap water connections across rural India. While substantial progress has already been achieved under the scheme, the focus is now shifting towards completion of balance works, quality enhancement, sustainability of water supply systems, automation, monitoring infrastructure and strengthening village-level distribution networks. Increased emphasis is also being placed on long-term operation and maintenance (O&M) of water supply assets, integrated water management systems and smart metering solutions. These developments are expected to create continuing opportunities for EPC companies having execution capabilities in water infrastructure, pipeline networks, pumping systems and associated electrical and automation works.

Similarly, the Revamped Distribution Sector Scheme (RDSS) continues to drive large-scale modernization and strengthening of India's power distribution infrastructure. The scheme is focused on reducing Aggregate Technical & Commercial (AT&C) losses, improving operational efficiencies of DISCOMs, upgrading sub-transmission and distribution networks, deployment of smart prepaid meters, feeder segregation, system automation and integration of digital energy management technologies. Increasing investments in underground cabling, high voltage distribution systems, renewable energy integration and grid modernization are generating significant opportunities for EPC players engaged in power distribution and infrastructure development activities. The Company expects sustained order inflows in this segment as utilities continue to accelerate implementation activities under RDSS and related state-level power infrastructure programmes.

Government initiatives such as BharatNet, Digital India and increasing localisation of telecom infrastructure manufacturing are further supporting long-term growth in this segment. The growing convergence of telecom, cloud computing, AI-driven applications, IoT and smart infrastructure is expected to significantly increase demand for passive telecom network development and associated EPC services in the coming years.

In addition, the Government's continued thrust on renewable energy, railway modernization, urban infrastructure, industrial corridors and smart city projects is expected to sustain long-term capital expenditure across core infrastructure sectors. Enhanced budgetary allocations under the National Infrastructure Pipeline (NIP), PM Gati Shakti programme and state-level infrastructure initiatives continue to improve project visibility and execution opportunities for infrastructure companies with diversified capabilities and strong project execution track records.

The Company, with its established presence in telecom infrastructure, water supply projects, power distribution works and integrated EPC solutions, remains well-positioned to capitalize on these emerging opportunities. The Company continues to focus on strengthening execution efficiency, improving project management systems, maintaining financial discipline, expanding technical capabilities and pursuing selective opportunities across high-growth infrastructure segments. With increasing emphasis on digital infrastructure, sustainable development and nationwide connectivity enhancement, the Company expects the infrastructure and EPC business environment to remain favourable over the medium to long term.

There is no other material change in the industry structure as was reported last year.

BUSINESS REVIEW AND OUTLOOK

With increasing demand for high-capacity digital connectivity driven by 5G expansion, AI workloads, AI hyperscale data centres buildouts, cloud adoption and fibre densification, the Company believes its existing optical fibre cable infrastructure platform particularly high fibre count and high-performance optical fibre cables places it in a strategically advantageous position to participate in the evolving digital infrastructure ecosystem. The Company is also gradually unlocking investment specifically for high fibre count optical fibre cables capacity to meet the demand growth. Alongside telecom infrastructure, the Company continues to strengthen its presence in high-growth specialty cable segments including Solar PV cables, Railway signalling and rolling stock cables, E-beam irradiated cables, industrial cables and other specialised connectivity solutions to retain its market value. Increasing investments in renewable energy, railway modernisation, electric mobility, industrial automation and power infrastructure are expected to support future growth opportunities across these segments.

The Government of India has extended Jal Jeevan Mission (JJM) till 2028 with an enhanced total outlay of approximately ₹ 8.69 lakh crore, including Central assistance of ₹ 3.59 lakh crore, as against ₹ 2.08 lakh crore approved at the time of launch in 2019-20. In addition, the Union Budget 2026 continued its strong focus on infrastructure development, with overall infrastructure capital expenditure reportedly increasing to approximately ₹ 12.21 lakh crore. Similarly, India's clean energy transition and electrification goals are accelerating investments in power transmission and distribution infrastructure. Government initiatives such as the Green Energy Corridor (GEC) and Revamped Distribution Sector Scheme (RDSS) are driving modernization of transmission networks, grid strengthening, renewable energy integration, smart metering, and reduction in distribution losses. These initiatives are expected to significantly enhance the resilience, efficiency, and sustainability of India's power infrastructure ecosystem. Irrigation infrastructure also continues to play a critical role in supporting India's agricultural productivity and rural livelihoods. Government programs such as the Pradhan Mantri Krishi Sinchayee Yojana (PMKSY), along with NABARD-supported irrigation and command area development projects, are focused on improving irrigation coverage, enhancing water-use efficiency, and strengthening climate resilience within the agriculture sector.

These developments have also significantly enhanced the role of integrated infrastructure companies capable of delivering end-to-end solutions across design, engineering, procurement, execution, operations, and maintenance. Operational scale, digital readiness, execution capability, technological integration, and financial resilience are emerging as key differentiators in securing and executing complex infrastructure mandates.

Against this strong macroeconomic and policy backdrop, the Company's EPC business remains well positioned to benefit from India's continuing infrastructure expansion cycle. With a healthy order book, diversified presence across key infrastructure verticals, integrated execution capabilities, and strong domain expertise, the Company is strategically positioned to participate in large-scale infrastructure development programs across water, electrical transmission and distribution, irrigation, transportation, buildings, and urban infrastructure sectors.

In parallel, the rapid rise in demand for high-capacity digital connectivity-driven by advances in artificial intelligence (AI), cloud adoption, hyperscale data centres, and digital transformation is creating significant opportunities within the digital infrastructure ecosystem. The increasing reliance on data-intensive applications and AI-driven workloads is driving strong demand for scalable and high-performance fibre networks globally. Against this evolving landscape, the Company believes that it is well positioned to leverage its IP-1 category passive optical fibre network infrastructure as a strategic asset. The Company is actively evaluating strategic opportunities to unlock long-term value from its fibre network assets.

The Company remains focused on operational excellence, prudent capital allocation, technology adoption, sustainability-led execution, and long-term value creation, while strengthening its position as a trusted infrastructure development partner in India's evolving growth journey.

SEGMENT-WISE PERFORMANCE

Sale of Products (Cables, etc.)

During the year under review, the Company's Revenue from Operations of Cable business segment on account of sale of products comprising of telecommunication cables, solar cable, other wires and specialty cables, FRP Rod/Glass Rovings and traded goods, etc. increased from ₹ 79221.67 lakhs in the previous year to ₹ 88410.05 lakhs. Your Company continued focus on specialty optical fibre cables and solar cables has provided strong momentum in revenue.

Sale of Services (EPC Contracting/Turnkey Services)

The Company's Revenue from Operations during the year under report in the EPC business segment decreased to ₹ 270851.23 lakhs as compared to ₹ 330486.50 lakhs in the corresponding previous year. The decline in revenue is on account of slowdown in Government capital expenditure in Jal Jeevan Mission Water Project(s).

Existing EPC business segment, interalia, encompasses telecom network rollouts with IP-1 and other EPC projects in irrigation, sewerage, water supply infrastructure, power distribution and substation, solar power plant, system integration, etc. The EPC business segment of your Company has also bagged order under power substation area in the state of Delhi.

Your Company is aligned with Government policies to seize opportunities in the relevant areas to focus on calibrated diversification in order to continue the growth trajectory. The EPC Business Segment is looking to increasing the order book in the water, telecom, irrigation, energy and other infrastructure sectors of interest by participating in selective tenders to maintain a healthy bottom line. Company's IP-1 performance during the year was muted due to temporary slowdown in capital expenditure by the telecom service providers.

OVERALL REVIEW

During the year under review, the Company has consolidated its overall position in both the business segments.

FINANCIAL REVIEW OF STANDALONE PERFORMANCE

- The Revenue from Operations stood at ₹ 356628.58 lakhs during the year 2025-26 as compared to ₹ 405383.41 lakhs during the year 2024-25.
- The aggregate other income during the year 2025-26 increased to ₹ 1904.42 lakhs as against ₹ 1820.95 lakhs in the previous year.
- The Company achieved Earning Before Interest, Depreciation/Amortisation and Tax (EBITDA) of ₹ 22411.89 lakhs during the year 2025-26 as compared to ₹ 26775.12 lakhs in previous year. Profit before depreciation and tax during the year 2025-26 stood at ₹ 8921.35 lakhs as against ₹ 17538.62 lakhs in the previous year.
- The finance costs has increased to ₹ 14819.15 lakhs (previous year ₹ 10178.08 lakhs) primarily due to increase in borrowings to cater the increased working capital requirements.
- There was no change in the capital structure during the year. The Other Equity of the Company stood at ₹ 138912.41 lakhs during the year under review as compared to ₹ 136679.04 lakhs in the previous year.
- The addition to the fixed assets of ₹ 5124.22 lakhs during the year is mainly for capacity augmentation of Solar PV Cables and other specialty cable infrastructure at its manufacturing facilities at Rewa (M.P.).
- The inventories increased marginally to ₹ 124832.32 lakhs as on March 31, 2026 from ₹ 122072.80 lakhs as at the end of the previous year.
- The trade receivables stood at ₹ 216389.91 lakhs as on March 31, 2026 as compared to ₹ 170591.50 lakhs as on March 31, 2025 which is primarily attributable to increase in receivables pertaining to UP-JJM project due to cut in budgetary allocation for Jal Jeevan Mission project during the financial year 2025-26.

Ratios	2025-26	2024-25	Variation	Reasons for Change
Interest Coverage Ratio (in times)	1.51	2.65	-43.08%	Decrease in interest coverage ratio is due to downfall in profitability and increase in Interest Cost.
Debtors Turnover Ratio (in times)	1.64	2.63	-37.37%	Decrease in Debtors Turnover Ratio is due to decrease in the Revenue and increase in Trade Receivables mainly Receivables from projects under UP-JJM Scheme.
Return on Equity (in %)	3.95	9.10	-56.62%	Return on equity ratio is declined due to fall in profitability of EPC business segment in the current financial year.
Net Profit Margin Ratio (in %)	1.48	2.85	-48.04%	Decline in the Net Profit Margin Ratio is due to fall in the profitability of EPC business segment.

OPPORTUNITIES, THREATS & BUSINESS OUTLOOK

- There are many state driven projects to be announced under this BhartNet Phase III which offer good opportunity for your Company with its robust supplies and services portfolio and past credentials of successfully executing large ticket projects.
- Data Centre expansion across the major geographies including India may also provide measurable growth opportunities for cable business of your Company.
- The much expected, fiberisation projects to take the levels upto 70-80% which is the backbone for 5G mobile communication network, may bring in good business opportunities for the Company.
- Fibre-To-The-Home (FTTH) projects which are on the anvil, are also expected to give good business volume for some of the innovative products and solutions already developed and established by the Company.
- Constant product innovation coupled with world class and competitive solutions may generate good demand for Company's products in solutions in global market thereby derisking its business model by reducing reliance on domestic market.
- The core sectors of the economy such as Railways, Defence, Renewables and Energy Transmission & Distribution will continue to grow strongly. Additionally, the new energy theme remains promising and is likely to maintain its positive trajectory which may provide opportunities for revenue growth for products of the Company.

Opportunities:

- Data Centre Expansion:** The rapid expansion of data centres across India and globally is expected to create substantial growth opportunities for Optical Fibre Cable (OFC) manufacturers. Increasing adoption of cloud computing, Artificial Intelligence (AI), Internet of Things (IoT), digital payments, OTT platforms and data localisation requirements is driving significant investments in hyperscale and edge data centre infrastructure. These facilities require high-capacity, low-latency and reliable fibre connectivity for seamless data transmission, interconnectivity and network redundancy. India is emerging as a preferred destination for data centre investments due to strong digital consumption growth, supportive government policies, increasing internet penetration and availability of scalable digital infrastructure. The ongoing rollout

of 5G services, rising enterprise digitisation and growing demand for high-speed broadband connectivity are further accelerating fibre deployment requirements. As a result, demand for optical fibre cables for backbone networks, intra-data centre connectivity, fibre-to-the-tower (FTTT) and last-mile digital infrastructure is expected to witness sustained growth in the coming years, thereby creating significant business opportunities for the Company.

- **Power Distribution:** Government initiatives like the Revamped Distribution Sector Scheme (RDSS) and the push for Advanced Metering Infrastructure (AMI) and Smart Grids are creating significant EPC opportunities in power distribution.
- **Water & Irrigation:** Continued expansion of rural water supply projects under the Jal Jeevan Mission (JJM), coupled with government-backed irrigation schemes, presents tremendous EPC growth potential. Rising demand for Sewage Treatment Plants (STPs) and Water Treatment Plants (WTPs) further expands opportunities.
- **Telecom:** Ongoing 5G infrastructure deployment is expanding EPC opportunities in fiber laying and network deployment. Increased broadband connectivity in rural areas, driven by the BharatNet project, and private telecom investments support growth in the Cable and EPC segments. Fibre-To-The-Home (FTTH) projects which are on the anvil, are also expected to give good business volume for some of the innovative products and solutions already developed and established by the Company.

Threats:

- **Cost & Execution Risks:** Fluctuations in raw material prices due to ongoing west Asia disturbances pose risk of abnormal increase in costs of the EPC projects. Execution delays due to land acquisition, Right of Way (ROW) constraints, and local clearances impact project timelines. Further, weaker than expected government capex trends and thrust on key policy areas on fiscal constraints may adversely impact timely realisation of receivables, execution and working capital trends.
- **Market Competition:** The entry of large, well-capitalized players and aggressive bidding practices may create pricing pressure, impacting profitability.
- **Human Capital Risk:** Workforce planning, talent retention, succession planning, and skill gaps pose risks to the Company's long-term success.

Business Outlook (FY 2026–27)

- The Cable Division of the Company continues to lay focus on operational efficiency, product quality, technology upgradation, cost optimization and strengthening customer relationships across domestic as well as international markets, besides strong emphasis on expanding exports, enhancing manufacturing capabilities and developing value-added products to improve competitiveness and profitability.
- The outlook for the OFC segment, therefore, remains positive driven by significant investments in hyperscale and edge data centres, cloud infrastructure and AI-led digital ecosystems are expected to significantly increase demand for high-capacity optical fibre networks and connectivity solutions. The global Optical Fibre Cables (OFC) market has firmly exited its historical cyclicity and entered a long structural super-cycle driven by an unprecedented physical infrastructure demand for convergence of AI hyperscale data centre build-outs, expansion of regional and long-haul networks to support data centre interconnect requirements, robust government broadband stimulus, and emerging application in moder warfare and defence procurement, etc. While demand growth is central to the current momentum, supply constraints are increasingly shaping market outcomes. Traditionally, optical fibre cable demand was driven by telecom capex cycles, long haul networks, FTTH deployment, 5G backhaul but the ongoing cycle is different considering the demand source is global rather than regional. AI data centres and military drones are introducing structural new demand sources that did not exist in any prior cycle, and preform supply is genuinely constrained for the first time since 2018 with very limited room for near term capacity relief. The recent substantial spike in the price(s) of bare optical fibre of different grades is symptomatic of a fundamental shift in market dynamics on a confluence of factors. The rising preform costs have fed directly into higher optical fibre prices as a result there has been a sharp move in bare fibre prices and consequently prices optical fibre cables. AI data centres and FPV drones primarily use G657 A2 grade fibres, which are much higher value and technically advanced and manufacturers are shifting capacity to capture this market, further squeezing prices for standard fibre.
- While telecom carriers have historically been the dominant source of demand for OFC, the emerging applications are quickly capturing a larger market share as a result the global demand of bare fibre has fundamentally outstripped supply capacity. The Company is relatively insulated to a significant extent from the bare fibre supply side risk, keeping in view a long-term agreement for uninterrupted supply of optical fibre to a significant extent. Further, a significant long term growth driver is the conversion of traditional copper connections to optical fibre due to lower power consumption, higher bandwidth and better scalability for AI workloads which creates a new market opportunity beyond current optical fibre share. These developments unlock strategic business opportunities for cable segment business of the Company in the

wake of confluence of western demand, aversion of the high growth-oriented markets to Chinese supply chains, the aggressive densification of networks by Europe under gigabit connectivity mandates which require highly specialized, extreme density OFC for value maximization alongside growing demand in domestic market. In order to seize the emerging growth opportunities in the ongoing wave of AI physical infrastructure, the cable business segment is gradually expanding its manufacturing capacity of high fibre count ribbon optical fibre cable and other advanced specialty optical fibre cable products with increased capital outlay in order to enhance competitive positioning in these high growth segments for achieving sustainable growth in revenue and improved profitability in coming period.

- The renewable energy sector continues to provide strong growth opportunities supported by the Government's focus on achieving higher renewable energy capacity and expansion of solar power projects across the country. Increasing investments in utility-scale solar parks, rooftop solar installations and green energy infrastructure are expected to drive demand for high-quality Solar PV Cables and other specialized cables. The Company remains well-positioned to capitalize on these opportunities with its advanced E-beam irradiation technology and diversified product portfolio. The railway sector is expected to witness continued growth driven by ongoing investments in railway modernization, electrification, signalling systems, metro rail projects and dedicated freight corridors. Increasing deployment of advanced railway infrastructure is expected to generate healthy demand for Railway Signalling Cables, Quad Cables, Rolling Stock Cables and other specialized railway cable and conductors products, thereby offering growth opportunities for the Company in foreseeable future.
- The Company is well-positioned to capitalize on the continued infrastructure push by both central and state governments across the power, water, and telecom sectors. A strong order book pipeline, supported by key government schemes like RDSS, JJM and other Water/ Irrigation Projects, is expected to drive top-line growth. Although execution of awarded EPC projects to the Company were impacted during the financial year 2025-26 due to delays in fund releases under key government infrastructure programs, particularly UP-Jal Jeevan Mission, leading to elevated working capital requirements and slower project monetization. The collections have, however, improved during the last quarter of the year under review, resulting in a reduction in receivables to ₹ 70577 lakhs as of March 31, 2026, from ₹ 95616 lakhs as of December 31, 2025. The FY 2025-26 annual central allocation for JJM was initially budgeted at ₹ 67000 crores, later revised down to ₹ 17000 crores due to audit and procedural delays. It has now been restored to ₹ 67670 crores following the Cabinet's approval to extend the scheme which may expedite the liquidation of outstanding dues. The Company remains actively engaged with both central and state authorities to expedite pending payments and expects a meaningful recovery of substantial outstanding dues by end of Calendar year. The EPC business segment is sharply focused on execution ramp-up, disciplined cost management, and improving cash cycles.
- Going forward, the focus will remain on Improving profit margins through careful project selection, cost optimization, and risk mitigation, Expanding the EPC + O&M (Operations & Maintenance) model to create long-term value and investing in automation, GIS mapping, and digital tools to enhance execution efficiency and monitoring, particularly in power distribution and water infrastructure.
- Additionally, in an increasingly uncertain and volatile global environment, ESG (Environmental, Social, and Governance) principles are becoming critical for long-term resilience. The Company has initiated the integration of ESG considerations across all business functions, thereby mitigating risks arising from both domestic and international factors and ensuring responsible and sustainable growth.

