TEMBO
Powering Ahead

PRESS RELEASE

Tembo Group Commences Solar Power Generation at Four Sites in Maharashtra ***Three sites in Dhule District and one site in Jalgaon become operational in August 2026***

Mumbai, August 11, 2026: Tembo Global Industries Limited (NSE: TEMBO), a leading engineering-driven industrial solutions provider for sectors such as oil & gas, chemicals, construction, power, shipbuilding, nuclear, HVAC, and OEM installations is pleased to announce a significant milestone in its renewable energy journey, with four solar power generation sites of Tembo Group companies becoming operational during August 2026.

Of the four operational sites, three are located in Dhule District and one is located in Jalgaon, Maharashtra. The commencement of operations at these sites marks an important step in the Group's strategy to diversify its business portfolio and establish a sustainable presence in the renewable energy sector.

The commissioning of these projects demonstrates Tembo Group's continued focus on expanding its renewable energy capabilities and contributing towards India's transition to clean and sustainable sources of energy.

Commenting on the development, Managing Director of Tembo Global Industries, Mr. Sanjay J. Patel said:

"We are pleased to announce the commencement of solar power generation at four of our project sites in Maharashtra during August 2026. With three sites in Dhule District and one in Jalgaon now operational, we have achieved an important milestone in the development of our renewable energy business."

Solar energy forms an important part of Tembo Group's diversification and long-term growth strategy. The successful operationalisation of these sites reflects our commitment towards building sustainable businesses while contributing to India's growing renewable energy requirements. We look forward to progressively strengthening our presence in the renewable energy sector."

About Tembo Global Industries Ltd. (TGIL)

Incorporated in 2010, Tembo Global Industries stands as a prominent entity in the industrial sector, specializing in the production and assembly of metal components for Pipe Support Systems, Fasteners, Anchors, HVAC, Anti-Vibration Systems, and Equipment for a range of installations including industrial, commercial, utility, and OEM. The company also engages in the trade of metal products that complement its manufacturing operations. The Company is a fabrication and installation specialist in ductile pipes, HDB pipes and fittings, and MS plate. Its products are certified and approved by Underwriter's Laboratory Inc. (USA) and FM Approval (USA) for Fire Sprinkler System Installations. As an export-driven enterprise, Tembo has earned the distinction of a 2 Star Export House. In 2023, Tembo ventured into the EPC (Engineering, Procurement, and Construction) contracting arena, securing orders from prestigious infrastructure clients. Additionally, the Company has interests in the textile trading market. In 2024, the Company further diversified into manufacturing of defence products and entered in solar power.