RISKS AND CONCERNS

Risk management is a critical business driver that is integrated into all activities. The Company has a well-defined enterprise risk management strategy and has implemented a progressive, predictive risk identification and management program to limit risk exposure, reduce costs, and increase stakeholders value. Risk management is also reviewed and recalibrated from time to time to align with the operational, legal, and financial goals and ensure safety, project execution, and staff satisfaction at all times of uncertainty. The risks are identified on a regular basis, across functions and business segments and the Company strives to link each risk with mitigation step to ensure business continuity. Concerted efforts are being made to improve risk management programs in both the business segments so that the greater business value can be created and corporate reputation can be protected. Risk mapping updates are made available to Audit Committee and Risk Management Committee of the Board.

Effective risk management encompasses the comprehensive identification, meticulous measurement, and strategic mitigation of potential risks. The following are key risks that may impact the Company's operational efficacy and financial performance, though this list is not exhaustive:

- Prevailing financial and liquidity conditions within the broader economy, including governmental budgetary allocations for key clients, and the Company's capacity to sustain market share amid intensifying competitive pressures.
- The interconnected nature of business processes in the digital environment is increasing the risks of cyber threats and data breach by inimical third parties, potentially disrupting Company's business operations causing financial losses or reputational damage. The Company, however, ensures safe handling of the Company's sensitive data as well as that of its Associates by implementing various controls.
- The ongoing geopolitical events and economic shifts by way of growing global protectionism, supply chain disruption and the recalibration of international alliances and the rise of economic nationalism have also created fluid situation forcing to reassess dependencies and adapt to new dynamics. As a consequence, escalating costs of raw materials and logistical operations, supply chain bottlenecks caused by geo-political developments, regional conflicts and social unrest may impact business operations.
- Unfavourable macro-economic environment, such as fluctuating interest rates, inflation and systemic financial crises scenario, could lead to a global slowdown in growth, market recessions and may affect economic stability.
- Technology disruptions and evolving AI related risks such as data privacy, algorithmic bias, IP infringement, operational disruptions and cyber security vulnerabilities amid a surge in AI adoption across the sectors.
- Intensifying competitive dynamics within the marketplace.
- Potential inability to pass through to its customers increase in cost like labour, energy, etc. could reduce future profitability.
- Evolving compliance and regulatory pressures, including modifications to tax laws.
- Potential delays in the execution of turnkey projects, leading to financial penalties and cost overruns.
- Retention of highly skilled personnel within the cable and EPC business segments.
- Environmental and occupational safety risks.
- Structural risks emanating from geo-political uncertainties, trade and supply chain disruptions, global tariff disruptions, and macroeconomic interventions by governmental policies of localisation of products and services.
- Potential business disruptions stemming from national disasters, pandemics, epidemics, supply chain vulnerabilities, and regulatory shifts imposed by governmental bodies.
- In the EPC business segment, Liquidity risk due to current slowdown in government expenditure, inflation in Raw material cost due to ongoing Geo political landscape, customary operational risks such as rights-of-way conflicts, resource availability challenges, and adherence to stipulated project completion timelines are proactively managed through diligent pre-bid planning, rigorous execution monitoring, and timely collections from clients. Risks pertaining to the financial stability of customers, suppliers/service providers are continuously assessed and mitigated.
- Furthermore, all ongoing insurable projects are comprehensively insured, and legal and contractual contingencies are rigorously evaluated at the pre-bid stage to ensure alignment with the Company's overall risk appetite.

INTERNAL CONTROL FRAMEWORK

The Company's system of financial, operational and compliance control and risk management is embedded in the business process by which the Company pursues its objectives. The Company is also required to comply with the provisions of the Companies Act, 2013 as regards to maintaining adequate internal financial controls over financial reporting. The management is committed to ensuring an effective internal control environment, commensurate with the size and complexity of the business, which provides assurance on the efficacy of the Company's operations and safety/security of its assets besides orderly and legitimate conduct of Company's business in the circumstances, which may reasonably be foreseen. The Company has a defined organization structure, authority levels, delegated powers, internal procedures/SOPs, rules and guidelines, code of conduct, etc. for conducting business transactions, ensuring reliability of financial controls and compliance with applicable laws and regulations. To manage the risks profile of the Company, proper organization structures, EHS/other compliances, whistle blower mechanism, compliance management, performance reviews are conducted at regular intervals. The Company considers governance as its core institutional value with clear protocol for communications between management and the Board of Directors with transparency.

Further, to augment the internal controls, the Company has engaged a firm of Chartered Accountants for internal auditing, who besides conducting periodic audits, independently reviews and recommend measures to further strengthen the control mechanism. The Internal Audit programs cover the entire operations of both the business segments of the Company. The Internal Auditors regularly brief the Management and the Audit Committee on their significant audit observations/findings, steps to be taken with regard to deviations, if any, and the remedial measures as required are implemented by changing processes and/or setting up additional internal controls. The Audit Committee also reviews the adequacy and effectiveness of the Company's internal control environment and monitors the implementation of audit recommendations, if any.

ENVIRONMENT & SAFETY

The Company successfully continued with the implementation of occupational health and safety, quality and environmental protection measures and these are ongoing processes at the Company's plant and facilities. Various proactive measures have also been adopted and implemented which, inter alia, include adoption of cleaner technologies wherever feasible, conservation of resources through waste reduction and training of employees with a focus on sustainable development by improving standards on occupational health & safety and environment protection. As a recognition of these objectives, the entire range of products of the Company continue to remain certified to the requirement of international standard ISO 14001:2015 (Environmental Management System) and ISO 45001:2018 (Occupational Health and Safety Management System) by the DNV GL Business Assurance India Pvt. Ltd.

INDUSTRIAL RELATIONS AND HUMAN RESOURCE DEVELOPMENT

The Company sees its relationship with its employees as critical to the future and its employee relations agenda focuses on ensuring that employees feel valued, on managing change constructively, and on creating an environment and culture within which every employee can maximize his contribution. The Company follows the core values of "be thorough on safety first and compliance" and takes great pride in being compliant to all laws and regulations governing labour and employees and continues to exercise strong governance over all established procedures and practices.

The human ingenuity has always been one of the Company's greatest assets. Accordingly, your Company believes that the competence and commitment of the people are the principle drivers of competitive advantage which enhances competitive strength by differentiating it from competitors. The Company believes in encouraging and nurturing the innovative spirit of its employees and hence put in focused efforts to create strong innovation ecosystem in the organisation aimed at customer centric products, solutions and services with an eye on powering future-facing businesses. The Company emphasizes the development of home-grown leaders by capability development, growth and professionally rewarding and enriching work experience. Employees are also competitively rewarded and recognized. The focus is therefore increasingly going to be retaining talent and try to develop human resources capable of opening up the next generation by identification of key people, knowing their aspirations, designing their growth paths and realigning responsibilities, etc. Efforts are being made to strengthen organisational culture in order to attract and retain the best talent in the industry by redefining HR policies and processes in line with contemporary market practices. The Company believes that skill development initiatives play a vital role in cultivating a competent work force capable of navigating technological challenges. Accordingly, training needs are identified in systematic manner, virtual as well as physical training programs were organized enabling the employees to grow their abilities for making the Company an enduring organisation, both economically successful and having impact on their operating environment. The Company is also gradually gearing up for new work realities to stay relevant and creating a work environment that fosters trust and empathy. The industrial relation climate of your Company continues to remain harmonious with focus on improving productivity, quality and safety. The Board records its appreciation of the dedicated and exemplary services rendered by employees and workers at all levels for safe and reliable operations throughout the year. The Company employed 2564 numbers of persons as on March 31, 2026.

CAUTIONARY STATEMENT

The Management Discussion and Analysis Report may contain certain statements that might be considered "forward looking statements". These statements are subject to certain risks and uncertainties. BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORT

[Regulation 34(2)(f) of the SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015]

The present report has been formulated in accordance with the SEBI Guidelines for Business Responsibility and Sustainability Reporting (BRSR). Its principal aim is to enhance transparency by showcasing how businesses generate value through active contributions to a sustainable economy. The report serves to emphasize our steadfast dedication to fostering sustainable development and creating enduring value for our stakeholders.

SECTION A: GENERAL DISCLOSURES

Vindhya Telelinks Limited (VTL) is a four-decade-old infrastructure and manufacturing company that has grown from its roots in Rewa, Madhya Pradesh into a nationally significant player across two complementary businesses: Cable manufacturing and EPC (Engineering, Procurement and Construction). In FY 2025-26, the Company recorded a turnover of ₹ 3,56,629 lakhs with a net worth of ₹ 1,35,564 lakhs.

The EPC segment contributes nearly 76% of this revenue, reflecting the scale at which VTL participates in India's infrastructure buildout across telecom, power, water, gas, and system integration sectors. The cable manufacturing business, contributing the remaining 24%, has earned the trust of Central and State Government departments, Railways, Telecom Operators, and Public Sector Undertakings as a reliable supplier of telecom, power, and solar PV cables. The Company also holds an IP-1 licence for establishing and expanding an optical fibre cable network across India, progressively extending its geographic coverage.

At the international level, cable products reach customers in 19 countries, with exports contributing 1.20% of total turnover. Domestically, VTL's operations span 26 states and 5 Union Territories across 21 locations, with a workforce of 2335 employees and 229 workers. At the leadership level, the Board of Directors comprises 28.57% female representation, and not a single female permanent employee left the organisation across three consecutive financial years, reflecting a work environment that retains the talent it brings in. Across all stakeholder groups communities, investors, shareholders, employees, customers, and value chain partners zero complaints were pending at the close of FY 2025-26, a reflection of the trust VTL has built through consistent and transparent engagement.

(c) Type of Customers

A brief on types of Customers	<p>The Company operates in two Business Segments, namely Cable manufacturing and EPC (Engineering, Procurement, and Construction).</p> <p>Cable Manufacturing:</p> <p>We supply high-quality Telecom and Power Cables to various customers consisting of different Government Departments and Private Sector Telecom Companies who rely on our cables for their communication infrastructure needs. We are proud to be a trusted supplier to these esteemed government organizations.</p> <p>In addition to government departments, we also cater to the requirements of the Railways. Our cables play a crucial role in ensuring efficient and reliable communication and power transmission within the vast railway network. By providing cables specifically designed for railway applications, we contribute to the smooth functioning of the transportation system.</p> <p>Telecom Operators form another significant customer segment for our Cable Business. We understand the importance of seamless connectivity in today's digital age, and we supply top-notch cables that enable telecom operators to deliver reliable voice and data services to their customers. Our cables undergo rigorous testing to meet the stringent standards set by the industry.</p> <p>Furthermore, we are actively involved in the renewable energy sector by supplying Solar PV Cables. These cables are essential components of solar power installations and enable the efficient transmission of direct current generated from solar panels. By serving the renewable energy industry, we contribute to the growth of sustainable and clean energy sources.</p> <p>Engineering, Procurement, and Construction:</p> <p>EPC (Engineering, Procurement, and Construction) Business Segment boasts an impressive customer base encompassing various sectors.</p> <p>We are proud to be associated with the Central and State Government bodies, as our Company has successfully bid for and won several contract / tenders. The trust placed in us by government organizations highlights our ability to deliver on large-scale projects and meet stringent quality standards. Through our partnership with the government, we contribute to the development and modernization of public infrastructure in the country.</p> <p>Public Sector Undertakings also form an integral part of our customer base. These organizations, which play a vital role in various sectors such as telecom, water, irrigation, power, oil and gas, system integration etc. rely on our expertise for their engineering and construction needs.</p>
--------------------------------------	---

	<p>Additionally, we serve Private Sector Corporates, catering to their diverse engineering and construction requirements. We offer customized solutions that meet the specific needs of private sector companies, enabling them to enhance their operational efficiency and achieve their project goals.</p> <p>Under the Company's IP-1 license for establishing a comprehensive optical fibre cable network, numerous telecom operators have been reliant on the network infrastructure developed by the Company. The network has been gradually expanded to encompass new geographical areas within India, thereby extending its coverage.</p>

26. Overview of the entity's material responsible business conduct issues:

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications:

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1.	Footprint of operations	Risk & Opportunity	<p>RISK Although the Company's operational footprint is relatively limited, it still presents environmental risks that may affect local ecosystems and nearby communities. These include potential impacts on biodiversity, air emissions, water discharge, natural resource depletion, and waste generation. Effectively managing these risks is essential to prevent legal challenges and protect the Company's reputation.</p> <p>OPPORTUNITY At the same time, the Company has significant opportunities to turn these challenges into strengths by adopting sustainable construction methods, performing thorough environmental impact assessments, actively involving stakeholders, and investing in research and innovation. Proactively pursuing these measures can help the Company reduce its environmental footprint, ensure regulatory compliance, and establish itself as a responsible and sustainability-driven industry leader.</p>	<p>The Company is actively mitigating the risk associated with footprints of operations by:</p> <ul style="list-style-type: none"> • Implementing robust environmental management systems; • Conducting regular assessments; and • Adopting sustainable practices through responsible resource consumption, waste reduction initiatives, and stakeholder engagement. 	<p>NEGATIVE The financial implications of the identified risk include potential negative impacts such as increased costs for addressing environmental issues, potential fines or penalties for non-compliance with regulations, and potential legal expenses. These financial implications can lead to a decrease in profitability and cash flow if adequate measures are not taken to manage and mitigate environmental risks.</p> <p>POSITIVE Implementing sustainable construction practices and effectively managing environmental risks can enhance the Company's reputation and attractiveness to environmentally conscious clients and partners. This can lead to increased business opportunities, a competitive edge in obtaining new projects, and potentially higher project value. Additionally, proactive engagement with stakeholders and investment in research and innovation can drive efficiency, cost savings, and long-term financial sustainability.</p>
2.	Energy Management	Opportunity	<p>The identification of energy management as an opportunity for the Company stems from the potential benefits of enhancing overall energy efficiency, diversifying energy sources, and accessing alternative and renewable energy. By implementing energy-efficient technologies and systems, the Company can reduce costs, improve operational efficiency, and mitigate the risks associated with energy price fluctuations. Furthermore, the installation of a rooftop solar power plant demonstrates the Company's commitment to renewable energy, which not only reduces dependence on conventional sources but also aligns with sustainability goals. Embracing energy management as an opportunity can enhance competitiveness, contribute to a greener future, and strengthen the Company's environmental stewardship.</p>	-	<p>POSITIVE By enhancing overall energy efficiency, the Company can reduce energy consumption and associated costs, leading to potential cost savings and improved profitability. Diversifying energy sources and accessing alternative and renewable energy can also contribute to long-term financial sustainability by mitigating the risks of energy price fluctuations and reducing reliance on conventional energy sources. Additionally, investing in renewable energy initiatives, such as the rooftop solar power plant, may provide opportunities for incentives, subsidies, and long-term cost savings through reduced energy bills. Overall, effective energy management can positively impact the Company's financial performance and enhance its competitive position in the market.</p>

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
3.	Waste Management	Opportunity	<p>The Company views waste management as a strategic opportunity and is actively implementing responsible and sustainable practices to reduce its environmental impact. This includes minimizing waste generation at the source, promoting the reuse of materials within operations, and ensuring safe and compliant disposal through certified vendors. By emphasizing proper waste segregation, circular resource use, and regulatory compliance, the Company aims to conserve natural resources and reduce its ecological footprint. This forward-looking approach to waste management not only mitigates environmental risks but also unlocks opportunities for cost savings, improved operational efficiency, and strengthened leadership in environmental stewardship.</p>	-	<p><u>POSITIVE</u> By minimizing waste generation and promoting resource efficiency, the Company can reduce waste disposal costs, optimize material usage, and potentially generate revenue through the sale of reusable materials. Furthermore, complying with regulatory requirements mitigates the risk of fines and legal liabilities, while demonstrating a commitment to sustainable practices can enhance the Company's reputation, attract environmentally conscious clients, and contribute to long-term financial sustainability.</p>
4.	Community Development and Relations	Risk & Opportunity	<p><u>RISK</u> Community Development, including human rights and community relations, is identified as both a risk and an opportunity due to the potential social and environmental impacts of the Company's long-term construction activities. Risks may arise from community dissatisfaction, perceived neglect of local concerns, and possible legal disputes linked to adverse effects on the environment or social well-being.</p> <p><u>OPPORTUNITY</u> Conversely, this also presents a meaningful opportunity for the Company to build trust and long-term value by actively engaging with local stakeholders, addressing their needs, and embedding community priorities into project planning. Doing so can help secure a social license to operate, enhance the Company's brand image, and support long-term sustainability by fostering inclusive development and minimizing conflict.</p>	<p>The Company is dedicated to proactively addressing the risks associated with Community Development through a holistic and inclusive approach that includes:</p> <ul style="list-style-type: none"> • Driving meaningful community development initiatives that contribute to the socio-economic well-being of local populations; • Upholding and promoting human rights across all operations and ensuring ethical conduct in every community interaction; • Building and maintaining strong, transparent relationships with communities through continuous engagement, dialogue, and responsive grievance redressal mechanisms. 	<p><u>NEGATIVE</u> Negative impacts such as community dissatisfaction, legal issues, and reputational damage can result in increased costs, potential litigation expenses, and a loss of business opportunities. Additionally, addressing environmental and social impacts may require additional investments in mitigation measures, potentially impacting profitability and cash flow in the short term.</p> <p><u>POSITIVE</u> By prioritizing community engagement, respecting human rights, and obtaining a social license to operate, the Company can benefit from enhanced reputation and community support. This can lead to increased customer loyalty, attracting socially conscious investors, and opening doors to potential partnerships and business collaborations. The positive financial implications may include improved long-term profitability, access to new markets, and cost savings through streamlined operations and reduced conflicts with local communities.</p>

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
5.	Workforce Health and Safety	Risk	Workforce Health and Safety is categorized as a risk due to the high rates of injuries and fatalities commonly observed in the EPC sector, which are higher than in many other industries. Temporary workers face greater vulnerability due to limited training and experience. Inadequate management of these risks can lead to serious human harm, legal consequences, and significant financial burdens.	<p>The organization places a high priority on employee health and safety by:</p> <ul style="list-style-type: none"> • Implementing comprehensive safety procedures; • Conducting risk assessments, guaranteeing adherence to occupational health and safety laws; • Offering frequent training courses and cultivating a robust safety culture; • Consistently observing and enhancing safety procedures. 	<p>NEGATIVE</p> <p>Workplace accidents and injuries can result in increased costs, including medical expenses, compensation claims, potential legal liabilities, and regulatory fines. Additionally, such incidents can lead to project delays, increased insurance premiums, and reputational damage, impacting the Company's profitability and hindering its ability to secure future projects.</p>
6.	Materials Sourcing	Opportunity	The Company identifies Materials Sourcing as a valuable opportunity to advance its environmental and business objectives by reducing both direct and indirect greenhouse gas emissions. By partnering with suppliers that demonstrate lower carbon footprints, encouraging sustainable sourcing practices, and embedding responsible supply chain management into its core strategy, the Company can significantly strengthen its environmental credentials. This approach not only supports compliance with rising stakeholder expectations and sustainability benchmarks but also appeals to environmentally conscious customers. Moreover, it enables the Company to improve operational efficiency, contribute to broader sustainability goals, and create positive long-term financial outcomes through enhanced resilience and market competitiveness.	-	<p>POSITIVE</p> <p>By strategically selecting suppliers with lower carbon footprints and incorporating sustainable practices, the Company can potentially reduce costs associated with energy consumption, waste management, and compliance with environmental regulations. Furthermore, meeting the growing demand for sustainable products and services can open new market opportunities, attract environmentally conscious customers, and strengthen the Company's competitive position. Additionally, a positive environmental reputation can enhance brand value and customer loyalty, leading to increased sales and long-term financial sustainability.</p>

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
7.	Employee Growth, Training, and Learning & Development	Risk & Opportunity	With evolving regulatory standards, new technologies, and increasing client expectations in both EPC and telecom cable manufacturing, continuous employee upskilling is necessary to maintain competitiveness and quality. Lack of training can lead to operational inefficiencies, safety issues, and reduced innovation.	Developing structured training programs, investing in technical and soft skills, leadership development, e-learning platforms, mentorship etc.	<p>POSITIVE: A well-trained workforce improves quality, productivity, innovation, employee morale, and retention, leading to long-term cost savings and value creation.</p> <p>NEGATIVE: Insufficient training increases the risk of safety incidents, project delays, and legal liabilities, with direct financial impact on insurance costs and contract performance.</p>
8.	Product Responsibility	Opportunity	As a manufacturer, the company's products directly impact client operations, safety, and environmental performance. Growing demand for sustainable, compliant, and high-quality products makes this a competitive advantage.	–	<p>POSITIVE: Higher customer trust, brand value, and access to premium markets.</p>
9.	Water Management	Risk & Opportunity	Manufacturing and EPC operations may lead to higher water consumption and wastewater discharge. Regulatory pressure and risks of water scarcity in project locations make it a key area of concern and improvement.	Implementing water-efficient technologies, rainwater harvesting, wastewater treatment and reuse systems; conducting water audits to identify savings.	<p>NEGATIVE: Water shortages could delay operations which may result in penalties.</p> <p>POSITIVE: Reducing consumption can cut utility costs and improve compliance, enhancing reputation and access to future projects.</p>

SECTION B: MANAGEMENT AND PROCESS DISCLOSURES

VTL's sustainability governance begins at the top. The Managing Director and CEO holds direct accountability for Business Responsibility policy implementation, supported by three Board-level committees covering CSR, Risk Management, and Stakeholders Relationship Committee that ensure sustainability considerations are embedded in strategic decision-making rather than delegated to operational functions alone.

This accountability structure is backed by nine publicly accessible policies covering all BRSR Principles. Among these, the Anti-Bribery and Anti-Corruption Policy, Stakeholder Management Policy, Policy on Responsible Advocacy, and CSR Policy carry direct Board approval reflecting where the Company places its highest governance commitments. All policies are supported by procedures and SOPs, and extended to value chain partners where applicable. The Company's operations are further underpinned by a comprehensive suite of international certifications including ISO 9001:2015, ISO 14001:2015, ISO 45001:2018, ISO 22301:2019, and ISO 27001:2013 providing a structured, auditable framework for quality, environmental, safety, business continuity, and information security management.

What distinguishes this governance approach is the formal connection between commitment and accountability. Goals set in FY 2024-25 were tracked, reported and delivered against: renewable energy expanded, training coverage improved significantly, Scope 1 emissions reduced, and a zero-tolerance compliance record was maintained. Where targets were not fully met, the Company has disclosed this openly and carried those commitments forward with greater intensity into FY 2026-27, including the Zero Fatality Goal, further renewable energy transition, gender diversity improvement, and strengthened value chain sustainability engagement.

<p>5.</p>	<p>Specific commitments, goals and targets set by the entity with defined timelines, if any.</p>	<p>During FY 2026-27, the Company will focus on the following commitments:</p> <ul style="list-style-type: none"> • Further Transition to Renewable Energy: The Company will continue expanding its renewable energy share beyond 36.7% of total energy consumed achieved in FY 2025-26, through optimisation of existing captive solar and wind-solar hybrid capacity and exploration of additional renewable power sourcing opportunities. • Achieving Zero Fatalities (Safety as the Foremost Priority): The Company is committed to achieving zero fatalities across all project sites and manufacturing operations in FY 2026-27. This will be pursued through expanded safety training coverage, strengthened near-miss reporting systems, enhanced contractor safety supervision, and rigorous implementation of the seven-type work permit system across all high-risk activities. • CO₂ Emission Reduction Across Operations: The Company will continue deploying technologies, practices, and processes to reduce CO₂ emissions across both manufacturing and EPC construction operations, building on the 36% Scope 1 reduction achieved in FY 2025-26. • Maintaining Zero Waste to Landfill and Reducing Waste at Source: The Company will focus on reducing waste generation at source, particularly plastic waste, while maintaining its Zero Waste to Landfill status and strengthening recycling partnerships across both business segments. • Monitoring and Evaluating ESG Parameters: The Company will continue actively monitoring and evaluating environmental, social, and governance performance through the Karbon platform, identifying areas for improvement and mitigating sustainability-related risks on an ongoing basis. • Strengthening Value Chain Sustainability Engagement: The Company will enhance its engagement with value chain partners on environmental, social, and governance parameters, building on the current supplier assessment framework. • Improving Gender Diversity and Inclusion: The Company recognises that female representation remains low across its workforce and will explore targeted initiatives to improve gender diversity in hiring, retention, and career development, particularly within the EPC business segment where field operations present specific challenges.
<p>6.</p>	<p>Performance of the entity against the specific commitments, goals and targets along-with reasons in case the same are not met</p>	<p>The Company monitors performance against its commitments on a regular basis, with adequate corrective actions taken wherever required. The performance against goals set during FY 2024-25 is as follows:</p> <ul style="list-style-type: none"> • Transitioning into Green Energy: This goal was substantially achieved. Renewable energy consumption grew from 20,559 GJ in FY 2024-25 to 25,989.94 GJ in FY 2025-26, a 26% increase, with renewable sources now accounting for 36.7% of total energy consumed. CO₂e savings from the renewable energy programme

		<p>reached 5,126 MT in FY 2025-26, up from 4,151 MT in FY 2024-25, continuing a year-on-year upward trajectory since FY 2023-24.</p> <ul style="list-style-type: none"> • Monitoring and Evaluating ESG Parameters Achieved. ESG performance continues to be monitored systematically through the KARBON platform, enabling structured data capture and calculation across environmental, social, and governance parameters. The Board reviews ESG performance annually and statutory compliance quarterly. • CO₂ Emission Reduction Achieved. Scope 1 emissions reduced by 36% from 540.08 MT CO₂e in FY 2024-25 to 344.75 MT CO₂e in FY 2025-26. Scope 1+2 emission intensity per kilometre of physical output improved by 35% from 0.049 to 0.032 MT CO₂e/km, demonstrating measurable decoupling of emissions from production growth. • Strengthening Training and Employee Education Achieved. Health and safety training coverage reached 91.31% of all employees and 98.25% of all workers. Human rights training coverage reached 99.87% of total employees and 98.25% of workers, improving year-on-year across both categories. • Workforce Health and Safety: Employee LTIFR reduced to zero in FY 2025-26, improving from 0.399 in FY 2024-25. Worker LTIFR improved significantly from 6.711 to 0.388 per million person-hours worked. The Zero Fatality Goal remains a priority commitment for FY 2026-27.
Governance, leadership and oversight		
<p>7. Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements</p>		<p><i>Dear Stakeholders,</i></p> <p><i>I am pleased to present our Business Responsibility and Sustainability Report for the financial year 2025-26. This report reflects our continued commitment to building a resilient and responsible business one that grows alongside India's infrastructure needs while steadily reducing its environmental footprint and deepening its contribution to the communities we serve.</i></p> <p><i>On the environmental front, FY 2025-26 marked meaningful progress. Renewable energy now accounts for more than a third of our total energy consumption, a share that has grown steadily year on year through our investments in solar and wind-solar hybrid capacity. Our emissions declined significantly, our Zero Waste to Landfill commitment was maintained across all operations, and Zero Liquid Discharge at our Rewa manufacturing facility a discipline we have upheld since 1999, continued without interruption. These are not isolated achievements; they reflect a direction of travel that we are committed to sustaining and accelerating in the years ahead.</i></p> <p><i>On the social front, we strengthened safety training coverage significantly during the year, and our safety performance improved materially across both employee and worker categories. Through our CSR programme, we invested in education, healthcare, sanitation, animal welfare, and cultural development across Madhya Pradesh, West Bengal, and Rajasthan, reaching communities that need it most. We recognise that there is more work to do, particularly on gender diversity and value chain sustainability, and we have defined these as priority commitments for FY 2026-27 alongside our foremost safety goal of achieving zero fatalities across all sites.</i></p>

		<p><i>We firmly believe that sustainable practices create long-term value for our business, for our stakeholders, and for the communities and environment we are part of. Together, we remain committed to building India's infrastructure responsibly.</i></p> <p><i>Y.S. Lodha (Managing Director & CEO)</i></p>

SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE

The purpose of this section is to assist organizations in showcasing their proficiency in integrating principles and core elements into critical processes and decisions. The Company has duly provided all mandatory disclosures as per the BRSR framework.

PRINCIPLE 1: BUSINESSES SHOULD CONDUCT AND GOVERN THEMSELVES WITH INTEGRITY, AND IN A MANNER THAT IS ETHICAL, TRANSPARENT AND ACCOUNTABLE

For Vindhya Telelinks, ethical conduct is not a policy position; it is an operational reality backed by a consistent track record. The Company's Anti-Bribery and Anti-Corruption Policy, approved by the Board and publicly accessible, sets a zero-tolerance standard that extends beyond employees to cover business partners, suppliers, contractors and all other stakeholders. In FY 2025-26, that standard held. No disciplinary action was taken by any law enforcement agency against any Director, KMP, employee, or worker for charges of bribery or corruption, a record that has been consistent across both the current and previous financial year.

This culture of accountability is reinforced through training that reaches across the organisation. Among EPC Business employees, the Company's largest workforce segment, training coverage reached 100%, covering topics ranging from ISO standards and ISMS to child labour awareness and hazard identification. Cable Business employees achieved 87.65% coverage and workers 98.25%, across programmes addressing conflict of interest, safety protocols, and workplace conduct.

At the leadership level, the Board has established a formal process for identifying and managing conflicts of interest, and the Code of Conduct for Board and Senior Management Personnel is publicly available. During FY 2025-26, no conflict-of-interest complaints were received involving any Director or KMP. No monetary penalties, fines, or non-monetary punishments were incurred by the Company or its officers under any regulatory or judicial proceeding during the year.

Yes, the Company has established processes to identify, disclose and manage any actual or potential conflict of interest involving members of the Board. The Company's Code of Conduct for Board of Directors and Senior Management Personnel provides guidance for maintaining independence, integrity, transparency and ethical conduct while performing their duties.

The members of the Board and Senior Management Personnel are required to act in the best interests of the Company and avoid situations that may result in any conflict between personal interests and the interests of the Company. During the year under review, there were no instances of conflict of interest reported involving members of the Board.

The Code of Conduct is available on the Company's website at: <https://www.vtlrewa.com/Code-of-Conduct.pdf>.

PRINCIPLE 2: BUSINESSES SHOULD PROVIDE GOODS AND SERVICES IN A MANNER THAT IS SUSTAINABLE AND SAFE

Vindhya Telelinks Limited's cables are built to last. With a minimum design life of 25 to 30 years, every cable that leaves the Rewa facility is engineered for durability, serving government departments, telecom operators, railways, and power utilities for decades without replacement. For a company whose products form the physical foundation of India's infrastructure, longevity is not just a quality standard; it is the most fundamental expression of product responsibility.

On the sourcing side, 85% of inputs by value were procured sustainably in FY 2025-26, through a Supplier Framework that evaluates vendors across quality, environmental compliance, occupational health and safety, and statutory requirements. Suppliers complete a formal registration questionnaire before onboarding and are assessed on environmental performance as an explicit criterion alongside commercial parameters. For the EPC segment, contractor selection and ongoing monitoring ensure that standards and specifications are maintained throughout project execution.

Recycled materials form a meaningful part of the Company's manufacturing inputs. Copper, the single most significant raw material, was sourced as recycled or reused material at 19.08% of total copper inputs by value, reflecting the Company's active use of secondary material streams. Aluminium recycled inputs grew from 0.30% to 0.35% year-on-year. Every category of waste generated within operations plastic, hazardous, non-hazardous, and e-waste is channelled to authorised recyclers, and the Company maintains EPR registration under the Importer category with a waste collection plan aligned to its submissions to Pollution Control Boards.

Customers receive Material Safety Data Sheets at the time of product dispatch, covering safe handling, storage, installation, and end-of-life guidance, ensuring that the Company's responsibility for its products extends well beyond the point of sale.

2. Sustainable sourcing:

<p>Does the entity have procedures in place for sustainable sourcing? (Yes/No)</p>	<p>Yes, the Company have procedures in place for sustainable sourcing.</p> <p><u>Cable Business:</u></p> <p>The Company has successfully incorporated a Supplier Framework with the explicit objective of fostering sustainable sourcing practices. This comprehensive framework encompasses the meticulous evaluation and selection of suppliers, primarily based on three fundamental criteria, namely:</p> <ul style="list-style-type: none"> • Quality • Pricing • Delivery <p>Further, suppliers are evaluated and ranked according to their performance in relation to the aforementioned parameters.</p> <p>Additionally, the Company has established Environmental Requirements for its suppliers, which are communicated to them.</p> <p>During the supplier registration process, the Company conducts an evaluation to assess their suitability. A Supplier Registration Questionnaire is sent to suppliers to gather information regarding Quality, Environment, Occupational Health & Safety, and compliance with Statutory & Regulatory Requirements.</p> <p><u>EPC Business:</u></p> <p>Within the framework of the EPC Business Segment, materials are procured using two distinct channels: direct sourcing and sourcing through contractors. Throughout the sourcing process, careful attention is given to the following factors:</p> <ul style="list-style-type: none"> • Standards & Specifications • Contractor Selection • Ongoing Contractor Monitoring <p>By incorporating these considerations into the sourcing procedures under the EPC Business Segment, the organization ensures that materials are procured in accordance with predefined standards and specifications while maintaining a robust system for contractor evaluation and monitoring.</p>

3. Processes in place to reclaim products for reuse, recycle and safe disposal of products at the end of life:

<p>Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.</p>	<p>Cable Business:</p> <p>The Company ensures that the cables supplied to customers possess a minimum lifespan of 25-30 years. To ensure transparency and proper handling of end-of-life treatment, customers are provided with a comprehensive Material Safety Data Sheet (MSDS) that contains detailed information on the appropriate procedures for disposal or treatment.</p> <p>Given that the cables are predominantly utilized by industrial entities, the responsibility for the effective management of end-of-life treatment lies with the customers themselves. This entails adhering to the guidelines specified in the MSDS and complying with the relevant laws and regulations in force during that period.</p> <p>Regarding waste generated within the Company, stringent measures are implemented to ensure compliance with environmental laws and consent conditions. Specific waste categories are handled as follows:</p> <p>(a) Plastic Waste: The Company responsibly sells plastic waste to authorized recyclers, thereby promoting sustainable waste management practices.</p> <p>(b) E-Waste: In line with regulatory requirements, the Company sells electronic waste exclusively to authorized recyclers, ensuring proper recycling and disposal.</p> <p>(c) Hazardous Waste: All hazardous waste generated is meticulously disposed of through authorized recyclers, adhering to strict guidelines and safety protocols.</p> <p>(d) Other Non-Hazardous Waste:</p> <p>Acid Batteries: The Company follows a buy-back policy with Original Equipment Manufacturers (OEMs) to ensure the safe and environmentally sound disposal of acid batteries.</p> <p>The Company adopts a responsible approach by selling non-hazardous waste to trusted vendors who can appropriately handle and utilize the materials.</p> <p>EPC Business:</p> <p>Within the EPC Business Segment, two primary waste streams are generated:</p> <p>(a) Construction & Demolition waste</p> <p>(b) Metallic Scrap waste</p> <p>These waste materials are effectively managed through well-defined procedures. Construction & Demolition waste is reused wherever possible during ongoing operations, minimizing waste generation and promoting resource efficiency.</p> <p>Metallic Scrap waste, on the other hand, is sold exclusively to authorized vendors who possess the necessary expertise and infrastructure for proper recycling, disposal and utilization of these materials.</p>

PRINCIPLE 3: BUSINESSES SHOULD RESPECT AND PROMOTE THE WELL-BEING OF ALL EMPLOYEES, INCLUDING THOSE IN THEIR VALUE CHAINS

At Vindhya Telelinks Limited, every employee and every worker, regardless of category or contract type, enters the workplace with a full layer of protection already in place. All permanent employees are covered by both health and accident insurance, and all workers are also covered by health insurance and accident insurance. All 229 workers are additionally covered under a Workmen Compensation Policy, and all statutory retirement benefits Provident Fund, Gratuity, and ESI are deducted and deposited with the relevant authorities without exception.

The safety story in FY 2025-26 reflects genuine and measurable progress. Employee LTIFR reached zero, down from 0.399 in the previous financial year. Worker LTIFR improved by 94%, from 6.711 to 0.388 per million person-hours worked. This improvement was built on a foundation of daily safety briefings, toolbox talks, a seven-type work permit system covering high-risk non-routine activities, and health and safety training that reached 91.31% of all employees and 98.25% of all workers during the year, a significant step up from 39.36% employee coverage in FY 2024-25.

Beyond safety, career development is taken seriously across the organisation. Performance and career development reviews were completed for 99.79% of all employees and 98.25% of all workers, coverage that has improved year-on-year. All permanent employees and workers have access to a structured, multi-channel grievance mechanism covering suggestion boxes, designated HR interactions, site safety personnel engagement, and direct email channels, ensuring concerns are heard and addressed without formality becoming a barrier.

The Company's Non-Discrimination, Diversity and Equal Opportunity Policy and accessible workplace infrastructure covering factory premises and township facilities reflect a commitment to inclusion that goes beyond compliance.

PRINCIPLE 4: BUSINESSES SHOULD RESPECT THE INTERESTS OF AND BE RESPONSIVE TO ALL ITS STAKEHOLDERS

Vindhya Telelinks Limited's stakeholder engagement is built and structured to actively listen, respond, and feed stakeholder perspectives back into business decisions. The Stakeholder Engagement Framework identifies stakeholders across two dimensions: how the Company influences them and how they influence the Company. This dual-lens approach covering dependency, responsibility, attention, and influence ensures that engagement is purposeful rather than procedural.

Employee feedback that strengthened workplace safety protocols and community input that shaped local environmental conservation initiatives reflect what purposeful engagement looks like in practice, moving from conversation to action. Stakeholder perspectives are reviewed by senior management and shared with the Board, ensuring that the voices of all eleven stakeholder groups reach the highest level of governance.

The community is the one stakeholder group formally identified as vulnerable and marginalised, reflecting the Company's recognition that not all stakeholders engage from a position of equal power. Across all stakeholder groups tracked under BRSR, zero complaints were filed, and zero were pending at the close of FY 2025-26, a measure of the trust the Company has built through consistent and responsive engagement.

ESSENTIAL INDICATORS:
1. Identification of stakeholder group:

Describe the processes for identifying key stakeholder groups of the entity	<p>The Company has developed a Stakeholder Engagement Framework which augments the process of identifying them. The framework has dual aspect dimension which covers the stakeholder's interest as well as stakeholder's influence. On this basis, the stakeholders are identified and the modes as well as the level of engagements are also determined.</p> <p>Further, the Company considers the following elements while identifying stakeholder groups:</p> <ul style="list-style-type: none"> • Dependency: Groups or individuals who are directly or indirectly dependent on the organisation's activities. • Responsibility: Groups or individuals to whom the organisation has, or in the future may have, legal, commercial, operational or ethical / moral responsibilities. • Attention: Groups or individuals who need immediate attention from the organisation about financial, wider economic, social or environmental issues. • Influence: Groups or individuals who can have an impact on the organisations or a stakeholder's strategic or operational decision-making.

LEADERSHIP INDICATORS:

- 1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.**

The Company encourages regular engagement with key stakeholders on economic, environmental, and social topics through various formal and informal channels. While direct consultations with the Board may not occur in every instance, feedback from stakeholder interactions is periodically reviewed by the senior management and shared with the Board as part of strategic discussions and decision-making. This ensures that stakeholder perspectives are considered in shaping the company's overall direction and sustainability initiatives.

- 2. Whether stakeholder consultation is used to support the identification and management of environmental and social topics (Yes / No). If so, provide details of instances as to how the input received from stakeholders on these topics were incorporated into policies and activities of the entity.**

The Company uses stakeholder consultation as an important tool to identify and manage key environmental and social topics. Regular engagement with stakeholders including employees, suppliers, local communities, and regulatory bodies helps the Company gather insights on relevant issues such as environmental impact, resource usage, employee welfare, and community development. For instance, feedback received from employees during internal engagement sessions led to the enhancement of workplace safety protocols, while community input resulted in the implementation of local environmental conservation initiatives. Such feedback is considered during policy reviews and is incorporated into operational activities to ensure responsiveness to stakeholder concerns.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.

The Company is committed to empowering marginalized and vulnerable communities, recognizing that long-term value creation is closely linked to inclusive and sustainable community development. Through need-based CSR initiatives near its plant and operational locations, the Company has undertaken several projects in key areas such as healthcare, promoting education including special education, skill development, livelihood, sanitation and environmental sustainability.

These initiatives reflect the Company's deep engagement with vulnerable communities and its commitment to addressing their critical needs through focused and sustainable interventions.

PRINCIPLE 5: BUSINESSES SHOULD RESPECT AND PROMOTE HUMAN RIGHTS

For Vindhya Telelinks Limited, human rights commitments are not confined to policy documents; they are operationalised through training, due diligence, contractual requirements, and grievance mechanisms that function across the full breadth of the Company's operations.

On training, human rights training reached 99.87% of all employees and 98.25% of all workers in FY 2025-26. Both figures improved year-on-year from 99.45% of employees and 97.19% of workers in FY 2024-25, reflecting a genuine upward trajectory in awareness coverage. Every employee across all categories is paid above the applicable minimum wage, with zero instances of minimum wage non-compliance recorded across both the current and previous financial year.

This commitment extends beyond the workforce through formal due diligence and contractual requirements. The Company conducted formal human rights due diligence in FY 2025-26, covering permanent and other-than-permanent employees, permanent workers, and identified vendors focusing on fair wages, safe working conditions, freedom from discrimination, and child labour. Human rights requirements are embedded in business agreements and contracts as standard provisions, covering anti-corruption undertakings, prohibition of child labour, OHS adherence, and environmental compliance, ensuring that the Company's human rights standards extend into its value chain through every contract it signs.

Where concerns arise, dedicated focal points are in place for both business segments: The Head of Human Resources for the Cable Business and the Project Monitoring Committee for the EPC Business, ensuring that human rights concerns have a clear, accessible route to resolution in both operational contexts. Proceedings under the Non-Discrimination Policy, POSH, and grievance redressal policies are governed by confidentiality, anti-retaliation assurance, and the principle of fairness. Across all human rights categories' sexual harassment, discrimination, child labour, forced labour, wages, and other issues zero complaints were filed in FY 2025-26 and zero were pending at year-end.

4. Focal point for addressing human rights:
Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes, the Company has designated focal points responsible for addressing human rights-related impacts, concerns or issues across its business operations.

- **Cable Business:** The Head of Human Resources serves as the focal point for addressing human rights-related matters, including receiving, reviewing and facilitating appropriate resolution of concerns raised by employees and workers.
- **EPC Business:** The Project Monitoring Committee acts as the designated focal point for addressing human rights-related matters across project locations and facilitating necessary actions, wherever required.

5. Internal mechanisms in place to redress grievances related to human rights issues:
Describe the internal mechanisms in place to redress grievances related to human rights issues.

The Company has established an internal grievance redressal mechanism accompanied by a clearly defined Code of Discipline. Individuals can directly report violations to either the Project Monitoring Committee or the Head of Human Resources within this framework.

Upon receiving a complaint, the designated focal point, in conjunction with the Human Resources department, conducts a thorough investigation. Prompt and appropriate remedial actions are then implemented to effectively address the situation.

Moreover, the Company maintains transparent channels of communication with stakeholders, including local communities, civil society organizations, and relevant government agencies. This proactive approach ensures the timely and efficient resolution of human rights grievances, fostering a harmonious and responsible relationship with all stakeholders.

8. Mechanism to prevent adverse consequences to the complainant in discrimination and harassment cases.

The Company has established mechanisms to safeguard complainants from any adverse consequences arising from reporting discrimination, harassment or other workplace-related concerns. The Company promotes a safe and respectful work environment where employees and workers can raise concerns without fear of retaliation, victimisation or unfair treatment.

The Company's Code of Conduct, including the Code of Conduct applicable for Sites and Project Operations, provides guidance for reporting workplace concerns and maintaining appropriate conduct across its operations. Complaints received are reviewed through designated mechanisms, including Internal Committees constituted across locations for matters related to sexual harassment, and appropriate actions are undertaken wherever required.

Further, awareness and training sessions are conducted to sensitise employees on prevention of harassment, expected workplace behaviour and available grievance redressal mechanisms.

9. Human rights requirements forming part of your business agreements and contracts:
Do human rights requirements form part of your business agreements and contracts? (Yes/No).

Yes, the Company incorporates relevant human rights and responsible business requirements into its business agreements and contracts, as applicable. These requirements are aimed at promoting ethical conduct, responsible operations and compliance across the value chain.

The contractual requirements include provisions related to ethical business practices such as:

- Anti-corruption undertakings
- Prohibition of child labour
- Adherence to applicable health and safety requirements
- Compliance with environmental and regulatory requirements.

Further, based on the nature and scope of business arrangements, additional requirements are incorporated into agreements and contracts wherever applicable.

It remains steady in its commitment to human rights, having implemented a comprehensive framework addressing significant risks like forced labour, child labour, sexual harassment, discrimination, and wages.</p> <p>This framework includes periodic evaluations to detect potential violations and regular employee training to enhance awareness and prevent such incidents.</p> <p>Should violations occur, the Company swiftly implements corrective actions, including work suspension, contract termination, or legal measures as necessary.</p> <p>Additionally, continuous assessment and enhancement of policies and procedures are undertaken to ensure the maintenance of human rights standards across all operations.</p>

LEADERSHIP INDICATORS:
1. Details of a business process being modified / introduced as a result of addressing human rights grievances/complaints.

The Company uphold the highest ethical business standards by continuously reviewing corporate governance policies, processes, and guidelines to ensure legal compliances and the adoption of best practices. Additionally, the Company ensure that all proceedings under Non-Discrimination and Equal Opportunities Policy, Prevention of Sexual Harassment (POSH) and grievance redressal policies adhere to the following standards:

- i. Confidentiality of the proceedings is maintained.
- ii. Guidelines for anti-retaliation assurance are provided.
- iii. The principle of fairness is upheld throughout the entire process.

2. Details of the scope and coverage of any Human rights due-diligence conducted.

The company conducted human rights due diligence in FY 2025-26, focusing on the areas of fair wages, safe working conditions, freedom from discrimination, and child labour.

The scope of the due diligence included:

- Permanent and other than permanent employees
- Permanent workers
- Identified vendors based on the nature of engagement and applicability

The assessment focused on reviewing adherence to applicable human rights principles and strengthening responsible practices across the Company's operations and value chain.

3. Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

Yes, the Company's premises/offices are accessible to differently abled visitors.

4. Details on assessment of value chain partners.

Particulars	% of value chain partners (by value of business done with such partners) that were assessed
Sexual Harassment	-
Discrimination at workplace	-
Child Labour	-
Forced Labour/Involuntary Labour	-
Wages	-
Others - please specify	-

Note: Formal assessment of value chain partners with respect to human rights parameters was not undertaken during the reporting period. The Company intends to progressively develop and strengthen processes for assessing such parameters across its value chain in the future.

5. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above.

No significant risks or concerns requiring corrective actions were identified, as formal assessment of value chain partners on human rights parameters was not conducted during the reporting period.

PRINCIPLE 6: BUSINESSES SHOULD RESPECT AND MAKE EFFORTS TO PROTECT AND RESTORE THE ENVIRONMENT

Vindhya Telelinks Limited's environmental performance in FY 2025-26 is defined by three consistent improvements: a growing renewable energy share reducing the Company's carbon footprint, a Zero Liquid Discharge system eliminating industrial water discharge, and a Zero Waste to Landfill commitment ensuring every tonne of waste generated is recovered and recycled.

Renewable sources now account for 36.7% of total energy consumed, driven by the Company's 2 MW rooftop solar PV plant and continued power purchase from a 1.5 MW Wind-Solar Hybrid plant under Long Term Open Access, a renewable share that has grown steadily year-on-year. This transition is producing measurable climate outcomes: Scope 1 emissions declined 36%, and the renewable energy programme delivered CO₂e savings of 5,126 MT in FY 2025-26, up from 4,151 MT in FY 2024-25 and 1,970 MT in FY 2023-24, a compounding impact that grows with every year of sustained investment. This transition is producing measurable climate outcomes: Scope 1 emissions declined 36% from 540.08 MT CO₂e to 344.75 MT CO₂e, and Scope 2 emissions reduced from 8,964 MT CO₂e to 8,317.67 MT CO₂e. On a physical output basis, Scope 1+2 emission intensity per kilometre of cable produced improved by 35%, from 0.049 to 0.032 MT CO₂e/km, reflecting that the Company is growing output while reducing its carbon footprint per unit delivered.

Water conservation at the Rewa manufacturing facility has been a consistent discipline since 1999, when the Zero Liquid Discharge system was established. Industrial water used in cable processing operates in a closed loop with no discharge. Domestic wastewater is treated in a 360 m³ Sewage Treatment Plant, with treated water reused for horticulture on-site. Total water withdrawal reduced from 1,71,042 KL to 1,68,293 KL year-on-year, and water intensity per kilometre of physical output improved by 36% from 0.885 KL/km to 0.572 KL/km.

On waste, the Company achieved Zero Waste to Landfill across all 1,759.71 MT of waste generated in FY 2025-26. Every category of plastic waste, e-waste, bio-medical waste, hazardous used oil, and non-hazardous waste was routed to CPCB-authorized recyclers. Additionally, vermicomposting has replaced chemical fertilisers for facility horticulture, supporting soil health and reducing chemical usage within the plant boundary.

ESG data compilation, monitoring and calculations have been facilitated through Planet Sustech's ESG management platform, KARBON, which supports structured data collection, calculation and reporting of sustainability performance indicators.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No independent assessment/evaluation/assurance of the energy consumption data has been carried out by an external agency during the reporting period. The assessment has been carried out in-house by the Company.

Energy intensity adjusted for Purchasing Power Parity (PPP) has been calculated using the International Monetary Fund (IMF) PPP conversion factor. The PPP conversion factor considered is 20.34 for FY 2025-26 and 20.66 for FY 2024-25.

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

This particular section is not applicable, as the Company has not been identified as designated consumer under Performance, Achieve and Trade (PAT) Scheme of the Government of India.

3. Provide details of the following disclosures related to water:

The water discharge reported above pertains to the EPC Business segment. The Company's manufacturing facility at Rewa operates on a Zero Liquid Discharge (ZLD) system, wherein industrial wastewater is treated and reused within the facility, ensuring no discharge of industrial wastewater outside the premises.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No independent assessment/evaluation/assurance has been carried out by an external agency during the reporting period.

5. Mechanism for Zero Liquid Discharge:

Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.	<p>The Company has implemented a Zero Liquid Discharge (ZLD) system at its Rewa manufacturing plant, operational since 1999. This system prevents any liquid waste discharge from the facility.</p> <p>Water usage primarily for cooling purposes operates in a closed loop, eliminating industrial effluent release into the environment.</p> <p>Furthermore, domestic wastewater is treated in a Sewage Treatment Plant (STP), with the treated water utilized for horticultural purposes onsite.</p> <p>This reflects the Company's commitment to sustainable and environmentally responsible water management practices.</p>

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

The Company has not conducted any independent assessment, evaluation or assurance by an external agency. Nevertheless, the Company does perform quarterly monitoring of ambient air quality through an agency accredited by the National Accreditation Board for Testing and Calibration Laboratories (NABL).

Total Scope 1 and Scope 2 emission intensity adjusted for Purchasing Power Parity (PPP) has been calculated using the Purchasing Power Parity conversion factor published by the International Monetary Fund (IMF). The PPP conversion factor considered is 20.34 for FY 2025-26 and 20.66 for FY 2024-25.

8. Project related to reducing Green House Gas emission:

Does the entity have any project related to reducing Green House Gas emission? If yes, then provide details.	The Company has recognised the significance of moving towards Renewable energy and therefore has established a rooftop solar photo-voltaic (Solar PV) plant with a capacity of 2 MW, which has significantly aided in reducing its carbon footprint.	
	The Company is continuing with the usage of power generated from a 1.50 MW Wind-Solar hybrid power plant under a Power Purchase Agreement through Long Term Open Access as a captive user under Intra State Group Captive Scheme.

The plastic and other hazardous waste produced by the Company is vendored to a registered recycler, while other non-hazardous waste is similarly sold for recycling, wherever feasible. Major quantity of the waste is sold to the registered vendors.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No independent assessment/evaluation/assurance of waste management data has been carried out by an external agency during the reporting period. The assessment has been carried out in-house by the Company.

Waste intensity adjusted for Purchasing Power Parity (PPP) has been calculated using the Purchasing Power Parity conversion factor published by the International Monetary Fund (IMF). The PPP conversion factor considered is 20.34 for FY 2025-26 and 20.66 for FY 2024-25.

10. Waste management practices adopted in the establishment:

<p>Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your Company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.</p>	<p>The Company has instituted a comprehensive waste management program to minimize waste generation and ensure environmentally responsible waste handling practices.</p> <p>Cable Business:</p> <ul style="list-style-type: none"> Storage, collection, and disposal of hazardous waste adhere to consent conditions. Disposal handled by authorized recyclers approved by the Central Pollution Control Board (CPCB). Solid waste is similarly disposed of in compliance with Consent Conditions. <p>EPC Business:</p> <ul style="list-style-type: none"> This segment prioritizes proper waste segregation, with segregated materials reused internally where possible to minimize waste and promote efficient resource usage. Any waste not reused internally is sent to approved vendors for responsible handling and management. <p>These practices underscore the Company's commitment to sustainable waste management and reducing our environmental footprint.</p>

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required:

Sl. No.	Location of operations/offices	Type of operations	Whether the conditions of environmental approval/clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
The Company does not have any offices or operational sites in the vicinity of any ecologically sensitive area.			

12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Sl. No.	Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web link
This particular section is not applicable as no such projects were undertaken by the Company which required EIA.						

13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances:

Yes, the Company is compliant with all applicable environmental law/ regulations/ guidelines in India.

Note: Indicate any independent assessment/ evaluation/ assurance has been carried out by an external agency? (Y/N) if yes, name of the external agency.

No independent assessment/evaluation/assurance of Scope 3 greenhouse gas (GHG) emissions data has been carried out by an external agency during the reporting period.

3. With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

Not Applicable

4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives:

Initiative Undertaken	Details of the Initiative	Outcome of the Initiative
Use of Renewable Energy	Approximately 38% of electricity consumption in FY 2025-26 was sourced from renewable energy, contributing to lower carbon emissions.	Reduction in dependence on conventional energy sources and enhancement of sustainable energy usage.
Sewage Treatment Plant (STP)	A 360 m ³ capacity STP treats all domestic wastewater. Treated water is reused for horticulture. Industrial water used in cable processing is recycled in a closed-loop.	Achieved Zero Liquid Discharge; reduced freshwater consumption and environmental discharge.
Adoption of Vermicompost	Use of vermicompost in place of chemical fertilizers for horticulture within the facility.	Enhanced soil health and reduced chemical usage, supporting eco-friendly green spaces.
Energy-Efficient Equipment Upgradation	Ongoing replacement of legacy machinery with high-efficiency, energy-saving equipment across production lines.	Improved resource efficiency and reduced energy consumption per unit of output.
Plastic Waste Extended Producer Responsibility (EPR) Compliance	Obtained Plastic Waste EPR authorization and ensure compliant disposal of all plastic packaging as per applicable regulations.	Ensured responsible plastic waste management and compliance with environmental laws.
Zero Waste to Landfill	All solid and process-related waste is routed to CPCB-approved recyclers for environmentally sound recycling.	Achieved Zero Waste to Landfill status; minimized ecological footprint and promoted circular economy principles.

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Yes, the Company has a comprehensive Business Continuity and Disaster Management Plan in place, developed in alignment with ISO 22301 (Business Continuity Management System) and ISO 27001 (Information Security Management System) certifications. These frameworks ensure resilience against operational disruptions and data security risks. Our continuity strategy includes risk assessment, response protocols, recovery planning, and communication systems to safeguard essential functions and stakeholder interests. The plan is periodically reviewed and tested to maintain effectiveness. For more details, please visit our website: <https://www.vtlrewa.com>.

6. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard.

The Company has not identified any significant adverse environmental impact arising from the value chain of its operations. As a responsible cable manufacturer, we prioritize ecological sustainability across product design, production, and distribution. Our cables are engineered for a long service life exceeding 25 years, with suitability for both indoor and outdoor applications, thereby minimizing environmental waste and resource consumption over time.

Furthermore, the majority of our products are compliant with RoHS (Restriction of Hazardous Substances) and REACH (Registration, Evaluation, Authorisation and Restriction of Chemicals) directives, ensuring that hazardous materials are either eliminated or strictly controlled during manufacturing and product lifecycle stages.

These mitigation measures, combined with our adherence to international standards and customer-specific requirements, underscore our commitment to reducing environmental impact and promoting sustainable practices across the value chain.

7. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.

The Company is committed to environmental stewardship across its value chain, supported by our certification under ISO 14001: Environmental Management System. As part of our sustainability and compliance initiatives, we assess value chain partners for environmental impacts based on the significance and nature of business conducted.

During the reporting period, approximately 85% of our value chain partners-based on the total value of business conducted-were assessed for environmental criteria and certification to ISO 14001.

8. Introduction of Green Credits Disclosure.

PRINCIPLE 7: BUSINESSES, WHEN ENGAGING IN INFLUENCING PUBLIC AND REGULATORY POLICY, SHOULD DO SO IN A MANNER THAT IS RESPONSIBLE AND TRANSPARENT

Vindhya Telelinks Limited engages with public and regulatory policy through a structured, transparent framework governed by its Board-approved Policy on Responsible Advocacy. The Company's advocacy is directed at policies relevant to the sectors it operates in telecom, power, and infrastructure, and all advocacy positions and engagement activities are available in the public domain.

The Company holds memberships in five industry associations, four national and one state-level, including IEEMA, EEPC, TEPC, and FIEO, participating in sector-level dialogue across telecom, power, and infrastructure. No adverse orders were received from any regulatory authority relating to anti-competitive conduct during FY 2025-26, and no corrective actions were required.

PRINCIPLE 8: BUSINESSES SHOULD PROMOTE INCLUSIVE GROWTH AND EQUITABLE DEVELOPMENT

Vindhya Telelinks Limited's inclusive growth contribution is expressed through deliberate community investments and through the economic footprint its operations create in India's rural and semi-urban geographies.

The Company's CSR programme in FY 2025-26 invested in education, healthcare, sanitation, animal welfare, and cultural development across Madhya Pradesh, West Bengal, and Rajasthan. Projects ranged from building educational infrastructure and expanding digital access for students to strengthening public healthcare facilities and supporting essential civic services in and around Rewa.

On economic inclusion, 96.82% of input materials by value were sourced domestically in FY 2025-26, up from 94.30% in FY 2024-25, supporting Indian manufacturers and suppliers across the supply chain. MSME sourcing accounted for 28.33% of total inputs by value, channelling significant procurement spend to smaller enterprises. Perhaps the most striking inclusion indicator is the shift in wage distribution: rural locations accounted for 48.27% of total wage cost in FY 2025-26, up sharply from 12.49% in FY 2024-25, while semi-urban locations accounted for a further 13.51%. Together, over 61% of the Company's total wage cost was disbursed in rural and semi-urban geographies a direct measure of the economic value VTL creates in India's smaller towns and villages through its expanding EPC operations.

Community grievances are addressed through a dedicated mechanism where local employees proactively engage with community members, investigate concerns thoroughly, and resolve them in a transparent and timely manner.

PRINCIPLE 9: BUSINESSES SHOULD ENGAGE WITH AND PROVIDE VALUE TO THEIR CONSUMERS IN A RESPONSIBLE MANNER

Vindhya Telelinks Limited's relationship with its customers is built on product quality, transparent communication, and information that goes beyond what regulations require. As a B2B supplier to government departments, public sector undertakings, telecom operators, and railways, the Company's customer responsibility is demonstrated through what it puts in customers' hands: accurate product information, clear labelling, safe usage guidance, and accessible feedback channels and in FY 2025-26, its record across every measurable customer indicator was clean.

Every product dispatched carry environmental and social parameter information as well as safe and responsible usage guidance covering 100% of turnover. Cable identification is marked directly on the cable and on all packaging materials including drums, spools, and reels, with customer-specific traceability details included beyond minimum regulatory requirements. This level of labelling supports accurate inventory management and safe installation across the supply chain touchpoints where the Company's products are deployed.

Customer data and information security are governed by an ISO 27001-certified Information Security Management System, with the ISMS Policy publicly accessible. In FY 2025-26, zero data breaches involving customer information were recorded, consistent with the prior year. Service continuity for customers is supported by an ISO 22301-certified Business Continuity Management System, with defined communication protocols ensuring customers are informed promptly in the event of any potential disruption.

Customer satisfaction is assessed annually through structured Customer Satisfaction Assessment Forms circulated to both government and non-government customers, supplemented by supplier ratings received from key accounts. Dedicated account managers serve key customers, ensuring that specific requirements and feedback are addressed with direct accountability. Across all complaint categories data privacy, cybersecurity, advertising, delivery of essential services, restrictive trade practices, and unfair trade practices zero complaints were received and zero were pending at year-end FY 2025-26. Zero product recalls, voluntary or forced, occurred during the year.

LEADERSHIP INDICATORS:
1. Channels / platforms where information on products and services of the entity can be accessed (provide web link, if available).

Information regarding our products and services is made accessible to consumers and stakeholders through multiple channels. The primary platform for product-related details is our official website <https://www.vtlrewa.com>, which hosts comprehensive product brochures, specifications, and other relevant documentation to assist users in understanding our offerings.

In addition to our digital presence, we actively participate in various industry expos and exhibitions, where our products are showcased to prospective customers and partners. These events serve as interactive forums for technical engagement, feedback exchange, and brand visibility across domestic and international markets.

These initiatives reflect our commitment to transparency, customer education, and continuous improvement in how we communicate and present our portfolio.

2. Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.

The Company has implemented structured measures to inform and educate consumers about the safe and responsible usage of our products. As a cable manufacturing Company, we recognize the importance of ensuring proper handling, storage, and installation of our products to maintain their integrity, performance, and safety throughout their lifecycle.

To that end, we provide detailed instructions and technical guidelines to customers at the time of dispatch and through accompanying documentation. These materials cover key aspects such as:

- Correct methods of cable handling to prevent damage.
- Recommended storage conditions to preserve quality and performance.
- Step-by-step installation procedures to ensure safety and adherence to technical standards.

We remain committed to enhancing customer awareness and supporting industry best practices through continuous engagement and technical support.

3. Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.

The Company has robust mechanisms in place to inform consumers of any potential risk of disruption or discontinuation of essential services. As part of our commitment to operational resilience and stakeholder transparency, we have implemented a Business Continuity Management System (BCMS) in accordance with ISO 22301 standards.

This certification reflects our structured approach to identifying critical functions, assessing associated risks, and establishing communication protocols to proactively inform customers in the event of any disruption. Our communication framework includes:

- Prompt notification to customers regarding potential or actual service impacts.
- Coordination with client representatives to mitigate effects on ongoing operations.
- Updates through official channels such as written correspondence, email communications, and direct liaison.
- Continuity planning for prioritized product and service delivery under exceptional circumstances.

These measures ensure that our customers remain well-informed and supported, thereby minimizing operational risk and maintaining long-term confidence in our service capabilities.

4. (a) Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief.

Yes, the Company displays product information on the products and their associated packaging over and above what is mandated by local regulations. As a manufacturer of telecom and other types of cables, we ensure that product identification is clearly marked not only on the cable itself, but also on packaging materials such as wooden drums, spools, and reels. This labelling includes customer-specific details as per their specification, contractual or operational requirements, ensuring traceability, clarity, and ease of handling across various supply chain touchpoints.

Such practices are aligned with our commitment to quality, customer satisfaction, and operational transparency, and further contribute to effective inventory management and deployment on site by our clients.

(b) Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)

Yes, the Company undertakes measures to assess consumer satisfaction with respect to the major products and services offered. We periodically circulate Customer Satisfaction Assessment Forms to our clientele, encompassing both government and non-government organizations, to gather structured feedback on our performance, product quality, service delivery, and overall engagement.

For instances where direct survey responses are not received, particularly from certain government customers due to procedural constraints, we conduct internal self-assessments based on available operational data, service metrics, and historical feedback records. Additionally, several of our customers provide supplier ratings, which serve as a valuable benchmark for gauging satisfaction and identifying areas for improvement.

These mechanisms collectively help us monitor customer satisfaction in a consistent and transparent manner, and ensure continuous enhancement of our product and service standards.

13.9 **Share Transfer System:**

It is now mandatory for listed companies to issue securities in dematerialised mode only while processing any investor service request viz. issue of duplicate securities certificates, claim from unclaimed suspense account, renewal/ exchange of securities certificate, endorsement, sub-division/ splitting of securities certificate, consolidation of securities certificates/ folios, transmission and transposition, in compliance with Regulation 40 of the Listing Regulations.

The requirement of issuance of Letter of Confirmation (LOC) has been done away with in terms of SEBI Circular No. HO/38/13/(3)2026-MIRSD-POD/I/3763/2026 dated January 30, 2026. Under the revised framework effective from April 2, 2026, RTA shall directly credit securities to the demat account of the investor, after carrying out necessary due diligence. This will reduce the timeline for credit of securities from approximately 150 days to 30 days, while also mitigating risks associated with loss or pilferage of LOC. Investor service requests shall be accompanied with a copy of latest Client Master List (CML) of the demat account, not older than two months and duly attested by the Depository Participant.

Special Window for Re-lodgement of Transfer Requests of Physical Shares:

Pursuant to SEBI Circular No. HO/38/13/1(2)2026-MIRSD-POD/I/3750/2026 dated January 30, 2026, another Special Window for transfer and dematerialisation (“demat”) of physical securities has been opened for a period of one year from February 5, 2026 to February 4, 2027, for those investors who had sold/purchased physical securities of the Company prior to April 1, 2019; and (i) had not lodged the physical securities for transfer; or (ii) had lodged the physical securities for transfer but the same were rejected/returned/not attended to due to deficiency in the documents/process/ or otherwise.

INDEPENDENT AUDITOR’S REPORT

To the Members of Vindhya Telelinks Limited

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Vindhya Telelinks Limited (“the Company”) and its 2 joint operations, which comprise the Balance Sheet as at March 31, 2026, and the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of the material accounting policies and other explanatory information (hereinafter referred to as the “standalone financial statements”).
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (“SAs”) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor’s Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Key Audit Matter	Audit Response
<p>Revenue recognition for construction contracts:</p> <p>The Company enters into engineering, procurement and construction contracts, which are composite in nature. Contract prices are either fixed or subject to escalation/price variation clauses. Revenue from construction contracts is recognized over time in accordance with applicable accounting standard. The management is required to make various accounting estimates and judgements like identification of performance obligation, determination of transaction price, assessment of stage of completion, the timing of revenue recognition, estimation of project costs and revenue. The process among others, take into consideration contract risks, price variation claims, liquidated damages & penalties, periodic certification from customers, cost estimation, recoverability of trade receivables. The management periodically reviews the estimates involved and any cumulative effect of such revision are recognized in the period in which such changes are determined. Given the significance of the amounts involved and the degree of judgement in revenue recognition as stated above, we determined this to be a key audit matter.</p> <p>{Refer note no. 1.4(b), 26 and 38 of the standalone financial statements}.</p>	<p>Auditor’s Response</p> <p>Our audit procedure included, among others:</p> <ul style="list-style-type: none"> • We obtained an understanding of the company’s process for estimating and recognizing contract revenue. • We performed walkthrough procedures over the process of identification of performance obligation. • We tested the design and implementation of internal control over the quantification of the estimates used as well as the operating effectiveness of such control. • We performed test of details and reviewed relevant contracts and documents with specific focus on measurement of work completed as at the year-end for computation of unbilled revenue/excess billed over revenue. <p>We tested appropriateness of the disclosures in the financial statements in respect of such construction contracts to ensure compliance with Ind AS 115. Based on our work as stated above, no significant deviations were observed.</p>

Key Audit Matter	Audit Response
<p>Indefeasible Right to Use (IRU) - Lease arrangements:</p> <p>The Company as a lessor enters into certain non-cancellable long-term lease arrangements for passive optical fibre cable networks under IP-1 on Indefeasible Right to Use (IRU) basis. As per the accounting policy, such arrangements are treated as Outright-sales and Profit or loss is recognized in the statement of profit and loss immediately. Determination of the cost of sales and carrying amount of unsold passive optical fibre network requires significant estimates and management judgement with respect to allocation of material cost, subcontracting cost and other costs based on total estimated fibre pairs/duct expected to be sold over a specific route. The estimates and underlying assumptions are reviewed on a periodic basis. Given the significance of such arrangement & the judgements involved, we determined this to be a key audit matter.</p> <p>{Refer note no. 1.4(a), 9 and 43(c) of the standalone financial statements}.</p>	<p>Our audit procedure included, among others:</p> <ul style="list-style-type: none"> • We obtained an understanding of the accounting treatment followed for revenue recognition vis-à-vis IRU contracts entered into by the Company. • We examined the terms and conditions of the contracts and evaluated the point of transfer of control. • We tested the assumption and estimates involved in allocation of cost of sales between sold & unsold portion of the network. • We tested the adequacy of the disclosures in the Notes to the standalone financial statements.
<p>Expected Credit Loss of Trade Receivables:</p> <p>Management's judgement is required on assumptions used for estimating the credit loss on trade receivables. The Company makes an assessment of the estimated credit losses based on credit risk, project status, past history, latest discussion/ correspondence with the customer. Given the significance of trade receivables in the financial statements as at March 31, 2026, we determined this to be a key audit matter.</p> <p>{Refer note no. 1.4(e), 6, 10, and 48(b) of the standalone financial statements}.</p>	<p>Our audit procedure included, among others:</p> <ul style="list-style-type: none"> • We assessed the company's processes and controls relating to the monitoring of trade receivables and identification of collection risks. • We discussed with senior management regarding status and recoverability of significant outstanding balances. • We reviewed subsequent receipts from customers after the year end. • We assessed management's assumptions used to determine the impairment loss on trade receivables, including ageing and overdue balances. • We performed additional procedures, in respect of overdue trade receivables such as historical payment records, verification of last bills certified, correspondence with customers and discussions with internal and external legal counsel, where considered necessary.

Other Information

5. The Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Managements and Board of Directors' Responsibility for the Standalone Financial Statements

6. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and

detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

7. In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
8. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

9. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
10. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the Management and Board of Directors.
 - Conclude on the appropriateness of the Management use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
13. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

14. The standalone financial statements of the Company for the year ended March 31, 2025, have been audited by the predecessor auditors who expressed an unmodified opinion on those financial statement vide their report dated May 22, 2025.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

15. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

16. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company and its joint operations so far as it appears from our examination of those books.
- (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act read with Companies (India Accounting Standard) Rules, 2015 as amended.
- (e) On the basis of the written representations received from the directors as on March 31, 2026 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (g) With respect to the other matter to be included in the Auditors' Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note No. 36 on Contingent Liabilities to the standalone financial statements;
 - (ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company;
 - (iv)
 - (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) of Companies (Audit and Auditors) Rules, 2014, as provided under (a) and (b) above, contain any material misstatement.
- (v) (a) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Companies Act, 2013 to the extent applies to payment of dividend.
(b) The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with Section 123 of Companies Act, 2013 as applicable.
- (vi) Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2026 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirement for record retention.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF VINDHYA TELELINKS LIMITED FOR THE YEAR ENDED MARCH 31, 2026

Report on the internal financial controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial controls with reference to standalone financial statements of Vindhya Telelinks Limited ("the Company") as of March 31, 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial controls with Reference to Standalone Financial Statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial controls with Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2026, based on the internal financial controls with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note').

Nature and Purpose of Reserve and Surplus

(a) Securities Premium

Securities Premium represents the amount received by the Company over and above nominal value upon issue of equity shares with premium. The securities premium can be utilised in accordance with the provisions of Section 52 and other applicable provisions of the Companies Act, 2013 and rules framed thereunder.

(b) General Reserve

The General Reserve represents free reserves being an appropriation of profit/retained earnings and kept aside to meet the future requirements as and when they arise. Mandatory transfer to general reserve is not required under the Companies Act, 2013. As the general reserve is created by transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve are not reclassified subsequently to the Statement of Profit and Loss.

(c) Retained Earnings

Retained Earnings represents the amount of accumulated earnings of the Company.

(d) Other Comprehensive Income (OCI)

OCI represents variation in the amount of equity instruments measured at fair value through other comprehensive income.

1. NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

1.1 Company Overview

Vindhya Telelinks Limited (VTL) (“the Company”) is a public limited listed company existing under the provisions of Companies Act, 2013. The Company is engaged in manufacturing and sale of Cables (comprising of telecommunications cables, other types of wires & cables, FRP rods/glass rovings etc.) and Engineering, Procurement and Construction (Turnkey Contracts & Services business). The registered office of the Company is located at Udyog Vihar, P.O. Chorhata, Rewa- 486006 (M.P.), India and its CIN No. is L31300MP1983PLC002134.

The Standalone Financial Statements were approved by the Board of Directors of the Company in their meeting held on 23rd May, 2026.

1.2 Basis of Preparation and Presentation

The financial statements of the Company have been prepared in accordance with and to comply in all material aspects with the applicable Indian Accounting Standards (Ind AS) as notified under the relevant provisions of the Companies Act, 2013 (“the Act”), Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions including Schedule III to the Act as amended from time to time.

The financial statements have been prepared on accrual and going concern basis under historical cost convention, except for the items that have been measured at fair value as required by relevant Ind AS.

Company’s financial statements are presented in Indian Rupees, which is also its functional currency. All amounts in the financial statements and accompanying notes are presented in Indian Rupees in lakhs and have been rounded-off to two decimal place in accordance with the provisions of Schedule III to the Companies Act, 2013 unless stated otherwise.

1.3 Basis of Classification of Current and Non-Current

Assets and Liabilities are classified as either current or non-current as per the Company’s normal operating cycle, and other criteria set out in Schedule III of the Companies Act, 2013. Operating cycle for the business activities of the Company covers the duration of the specific project/contract/product line/service including the defect liability period, wherever applicable, and extends up to the realisation of receivables (including retention monies) within the agreed credit period normally applicable to the respective business verticals/segments. Deferred tax assets and deferred tax liabilities are classified as non-current assets and liabilities respectively.

1.4 Use of Estimates & Critical Judgments

The preparation of financial statements in conformity with generally accepted accounting principles in India requires management to make judgments, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the results of operations during the reporting year end. Although these estimates and associated assumptions are based upon historical experiences and various other factors that are considered relevant besides management’s best knowledge of current events and actions, actual results could differ from these estimates. The estimates and underlying assumptions are reviewed on a periodic basis. Any revision in the accounting estimates is recognised in the period in which the results are known/materialise.

Significant judgments and key sources of estimation in applying accounting policies are as follows:

(a) Lease Arrangements (Refer Note No. 43):

The Company as a lessor enters into certain non-cancellable long term arrangements for passive optical fibre cable networks under IP-1 on Indefeasible Right-of-use Assets (IRU) basis. Considering the nature of arrangements/agreements and upon assessment of other relevant attributes to such transactions, such IRU’s have been disclosed as a finance lease under the applicable Indian Accounting Standard Ind AS-116. Cost of passive optical fibre cable networks under IP-1 is arrived based upon management’s best estimation/allocation of material, subcontracting cost and other cost including cost of mitigating risk associated with such networks. Such estimations include fibre/duct to be sold under a specific route, measurement of contract obligations, etc. The estimates and underlying assumptions are reviewed on a periodic basis.

(b) Estimation of Costs for Revenue Recognition (Refer Note No. 26):

For the purpose of revenue recognition on fixed price projects based on percentage of completion method, the Company determines the stage of completion of the project. The Company estimates the total cost, contract risks (including the estimates of liquidated damages and other claims), price variation claims, etc. The estimation of costs for fixed price contract is based upon the rates agreed with vendors/sub contractors and management’s best estimates of the costs that is allocated and/or would be incurred based upon the past experience and/or industry risk. These estimates are re-assessed at the end of each period.

(c) Useful lives and residual values of Property, Plant and Equipment

Property, plant and equipment represent a material portion of the Company's asset base. The periodic charge of depreciation is derived after estimating useful life of an asset and expected residual value at the end of its useful life. The useful lives and residual values of assets are estimated by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on various external and internal factors including historical experience, relative efficiency and operating costs and change in technology.

(d) Defined benefit obligations:

Defined benefit obligations are measured at fair value for financial reporting purposes. Fair value determined by actuary is based on actuarial assumptions. Management judgement is required to determine such actuarial assumptions. Such assumptions are reviewed annually using the best information available with the Management.

(e) Expected Credit Loss of Trade Receivable & Contract Assets:

Management's judgement is required on assumptions used for estimating the credit loss on trade receivables and contact assets. The Company makes an assessment of the estimated credit losses based on credit risk, project status, past history, latest discussion/correspondence with the customer.

1.5 Summary of Material Accounting policies

(a) Property, Plant and Equipment (PPE)

PPE are stated at cost, net of recoverable taxes, discount, government grants/subsidies and rebates, etc. less accumulated depreciation and impairment loss, if any. Such cost includes purchase price, borrowing cost (if capitalisation criteria are met) and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced.

Spare parts in the nature of PPE are capitalised and depreciated over their remaining useful lives.

Capital work-in-progress comprises of PPE that are not ready for their intended use at the end of reporting period and are carried at cost comprising direct costs, related expenses, other directly attributable costs and borrowing costs (if capitalisation criteria is met).

Gains or losses arising from de-recognition of PPE is measured as the difference between the net disposable proceeds or net realisable value, as the case may be, and the carrying amount (net book value) of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Advances paid towards acquisition of PPE and outstanding at each reporting date is classified as capital advances under other non-current assets. The assets not ready to use on or before the reporting date are disclosed under Capital Work-In-Progress (CWIP).

(b) Investment Property

The Company has certain investments in Buildings which are classified as Investment Property as per the requirement of Ind AS 40. The same is held generally to earn rental income or for capital appreciation or both. The Investment Property has been recognised at cost less accumulated depreciation and impairment, if any. The same has been disclosed separately in the financial statements along with requisite disclosure about fair valuation of such Investment Property at the year end.

(c) Intangible Assets

Intangible assets (mainly comprise of license fees and associated implementation costs incurred for Software) are measured initially at cost only when it is probable that future economic benefits associated with the item will flow to the Company and the cost can be measured reliably. After initial recognition, an intangible asset is carried at its cost, less accumulated amortisation and accumulated impairment losses, if any.

(d) Non-Current Assets (or disposal groups) classified as held for sale:

Non-Current Assets held for sale are presented separately in the Balance Sheet when the following criteria are met:

- The Company is committed to sell the asset;
- The assets are available for sale immediately;

- An active plan of sale has commenced; and
- Sale is expected to be completed within 12 months.

Assets held for sale and disposal groups are measured at the lower of their carrying amount and fair value less cost to sell. Assets held for sale are no longer amortised or depreciated.

(e) Depreciation/Amortisation

Depreciation on PPE is provided on straight line method at the rates determined based on the useful lives of respective assets as prescribed in the Schedule II of the Companies Act, 2013 and/or useful life reviewed and assessed by the Company based on technical evaluation of relevant class of assets, as detailed below:

(i)	Buildings	30/60 years
	Plant and Equipment	3 to 10 years
	Furniture and Fixtures	10 years
	Vehicles	8 to 10 years
	Office Equipment & Computer	3 years

- (ii) Plant and Equipment which were acquired for a specific project are depreciated over the tenure of the project. Depreciation on fixed assets added/disposed-off/discarded during the year is provided on pro-rata basis with respect to the month of addition/disposal/discarding.

Right-of-use Assets (Land) is amortised on a straight line basis over the period of Lease (99 Years).

Right-of-use Assets (Building under operating Lease) is amortised on a straight line basis over the period of lease term (3 to 9 Years).

Intangible Assets are measured at cost and amortised so as to reflect the pattern in which the asset's economic benefits are reasonably expected to flow to the Company. Accordingly, the useful lives of Intangible Assets have been estimated as five years.

Depreciation method, useful lives and residual values are reviewed at each financial year end and adjusted, if considered appropriate.

(f) Impairment of Non-Financial Assets

Assessment is done at each reporting date as to whether there is any indication that an asset (PPE and Intangible) may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit (CGU) is made. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. For the purpose of assessing impairment, the recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. The smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit (CGU). An asset or CGU whose carrying value exceeds its recoverable amount is considered impaired and is written down to its recoverable amount. Assessment is also done at each reporting date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

(g) Government Grants and Subsidies

Grants and subsidies (including industrial investment promotion incentives linked to fixed capital investment in Property, Plant and Equipment, etc.) from the Government(s) are recognised when there is reasonable assurance that the conditions attached to them will be complied and grants/subsidies will be received. Government subsidies/incentives inextricably based upon and linked to fixed capital investments in Property, Plant and Equipment for setting up a new industrial undertaking or for substantial expansion/technological upgradation/diversification of an existing industrial undertaking where no repayment is stipulated are deducted to the extent of carrying amount of Property, Plant and Equipment and balance, if any, credited to the Statement of Profit and Loss.

Export benefits availed as per prevalent schemes are considered accrued and accounted for as such in the year in which the goods are exported subject to the condition that there exists no significant uncertainty with regard to their ultimate collection or availment.

(h) Inventories

Inventories are valued as follows:

Raw Materials, Stores and Spare Parts	Lower of cost and net realisable value. Cost is determined on a transaction moving weighted average basis. However, raw materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.
Traded Goods	Lower of cost and net realisable value. Cost is determined on transaction moving weighted average basis.
Work-in-Progress	Lower of cost and net realisable value. Work in Progress in Cable Segment includes direct materials (determined on a transaction moving weighted average basis), labour and a proportion of overheads. The Valuation of Work in Progress in EPC Segment comprises of materials, Sub-contracting cost and other allocated cost of the respective project / Passive Optical Fibre Cable Network.
Finished Goods	Lower of cost and net realisable value. Cost includes direct materials (determined on a transaction moving weighted average basis), labour and a proportion of manufacturing overheads based on normal operating capacity of relevant production facilities.
Scrap Materials	Estimated Net Realisable value.

Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less estimated cost of completion and estimated cost necessary to make the sale.

(i) Fair Value Measurement

The Company measures financial instruments such as investments (other than equity investments in subsidiaries, joint venture and associates) and derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability to which the Company has access at that date.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable;
- Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of Fair value disclosure, the Company has determined classes of assets and liabilities on the basis of nature, characteristics and risks of the assets or liabilities and the level of the fair value hierarchy as explained above.

Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets and for non-recurring measurement, such as assets held for disposal.

(j) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(1) Financial Assets
(a) Initial recognition and measurement

All financial assets are recognised initially at fair value. In the case of financial assets not recorded at fair

value through profit and loss (FVTPL) transaction costs that are directly attributable to the acquisition or issue of financial assets are adjusted to the fair value on initial recognition. However, trade receivables that does not contain a significant financing component are measured at transaction price.

(b) Subsequent measurement

Financial Assets other than Equity Instruments

(i) Financial Assets Carried at Amortised Cost:

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on principal outstanding. Interest income from such financial asset is included in other income using the effective interest rate ("EIR") method.

(ii) Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI):

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on principal outstanding. They are subsequently measured at each reporting date at fair value, with all fair value movements recognised in Other Comprehensive Income (OCI). On Derecognition of the asset, cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from the OCI to Statement of Profit and Loss.

(iii) Financial Asset at Fair Value through Profit or Loss (FVTPL):

A financial asset which is not classified in any of the above categories is measured at fair value through profit and loss.

Equity Instruments

(i) Investment in subsidiaries, Joint Venture Entity and Associates

The Company has accounted for its Investments in Subsidiaries, Joint venture entity and Associates at cost less allowance of impairment, if any.

(ii) Other Equity Investments

All other equity investments are measured at fair value. Equity Investments, which are held for trading are classified as Fair value through the Statement of Profit and Loss. For equity investments other than held for trading, the Company has exercised irrevocable option to recognise fair value changes in 'Other Comprehensive Income' ("OCI") save & except passive long-term investments in a power producer company for sourcing of renewable energy which are measured at cost by treating it as fair value through Profit and Loss (FVTPL) as per the governing terms and conditions of the Power Purchase Agreement (Refer Note No. 5). The Company makes such election on an instrument-by-instrument basis for those investments which are strategic and are not intended for sale. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. Gain/losses on disposal of such investments are transferred from OCI to Retained Earnings.

(c) Derecognition of Financial Instruments

The Company derecognises financial assets when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109.

(d) Impairment of Financial Assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company determines expected credit losses after taking into account the past history of recovery, risk of default of the counterparty, existing market conditions, etc and after considering all reasonable and supporting information including that which are forward looking, while assessing credit risk. The impairment methodology is applied on individual customer basis and depends on whether there has been a significant increase in the credit risk since initial recognition. The Company reviews its carrying value of investments in subsidiaries, associates and joint ventures, when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

(2) Financial Liabilities
(a) Recognition and Initial Measurement:

Financial liabilities are classified, at initial recognition, as at fair value through profit or loss, loans and borrowings, payables or as derivatives, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

(b) Subsequent Measurement:

Financial liabilities are measured subsequently at amortised cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in the Statement of Profit and Loss.

(c) Derecognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

(3) Offsetting Financial Instruments:

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(4) Derivative Financial Instruments:

The Company enters into derivative financial instruments viz. foreign exchange forward contracts, interest rate swaps and cross currency swaps to manage its exposure to interest rate and foreign exchange rate risks. Derivatives are initially recognised at fair value on the date when the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in the Statement of Profit and Loss immediately.

(k) Income Taxes

Tax expense comprises current income tax and deferred tax. Current income tax expense is measured at the amount expected to be paid to the concerned tax authorities in accordance with the governing provisions of the Income-tax Act, 1961 as amended, modified and notified from time to time. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which are exercised while determining the provisions for Income Tax.

Deferred tax is provided using the balance sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carry forward of unused tax credits and unused tax losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised based upon the likely timing and the level of future taxable profits together with future tax planning strategies. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of reporting period. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Income tax (Current and Deferred) is recognised in the Statement of Profit and Loss except to the extent it relates to the items recognised directly in equity or other comprehensive income.

Current tax assets and Current tax liabilities are offset, if a legally enforceable right exists to set off the recognised amounts and where it intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(l) Revenue from Contract with Customer

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- (i) The Company's performance does not create an asset with an alternate use to the Company and the Company has an enforceable right to payment for performance completed to date.
- (ii) The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced.
- (iii) The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of the goods sold and services rendered is net of variable consideration. Variable consideration includes volume discounts, price variations, liquidated damages, incentives, etc. The Company estimates the variable consideration with respect to above based on an analysis of accumulated historical experience and also underlying contractual terms and conditions. Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue and costs, if applicable, can be measured reliably. Taxes (Goods & Services Tax) collected on behalf of the government are excluded from revenue.

Revenue from Sale of Goods

Performance obligation in case of Revenue from sale of goods is satisfied at a point in time and is recognised when control of goods is transferred to the customers. Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Revenue from Turnkey Projects/Contracts

Performance Obligation in case of revenue from Turnkey Projects/Contracts is satisfied over the period of time, since the customer controls the assets as they are created and the Company has enforceable right to payment for performance completed to date. Revenue from Turnkey Projects/Contracts, where the outcome can be estimated reliably is recognised under the percentage of completion method by reference to the stage of completion of contract activity. The stage of completion is determined on the basis of work certified which is based upon Company's effort or input to the satisfaction of performance obligation. The estimates of contract costs and the revenue thereon are reviewed periodically by the management and the cumulative effect of any changes in the estimates, if any, is recognised in the period in which such changes are determined. Where it is probable that contract expenses will exceed total revenue from a contract, the expected loss is recognised immediately as an expense in the Statement of Profit and Loss.

If contract revenue recognised is in excess of interim/progressive billing, the same is recognised as "Contract Asset". Similarly, if interim/progressive billing exceeds contract revenue, the same is recognised as "Contract Liabilities". Prepayments from customers are recognised as liabilities. Retention money receivable from project customers does not contain any significant financing element, these are retained for satisfactory performance of the contract.

Revenue from turnkey projects/contracts executed under joint operations (in terms of Ind AS-111 "Joint Arrangements"), is recognised on the same basis as adopted in respect of contracts independently executed by the Company.

Export benefits availed as per the prevalent schemes are accrued each year in which the goods are exported and when no significant uncertainty exist regarding the ultimate collection.

Services Income (mainly on account of operation and maintenance) is recognised over the period as per the terms and conditions of the contract.

Interest income is recognised on time proportion basis. Dividend income is recognised when the right to receive payment is established.

(m) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction, production or development of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred. Transaction cost in respect of long term borrowing are amortised over the tenure of respective loans using Effective Interest Rate (EIR) method.

(n) Provisions, Contingent Liabilities and Contingent Assets

The Company recognises a provision when there is a present obligation as a result of past event that probably requires an outflow of resources and reliable estimates can be made of the amount of obligation. The provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change. A disclosure of contingent liability is made when there is possible obligation or a present obligation that will probably not require outflow of resources or where a reliable estimate of the obligation cannot be made. Where there is a possible obligation or a present obligation and likelihood of outflow of resources is remote, no provision or disclosure is made.

Provision for warranty related costs are recognised when the terms and conditions attached to and forming part of the executed portion of the contract of sale of products and/ or providing of services or both are assessed to have underlying obligations to be met during the warranty period. The estimate of such warranty costs is revised annually.

Contingent assets are not recognised but disclosed in the financial statements, where economic inflow is probable.

(o) Operating Segment

The identification of operating segment is consistent with performance assessment and resource allocation by the chief operating decision maker. An operating segment is a component of the Company that engage in business activities from which it may earn revenues and incur expenses (including transactions with any other components of the Company) and for which discrete financial information is available. Operating segments of the Company comprises two segments i.e. Cables and Engineering, Procurement & Construction (EPC). All operating segments are reviewed regularly by the chief operating decision maker to make decisions about resources to be allocated to the segments and assess their performance.

(p) Employee Benefits

Defined Contribution Plan

Contribution to approved Superannuation Fund as per Company's scheme and Employee's Regional Provident Fund is recognised as an expense in the Statement of Profit and Loss for the year when the employee renders the related service.

Defined Benefit Plan

Gratuity, Pension and Compensated Absences benefits, payable as per Company's schemes are considered as defined benefit schemes and are charged to Statement of Profit and Loss on the basis of actuarial valuation carried out at the end of each financial year by independent actuaries using Projected Unit Credit Method. For the purpose of presentation of defined benefit plans, the allocation between short term and long term provisions is made as determined by the independent actuaries. Actuarial gains and losses are recognised in Other Comprehensive Income except actuarial gains and losses on compensated absences benefits which are charged to the Statement of Profit and Loss.

The Provident fund Contribution, other than Contribution to Employee's Regional Provident Fund is made to an approved trust administered by the trustees. The Company has its representation on the board of trust. The Company is liable for any shortfall, if any, in the fund asset based on the government specified minimum rates of return and the same is recognised as an expense in the Statement of Profit and Loss.

Ex-gratia or other amount disbursed on account of selective employees separation scheme or otherwise are charged to Statement of Profit and Loss as and when incurred/determined.

(q) Leases

Where the Company is the Lessee:

The Company's lease asset classes primarily consist of leases for Land and Building. The Company, at the inception of a contract, assesses whether the contract is a lease or not a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a time in exchange for a consideration. The Company has elected not to recognise Right-of-use Assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets and the corresponding lease rental paid are directly charged to the Statement of Profit and Loss. The Company recognises the lease payments associated with these leases as an expense over the lease term. The Company recognises a Right-of-use Asset and a lease liability at the lease commencement date. The Right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial costs incurred. The Right-of-use Asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate. Subsequently, lease liabilities are measured on amortised cost basis.

Where the Company is the Lessor:

Lease under which the Company does not transfer substantially all the risks and benefits of ownership of the asset is classified as operating lease. Assets subject to operating lease are included in Investment Property. Lease income from operating lease is recognised in the Statement of Profit and Loss on a straight line basis over the lease term. Costs including depreciation are recognised as an expense in the Statement of Profit and Loss.

Finance lease transactions (including Indefeasible Right-of-use Assets (IRU) Networks) where control, significant risks and rewards incidental to ownership are effectively transferred/term of the lease covers the estimated economic useful life of the concerned IRU networks, are recognised as outright sales. Profit or Loss resulting from outright sales of IRU networks is recognised in the Statement of Profit and Loss immediately.

(r) Interest in Joint Operations

A Joint Operation is a Joint Arrangement where the parties/venturers have contractual agreed rights and obligations rather than legal structure of the Joint Arrangement. When a Company undertakes its activities under Joint Operations, the Company as a Joint Operator recognise its interest in jointly held assets, liabilities, revenue and expenses of Joint Operations and incorporate it in the financial statements under the appropriate headings.

(s) Foreign Currency Transactions/Translations

Transactions in foreign currencies are initially recorded in the functional currency, by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Foreign currency monetary items are translated into functional currency using the exchange rate prevailing at the reporting date.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the exchange rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or expenses in the Statement of Profit and Loss in the year in which they arise.

(t) Segment Reporting - Identification of Segments:

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

(u) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders of the Company by the weighted average number of the equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit or loss attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the year is adjusted for the effect of all dilutive potential equity shares.

(v) Cash and Cash Equivalents

Cash and Cash equivalent for the purpose of cash flow statement comprise cash on hand, cheques on hand, demand deposits with banks and short-term investments with an original maturity of three months or less from the date of acquisition, which are subject to an insignificant risk of change in value. Cash and Cash Equivalents consists of balances with banks which are unrestricted for withdrawal and uses.

(w) Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. In May 2025, MCA notified amendments to:

Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 – The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.

Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025-the amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any impact in its financial statements.

Ind AS 12, International Tax Reform Pillar Two Model Rules applicable immediately. The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. The Company does not operate in any overseas jurisdiction; accordingly, there is no impact from the application of Pillar Two rules.

Expected Return on Plan Assets	6.99% p.a.	7.24% p.a.	N.A.	N.A.
Remaining Working Life (Years)	20.15 years	21.69 years	N.A.	N.A.

*For first five years it is assumed that salary rise shall be 1.50% for non-workers.

The estimates of future salary increases, considered in actuarial valuation, take into account the effect of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. The overall expected rate of return on plan assets is determined based on the market prices prevailing as on Balance Sheet date, applicable to the period over which the obligation is to be settled.

(viii) Quantitative sensitivity analysis for significant assumptions:

Reasonably possible changes at the year end, to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation as the amounts shown below: -

(₹ in lakhs)

Description	Delta Effect of	Gratuity (Funded)

The fair value of financial assets and liabilities is included at the amount at which instruments could be exchanged in a current transaction between the willing parties. The following methods and assumptions were used to estimate the fair value:

- The Company has opted to fair value its quoted equity instruments at its market quoted price through Other Comprehensive Income (OCI), save and except investments in Associates which are valued at cost.
- The Company has opted to fair value its unquoted equity instruments through OCI at its Net Asset Value/Adjusted Net Asset Value save and except investments in Wholly Owned Subsidiaries and an Associate which are valued at cost.
- Investment in Continuum MP Windfarm Development Pvt. Ltd. for sourcing renewable energy is considered at fair value through profit or loss and valued as per terms and conditions of the agreement.
- The fair values of cash and cash equivalents, other bank balances, trade receivables, other current financial assets, short term borrowings, trade payables and other current financial liabilities approximates their carrying amounts largely due to the short-term maturities of these instruments. The Company has adopted Effective Interest Rate Method (EIR) for fair valuation of long term borrowings, non-current financial assets and non-current financial liabilities.
- The fair value of forward exchange and swap contracts is based on valuation certificate given by respective banks.

Fair Value Hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

48. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES:

The Company's activities are exposed to a variety of financial risks from its operations. The key financial risks include Market Risk, Credit Risk and Liquidity Risk.

(a) Market Risk:

Market Risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market Risk comprises mainly four types of Risk: Foreign Currency Risk, Interest Rate Risk, Rights of the Way and Other Contractual Obligation Risk, Other Price Risk such as Commodity Price Risk and Equity Price Risk.

(i) Foreign Currency Risk:

Foreign Currency Risk has underlying risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company is exposed to foreign exchange risk arising from foreign currency transactions of imports, exports and borrowings primarily with respect to USD and EURO. The Company's exports are denominated generally in USD and EURO, thereby providing a natural hedge to that extent against foreign currency payments on account of imports of raw materials and/or the repayment of borrowings and interest thereon. The foreign currency transaction risk is also managed through selective hedging programmes by way of forward contracts including for underlying transactions having firm commitments or highly probable forecast of crystallisation.

The Company uses forward exchange contracts to hedge its exposure in foreign currency. The details of foreign currency exposures hedged by derivative instruments and those that have not been hedged are as follows:

(ii) Interest Rate Risk:

Interest rate risk has underlying risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any changes in the interest rates could have unforeseen impact on Company's cost of borrowings, thus impacting the profit and loss. The Company mitigates this risk by regularly assessing the market scenario, finding appropriate financial instruments like interest rate negotiations and low cost instruments.

(₹ in lakhs)

Type of Exposure	As at 31 st March, 2026	As at 31 st March, 2025
Variable Rate Borrowings (including Short Term Borrowings)	138920.50	111893.07

Interest Rate Sensitivity:

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on affected financial assets.

(₹ in lakhs)

Particulars	2025-26	2024-25
Interest Rate increase by 0.25% (25 basis points)	(347.30)	(279.73)
Interest Rate decrease by 0.25% (25 basis points)	347.30	279.73

(iii) Rights of the Way and other Contractual Obligation Risk:

The Rights of the Way and other permission are subject to governing terms and conditions and varying interpretations each of which may result in modifications, expiry of terms, additional payments and/or restoration liability, etc. which could adversely affect the passive optical fibre cable networks under IP-1 and Turnkey Projects. Further, the IRU agreements and turnkey projects with customers have certain underlying obligations relating to rectification, replacement major maintenance and other contract risks during the validity period of such contract. The Company estimates the total contract risks (including the estimates of liquidated damages and other claims), price variation claims, etc. and warranty obligation based upon management's best estimates of expected cost to meet such obligations.

(iv) Commodity Price Risk:

The Company is affected by the price volatility of certain commodities. Its operating activities require the purchase of raw materials and bought out components for manufacturing of Cables and Turnkey Contract & Services respectively. It requires a continuous supply of certain raw materials & brought out components such as optical fibre, copper, aluminium, plastic and polymers, ducts, power cables, conductors, transformers, fabricated steel, poles, associated equipments etc. To mitigate the commodity price risk, the Company has an approved supplier base to get the best competitive prices for the commodities and also to manage the cost without any compromise on quality.

(v) Equity Price Risk:

The Company is exposed to equity price risk arises from Investments in Quoted Equity Shares held by the Company and classified in the Balance Sheet at cost and at fair value through OCI. Having regard to the nature of quoted equity shares, intrinsic worth, intent and long term nature of investments, fluctuation in market prices are considered acceptable and do not warrant any management estimation.

(b) Credit Risk:

Credit risk is the risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due causing financial loss to the Company. The Company is exposed to credit risk from its operating activities primarily arising from Trade Receivables from customers and other financial instruments, Corporate guarantee given to banks as collateral against term loan(s) and working capital credit facilities to a body Corporate, Birla Cable Limited.

Customer credit risk is managed by each business segment and is subject to the Company's established policy, procedures and control framework relating to customer credit risk management. The Company assesses the credit quality of the counterparties taking into account their financial position and credit worthiness, on the age of specific receivable balance and the current and expected collection trends, age of its contracts in progress, historically observed default over the expected life of trade receivables. Company's EPC business segment customers profile mainly include Government

owned utilities/entities/and both public and private telecom sector operators and service providers. Credit risk on receivables is limited due to the Company's large and diverse customer base which includes public sector enterprises, Central/State utilities and private corporates. Credit risk is reduced to a significant extent if the projects(s) are funded by the Central and State Governments and also by receiving pre-payments (including mobilization advances) and achieving project completion milestone within the contracted completion schedule. Credit risk is also actively managed by securing payment through Letter of credit, advance payments and bill discounting without recourse to the Company. Outstanding customer receivables are regularly monitored and assessed. Allowance for Impairment or expected credit loss for trade receivables if any, is provided on the basis of respective credit risk of individual customer as on the reporting date.

The lenders assesses the credit quality of Birla Cable Limited on a regular basis. Further, considering its financial position, intrinsic value, business profile and future growth prospects, the credit risk is low.

The fixed deposits with banks (except short-term deposits shown under cash and cash equivalent) predominantly comprises of margin money against bank guarantees, letter(s) of credit, etc. as per the terms of sanction of non fund based credit facilities and the Company is not exposed to credit risk based on historical records of no or stray cases of invocation of bank guarantees or devolvement of LC's.

(c) Liquidity Risk:

Liquidity risk is the risk where the Company may encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when due.

The table below summarises the maturity profile of Company's financial liabilities based on contractual payments:

INDEPENDENT AUDITOR'S REPORT

To the Members of Vindhya Telelinks Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of Vindhya Telelinks Limited (including its 2 joint operations) ("the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associate companies which comprise the Consolidated Balance Sheet as at March 31, 2026, and the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of the material accounting policies and other explanatory information (hereinafter referred to as the "consolidated financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Group and its associate companies as at March 31, 2026, their consolidated profit and total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its associate companies in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained together with the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matters section below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Emphasis of Matter

4. We draw attention to Note No. 53 of the consolidated financial statements in respect of the financial statements of three wholly owned subsidiaries of the Holding Company not being considered for consolidation since April 1, 2021 due to the reason explained therein.

Our opinion on the Consolidated Financial Statements is not modified in respect of this matter.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Key Audit Matter	Audit Response
<p>Revenue recognition for construction contracts (including an associate company):</p> <p>The Company enters into engineering, procurement and construction contracts, which are composite in nature. Contract prices are either fixed or subject to escalation/price variation clauses. Revenue from construction contracts is recognized over time in accordance with applicable accounting standard. The management is required to make various accounting estimates and judgements like identification of performance obligation, determination of transaction price, assessment of stage of completion, the timing of revenue recognition, estimation of project costs and revenue. The process among others, take into consideration contract risks, price variation claims, liquidated damages & penalties, periodic certification from customers, cost estimation, recoverability of trade receivables. The management periodically reviews the estimates involved and any cumulative effect of such revision are recognized in the period in which such changes are determined. Given the significance of the amounts involved and the degree of judgement in revenue recognition as stated above, we determined this to be a key audit matter.</p> <p>{Refer note no. 28 and 39 of the consolidated financial statements}.</p>	<p>Our audit procedure included, among others:</p> <ul style="list-style-type: none"> • We obtained an understanding of the company's process for estimating and recognizing contract revenue. • We performed walkthrough procedures over the process of identification of performance obligation. • We tested the design and implementation of internal control over the quantification of the estimates used as well as the operating effectiveness of such control. • We performed test of details and reviewed relevant contracts and documents with specific focus on measurement of work completed as at the year-end for computation of unbilled revenue/excess billed over revenue. • We tested appropriateness of the disclosures in the financial statements in respect of such construction contracts to ensure compliance with Ind AS 115. Based on our work as stated above, no significant deviations were observed.
<p>Indefeasible Right to Use (IRU) - Lease arrangements (including a wholly owned subsidiary):</p> <p>The Company as a lessor enters into certain non-cancellable long-term lease arrangements for passive optical fibre cable networks under IP-1 on Indefeasible Right to Use (IRU) basis. As per the accounting policy, such arrangements are treated as Outright-sales and Profit or loss is recognized in the statement of profit and loss immediately. Determination of the cost of sales and carrying amount of unsold passive optical fibre network requires significant estimates and management judgement with respect to allocation of material cost, subcontracting cost and other costs based on total estimated fibre pairs/duct expected to be sold over a specific route. The estimates and underlying assumptions are reviewed on a periodic basis. Given the significance of such arrangement & the judgements involved, we determined this to be a key audit matter.</p> <p>{Refer note no. 11 and 43(c) of the consolidated financial statements}.</p>	<p>Our audit procedure included, among others:</p> <ul style="list-style-type: none"> • We obtained an understanding of the accounting treatment followed for revenue recognition vis-à-vis IRU contracts entered into by the Company. • We tested the terms and conditions of the contracts and evaluated the point of transfer of control. • We tested the estimates involved in allocation of cost of sales of between sold and unsold portion of the network. • We tested the adequacy of the disclosures in the Notes to the consolidated financial statements.
<p>Expected Credit Loss of Trade Receivables:</p> <p>Management's judgement is required on assumptions used for estimating the credit loss on trade receivables. The Company makes an assessment of the estimated credit losses based on credit risk, project status, past history, latest discussion/ correspondence with the customer. Given the significance of trade receivables in the financial statements as at March 31, 2026, we determined this to be a key audit matter.</p> <p>{Refer note no. 7, 12, and 47(b) of the consolidated financial statements}.</p>	<p>Our audit procedure included, among others:</p> <ul style="list-style-type: none"> • We assessed the company's processes and controls relating to the monitoring of trade receivables and identification of collection risks. • We discussed with senior management regarding status and recoverability of significant outstanding balances. • We reviewed subsequent receipts from customers after the year end. • We assessed management's assumptions used to determine the impairment loss on trade receivables, including ageing and overdue balances.

Key Audit Matter	Audit Response
	<ul style="list-style-type: none"> We performed additional procedures, in respect of overdue trade receivables such as historical payment records, verification of last bills certified, correspondence with customers and discussions with internal and external legal counsel, where considered necessary.
<p>Recoverability of MAT credit entitlement in future –Relating to an associate Company:</p> <p>An associate has recognised deferred tax assets mainly on account of tax credit available for set off (Minimum Alternate Tax) under the Income Tax Act, 1961. Under Ind AS 12 – Income Taxes, deferred tax assets shall be recognised to the extent that it is probable that future taxable profit will be available against which the unused tax credit can be utilised.</p>	<p>Audit procedures included, among others, review of:</p> <ul style="list-style-type: none"> the appropriateness of the methodology applied by the associate Company with applicable Indian accounting standards and applicable taxation laws along with the future business forecast of taxable profits. the likelihood of the associate Company to utilize the available MAT credit entitlements in the future with underlying projections and assumptions relating to future estimated profits, future capitalisations and depreciation allowance thereon and future estimates of taxable income. the adequacy of the associate company’s disclosures on deferred tax assets and assumptions used. <p>Based on our work as stated above, no significant deviations were observed.</p>
<p>Litigations and Claims - Relating to an associate Company:</p> <p>An associate is exposed to different laws, regulations and interpretations thereof which encompasses direct/indirect taxation and legal matters. In the normal course of its business, provisions and contingent liabilities may arise from legal and tax proceedings, including regulatory and other Governmental proceedings, constructive obligations as well as investigations by authorities and commercial claims. Based on the nature of regulatory and legal cases its management applies significant judgement when considering whether, and how much, to provide for the potential exposure of each matter. These estimates could change significantly over time as new facts emerge and each legal case progresses. Given the inherent complexity and magnitude of potential exposures and the judgement necessary to estimate the amount of provisions required or to determine required disclosures, this is a key audit matter.</p>	<p>Audit procedure, in response to this key Audit Matter included, among others:</p> <ul style="list-style-type: none"> Assessment of the process and relevant controls implemented to identify legal and tax litigations and pending administrative proceedings of the associate company. Assessment of assumptions used in the evaluation of possible legal and tax risks by the legal and tax department of the associate company considering the legal precedence and other rulings in similar cases. Inquiry with the legal and tax divisions of the associate company regarding the status of the most significant disputes and perusal of the relevant documentation. Taking note of opinion received from the experts, where available. Review of the adequacy of the disclosures in the notes to the consolidated financial statements. <p>Based on our work as stated above, no significant deviations were observed.</p>

Other Information

6. The Holding Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report but does not include the consolidated financial statements and our auditor’s report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed and the reports of the other auditors as furnished to us (refer paragraph 15 below), we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Managements and Board of Directors' Responsibility for the Consolidated Financial Statements

7. The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated state of affairs, consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group including its associate companies in accordance with the accounting principles generally accepted in India, including the Ind AS. The respective Management and Board of Directors of the Companies included in the Group and of its associate companies are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the each Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of Consolidated Financial Statements by the Management and Directors of the Holding Company, as aforesaid.
8. In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group and of its associate companies are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
9. The respective Board of Directors of the Companies included in the Group and of its associate companies are responsible for overseeing the financial reporting process of each Company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
11. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group and its associate (based on the auditor's report of respective companies), has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the consolidated financial statements made by the Management and Board of Directors.
 - Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group and its associate companies' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate companies to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate companies of which we are the independent auditors, to express an opinion on the Consolidated

Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

12. We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

15. We did not audit the financial statements and other financial information of an associate. The Consolidated financial statements include Group's share of profit after tax of ₹ 5003.58 lakhs and total comprehensive income of ₹ 3898.16 lakhs for the year ended March 31, 2026, has been considered in the financial statements. These financial statements have been audited by the other auditor whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this associate and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information in so far it relates to the aforesaid associate is based on the report of the other auditor.
16. We did not audit the financial statements and other information of an associate. These financial statements are unaudited and have been furnished to us by the Management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of an associate and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information in so far it relates to the aforesaid associate, is based solely on such unaudited financial statements.
Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors and financial statements furnished by the Management.
17. The consolidated financial statements of the Company for the year ended March 31, 2025, have been audited by the predecessor auditors who expressed an unmodified opinion on those financial statement vide their report dated May 22, 2025.
Our opinion is not modified in respect of the above matter.

Report on Other Legal and Regulatory Requirements

18. As required by the paragraph 3(xxi) of Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, based on our audit and on the consideration of our report on the financial statement of an associate company incorporated in India, we give in the 'Annexure A' a statement on the matters specified in paragraph 3(xxi) of the Order.
19. As required by Section 143(3) of the Act, based on our audit and based on the consideration as noted in the 'Other Matters' paragraph, above we report, to the extent applicable, that:
 - (a) We/the other auditor whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements;
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;

- (c) The Consolidated Balance Sheet, the Consolidated statement of Profit and Loss (including other comprehensive income), the Consolidated statement of changes in equity and the Consolidated statement of Cash Flows dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the Consolidated Financial Statements;
- (d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Ind AS specified under section 133 of the Act.
- (e) On the basis of the written representations received from the respective directors of the Holding Company as on March 31, 2026, taken on record by the Board of Directors of the Holding Company, its wholly owned subsidiary, its associate and the reports of the statutory auditors of its associate whose audit under Section 143 of the Act has been completed, none of the directors of the Group companies and its associate is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting and operating effectiveness of such controls of the Holding Company, its associate companies and wholly owned subsidiary Company, whose audit reports have been provided to us, we give our separate Report in “Annexure B”.
- (g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/ provided by the Holding Company and its associate companies to their respective directors during the year is in accordance with the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration as noted in the ‘Other Matters’ paragraph:
 - (i) The Consolidated Financial Statements disclose the impact of pending litigations as at March 31, 2026 on the consolidated financial position of the Group and its associate companies – Refer to Note No. 38 to the Consolidated Financial Statements;
 - (ii) The Group and its associate companies did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group and its associates.
 - (iv)
 - (a) The respective managements have represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Group and its associates to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The respective managements have represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Group and its associates from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) of Companies (Audit and Auditors) Rules, 2014, as provided under (a) and (b) above, contain any material misstatement
 - (v)
 - (a) The final dividend proposed in the previous year, declared and paid by the Company and associate companies during the year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.
 - (b) The respective Board of Directors of the Holding Company, associate companies have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting of the respective companies. The amount of dividend proposed is in accordance with section 123 of the Act as applicable.
 - (vi) Based on our examination which included test checks and upon consideration of audit reports of associate company, whose audit reports have been furnished to us, the Holding Company, wholly owned subsidiary, its associate companies have used accounting software for maintaining its books of account which has a feature of recording audit trail (edit-

log) facility and the same have operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit and upon consideration of audit reports of associate company, we did not come across any instance of audit trail feature being tampered with and the audit trail has been preserved by the Holding Company, a wholly owned subsidiary and its associate companies as per the statutory requirements for record retention. The Financial statements of an associate have not been audited under the provisions of the Act as of the date of this report. Therefore, we are unable to comment on the reporting requirement under Rule 11(g) of the Companies (Audit and Auditor) Rules, 2014 in respect of such associate.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS OF VINDHYA TELELINKS LIMITED FOR THE YEAR ENDED MARCH 31, 2026

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

Opinion

1. In conjunction with our audit of the consolidated financial statements of the Holding Company, its subsidiary and associates as at and for the year ended March 31, 2026, we have audited the internal financial controls with respect to consolidated financial statements of the Holding Company, its subsidiary (together referred to as the "Group") and its associate companies.

Management's Responsibility for Internal Financial Controls

2. The respective Boards of Directors of the Holding company, its wholly owned subsidiary, and its associate companies, which are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company, its wholly owned subsidiary and associate companies, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ("ICAI") prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to the Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to the Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the Consolidated Financial Statements whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial controls with Reference to Consolidated Financial Statements

6. A Company's internal financial control with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to Consolidated Financial Statements includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to Consolidated Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated

Financial Statements to future periods are subject to the risk that the internal financial control with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company, its wholly owned subsidiary and its associates, have, in all material respects, an adequate internal financial controls system with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matter

9. Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to an associate, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not modified in respect of this matter.
10. Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to an associate, whose financial information is unaudited and whose efficacy of internal financial controls with reference to consolidated financial statements is based solely on the Management's certification provided to us.

Our opinion is not modified in respect of the above matters.

Nature and Purpose of Surplus
(a) Securities Premium

Securities premium represents the amount of premium received by the Holding Company upon issue of equity shares. The reserve is utilised in accordance with the provisions of Section 52 and other applicable provisions of the Companies Act, 2013.

(b) General Reserve

The General Reserve represents free reserves being an appropriation of profit/retained earnings and kept aside to meet the future requirements as and when they arise. Mandatory transfer to general reserve is not required under the Companies Act, 2013. As the General Reserve is created by transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to the Statement of Profit and Loss.

(c) Reserve Fund

Reserve Fund represents statutory reserve created by Non Banking Finance Company (NBFC) subsidiaries under Reserve Bank of India Act, 1947.

(d) Capital Reserve

Difference between the cost of the investment in the Subsidiaries and the Holding Company's portion in Equity of the Subsidiaries at the time of acquisition. It also includes consolidated share of the Holding Company in the Capital Reserve of an associate.

(e) Retained Earning

Retained Earnings represents the amount of accumulated earnings of the Group.

(f) Equity Instruments Fair Value Through OCI

Equity Instruments Fair Value Through OCI represents variation in the amount of equity instruments measured at fair value through other Comprehensive Income.

(g) Cash Flow Hedge Reserve

The Group has designated certain hedging instruments as cash flow hedges and any effective portion of the cashflow hedge is maintained in the said reserve. In case the hedging becomes ineffective or instruments settled, the amount will be transferred to the Statement of Profit and Loss.

(h) Revaluation Reserve

Revaluation Reserve represents the share in revaluation of free hold land of Birla Corporation Limited, an Associate of the Holding Company, valued by a registered valuer as defined in Companies Act, 2013.

1. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2026

1.1 Company Overview

Vindhya Telelinks Limited (VTL) (“the Company”) is a public limited listed company incorporated under the Companies Act, 1956 (now replaced by the Companies Act, 2013). The Company is engaged in manufacturing and sale of Cables (comprising of telecommunications cables, other types of wires & cables, FRP rods/glass rovings etc.) and Engineering, Procurement and Construction (Turnkey Contracts & Services business). The registered office of the Company is located at Udyog Vihar, P.O. Chorhata, Rewa- 486006 (M.P.), India and its CIN No. is L31300MP1983PLC002134.

The Consolidated Financial Statements were approved by the Board of Directors of the Company in their meeting held on 23rd May, 2026. The Consolidated Financial Statements as at 31st March, 2026 represent the financial position of the Company (“Holding Company”) and its Subsidiaries (Refer Note No. 53) (collectively referred as ‘Group’) and its interest in Associates. Details of Subsidiaries and Associates which are consolidated as follows:

Wholly Owned Subsidiaries (WOS)	Country of Incorporation	Ownership Interest
August Agents Limited (AAL)	India	100.00%
Insilco Agents Limited (IAL)		100.00%
Laneseda Agents Limited (LAL)		100.00%
VTL Digital Infrastructure Private Limited (VDIPL)*		100.00%
Associates		
Universal Cables Limited (UCL)		30.34%
Birla Corporation Limited (BCL)		31.68%
Punjab Produce Holdings Limited (PPHL)		48.04%

* The name of Birla Visabeira Private Limited is changed to VTL Digital Infrastructure Private Limited w.e.f. 19th May, 2025.

1.2 Basis of Preparation and Presentation

The Consolidated Financial Statements have been prepared in accordance with and to comply in all material aspects with Indian Accounting Standards (Ind AS) as notified under the relevant provisions of the Companies Act, 2013 (the Act), Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act, as applicable.

The Consolidated Financial Statements have been prepared on accrual and going concern basis under historical cost convention, except for the items that have been measured at fair value as required by relevant Ind AS.

Consolidated Financial Statements are presented in Indian Rupees, which is also its functional currency. All amounts in the financial statements and accompanying notes are presented in lakhs (Indian Rupees) and have been rounded-off to two decimal places in accordance with the provisions of Schedule III of the Companies Act, 2013, unless stated otherwise.

1.3 Basis of Consolidation

- The Financial Statements of the Holding Company and its subsidiaries have been consolidated on a line by line basis by adding together the book value of like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and unrealised profits or losses, if any, in accordance with Ind AS 110 – “Consolidated Financial Statements”.
- In case of Associates (where the Holding Company holds directly or indirectly through subsidiaries 20% or more equity or/and exercises significant influence), investments are accounted for by using equity method in accordance with Ind AS 28 – “Investments in Associates and Joint Ventures”.
- The difference between the cost of investment and the share of net assets at the time of acquisition of shares in the associates or subsidiaries is identified in the financial statements as Goodwill or Capital Reserve as the case may be. However, Goodwill in case of Associate is not separately recognised but included in the value of investments while Goodwill on consolidation of Subsidiary is recognised separately in the Consolidated Balance Sheet.
- Post acquisition, the Holding Company accounts for its share in the change in net assets of the Associates and Joint Venture (after eliminating unrealised profits and losses resulting from transactions between the group and its associates to the extent of its share) through Statement of Profit and Loss and Other Comprehensive Income.

1.4 Summary of Material Accounting Policies

The Accounting Policies of the Holding Company, its Subsidiaries, Joint venture and Associates are largely similar except in case of an associate company where land is revalued under fair value model. Other material Accounting Policies of the Consolidated Financial Statements are as given in the Standalone Financial Statements.

Remaining Working Life (Years)	20.15 years	21.69 years	N.A.	N.A.

* For first five years it is assumed that salary rise shall be 1.50% for non-workers.

The estimates of future salary increases, considered in actuarial valuation, take into account the effect of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. The overall expected rate of return on plan assets is determined based on the market prices prevailing as on the Balance Sheet date, applicable to the period over which the obligation is to be settled.

(viii) Quantitative Sensitivity Analysis for Significant Assumptions:

The fair value of financial assets and liabilities is included at the amount at which instruments could be exchanged in a current transaction between the willing parties. The following methods and assumptions were used to estimate the fair value:

- (A) The Group has opted to fair value its investments in Mutual Funds at its NAV.
- (B) The Group has opted to fair value its quoted equity instruments at its market quoted price through Other Comprehensive Income(OCI).
- (C) The Group has opted to fair value its unquoted equity instruments through OCI at its Net Asset Value/Adjusted Net Asset Value.
- (D) The Group has valued Tax free Bonds at Amortised Cost. The fair value approximate carrying value.
- (E) The fair values of cash and cash equivalents, other bank balances, trade receivables, other current financial assets, short term borrowings, trade payables and other current financial liabilities approximates their carrying amounts largely due to the short term maturities of these instruments. The Group has adopted Effective Interest Rate Method (EIR) for fair valuation of long term borrowings, non current financials assets and non current financial liabilities.
- (F) The Fair Value of forward exchange and swap contracts is based on valuation certificate given by respective banks.

Fair Value Hierarchy

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

47. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES:

The Group activities are exposed to a variety of Financial Risks from its Operations. The key financial risks include Market Risk, Credit Risk and Liquidity Risk.

(a) Market Risk:

Market Risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market Risk comprises mainly four types of Risk: Foreign Currency Risk, Interest Rate Risk, Rights of the Way and other Contractual Obligation Risk, Other Price Risk such as Commodity Price risk and Equity Price Risk.

(i) Foreign Currency Risk:

Foreign Currency Risk has underlying risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Holding Company is exposed to foreign exchange risk arising from foreign currency transactions of imports, exports and borrowings primarily with respect to USD and EURO. The Holding Company's exports are denominated generally in USD and EURO, thereby providing a natural hedge to that extent against foreign currency payments on account of imports of raw materials and/or the repayment of borrowings and interest thereon. The foreign currency transaction risk is also managed through selective hedging programmes by way of forward contracts including for underlying transactions having firm commitments or highly probable forecast of crystallisation.

The Holding Company uses forward exchange contracts to hedge its exposure in foreign currency. The details of foreign currency exposures hedged by derivative instruments and those that have not been hedged are as follows:

(ii) Interest Rate Risk:

Interest rate risk has underlying risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any changes in the interest rates could have unforeseen impact on Holding Company's cost of borrowings, thus impacting the profit and loss. The Holding Company mitigates this risk by regularly assessing the market scenario, finding appropriate financial instruments like interest rate negotiations and low cost instruments.

(₹ in lakhs)

Variable Rate Borrowings (including Short term Borrowings)	142520.50	115493.07

Interest Rate Sensitivity:

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on affected financial instruments.

(₹ in lakhs)

Particulars	2025-26	2024-25
Interest Rate Increase by 0.25%	(356.30)	(288.73)
Interest Rate Decrease by 0.25%	356.30	288.73

(iii) **Rights of the Way and other Contractual Obligation Risk:**

The Rights of the Way and other permission are subject to governing terms and conditions and varying interpretations each of which may result in modifications, expiry of terms, additional payments and/or restoration liability, etc. which could adversely affect the passive optical fibre cable networks under IP-1/Turnkey Projects. Further, the IRU agreements and turnkey projects with customers have certain underlying obligations relating to rectification, replacement, major maintenance and other contract risks during the validity period of such agreements. The Holding Company estimates the total contract risks (including the estimates of liquidated damages and other claims), price variation claims, etc. and warranty obligation based upon management's best estimates of expected cost to meet such obligations.

(iv) **Commodity Price Risk:**

The Holding Company is affected by the price volatility of certain commodities. Its operating activities require the purchase of raw materials and bought out components for manufacturing of Cables and Turnkey Contract & Services respectively. It requires a continuous supply of certain raw materials & bought out components such as optical fibre, copper, aluminium, plastic and polymers, ducts, power cables, conductors, transformers, fabricated steel, poles, associated equipments etc. To mitigate the commodity price risk, the Holding Company has an approved supplier base to get the best competitive prices for the commodities and also to manage the cost without any compromise on quality.

(v) **Equity/Mutual Fund Price Risk:**

The Group has exposure to price risk arises from equity instruments and mutual funds held by the Group. Equity instruments other than investment in Associates & Joint Ventures are classified in the balance sheet at fair value through OCI. Having regard to the nature of such securities, intrinsic worth, intent and long term nature of securities, fluctuation in their prices are considered acceptable and do not warrant any management estimation. Investments in Mutual Funds are held for trading and are fair valued through profit or loss.

(b) Credit Risk:

Credit risk is the risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due causing financial loss to the Holding Company. The Holding Company is exposed to credit risk from its operating activities primarily arising from Trade Receivables from customers and other financial instruments, corporate guarantee given to banks as collateral against term loan(s) and working capital credit facilities to a body corporate, Birla Cable Limited.

Customer credit risk is managed by each business segment and is subject to the Holding Company's established policy, procedures and control framework relating to customer credit risk management. The Holding Company assesses the credit quality of the counterparties taking into account their financial position and credit worthiness, on the age of specific receivable balance and the current and expected collection trends, age of its contracts in progress, historically observed default over the expected life of trade receivables. The Holding Company's EPC business segment customers profile mainly include Government owned utilities, entities and both public and private telecom sector operators and service providers. Credit risk on Receivables is limited due to the Holding Company's large and diverse customer base which includes public sector enterprises, Central/State utilities and private corporates. Credit risk is reduced to a significant extent if the projects(s) are funded by the Central and State Governments and also by receiving pre-payments (including mobilization advances) and achieving project completion milestone within the contracted completion schedule. Credit risk is also actively managed by securing payment through Letter(s) of credit, advance payments and bill discounting without recourse to the Holding Company. Outstanding Customer Receivables are regularly monitored and assessed. Allowance for Impairment or expected credit loss for trade receivables if any, is provided on the basis of respective credit risk of individual customer as on the reporting date.

The lenders assesses the credit quality of Birla Cable Limited on a regular basis. Further, considering its financial position, intrinsic value, business profile and future growth prospects, the credit risk is low.

The fixed deposits with banks (except short term deposits shown under cash and cash equivalent) predominantly comprises of margin money against bank guarantees, letter(s) of credit, etc. as per the terms of sanction of non-funded credit facilities and the Group is not exposed to credit risk based on historical records of no or stray cases of invocation of bank guarantees or devolvement of LC's.

(c) Liquidity Risk:

Liquidity risk is the risk where the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when due.

The table below summarises the maturity profile of Group's financial liabilities based on contractual undiscounted payments:

49. CAPITAL MANAGEMENT:

The Group's primary objective with respect to capital management is to ensure continuity of business and support the growth of the Company while at the same time provide reasonable returns to its various stakeholders and maximise shareholders value. In order to achieve these objectives, requirement of capital is reviewed periodically with reference to operating and business plans that take into account capital expenditure and strategic investments. Sourcing of capital is done through judicious combination of equity/internal accruals and borrowings, both short term and long term. The capital structure is governed by policies approved by the Board of Directors and the Group monitors capital by applying net debt (total borrowings less current investments and cash and cash equivalents) to equity ratio. The Group manages its capital structure and make adjustments in the light of changes in economic conditions and the requirements of financial covenants attached to the interest bearing loans and borrowings that define capital structure requirements. No changes were made in the objectives, policies or processes for managing capital during the year ended 31st March, 2026 or corresponding previous year.
