EBITDA Margin	*8.3%*	*8.5%*	*- 23 bps*	*8.4%*	*8.4%*	-
PAT	30.7	32.3	-4.9%	58.9	60.7	-2.8%
PAT Margin	*6.1%*	*6.6%*	*-50 bps*	*6.1%*	*7.0%*	*-85 bps*
Basic EPS	18.27	19.25		35.11	36.17	

Q2FY27 Financial Highlights:

- **Revenue from Operations** increased by **2.9%** YoY to **INR 505 Cr** in Q2 FY27, compared to **INR 491 Cr** in Q2 FY26.
- **EBITDA (excluding other income)** remained flattish YoY at **INR 42 Cr** in Q2 FY27.
- **EBITDA margin** for the quarter stood at **8.3%** as against **8.5%** in Q2 FY26.
- **Profit After Tax (PAT)** stood at **INR 31 Cr** in Q2 FY27 versus **INR 32 Cr** in Q2 FY26

H1FY27 Financial Highlights:

- **Revenue from Operations** increased by **10.7%** YoY to **INR 965 Cr** in H1 FY27, compared to **INR 872 Cr** in H1 FY26.
- **EBITDA (excluding other income)** rose to **INR 81 Cr** in H1 FY27 from **INR 73 Cr** in H1 FY26, also reflecting a YoY growth of **10.7%.**
- **EBITDA margin** for the period remained flattish YoY at **8.4%**
- **Profit After Tax (PAT)** declined marginally by 2.8% and stood at **INR 59 Cr** in H1 FY27.
- Total order book as of October 31, 2026, stood at **INR 2,011 Cr.**

Commenting on the company's performance, Mr. Manish Garg, Managing Director & CEO, Interarch Building Solutions Ltd., said, *"We delivered a steady performance in Q2FY27, in line with our expectations. Revenue from Operations grew 2.9% YoY to Rs. 505.4 crore, while EBITDA remained stable at Rs. 41.7 crore, with a margin of 8.3%. For H1FY27, revenue and EBITDA grew 10.7% YoY to Rs. 965.0 crore and Rs. 81.1 crore, respectively, reflecting the resilience of our business model and focus on operational excellence.*

While near-term challenges arising from external market conditions and the seasonal nature of the PEB industry may persist, customer enquiries across key end markets remain healthy. The long-term industry outlook remains encouraging, supported by private capex spending and India's manufacturing-led growth, creating opportunities across manufacturing, warehousing, renewable energy, data centres and commercial infrastructure.

Our order book stood at an all-time high of Rs. 2,011 crore as of October 31, 2026, providing strong revenue visibility. We continue to focus on quality order inflows, prioritizing projects that align with our execution capabilities and profitability objectives.

During the first half of FY27, we commissioned Phase 1 of our PEB facility at Kheda, Gujarat, and Phase 1 of our Heavy Steel Structures facility in Andhra Pradesh. These capacity additions will further enhance our manufacturing capabilities and strengthen our ability to undertake larger and more complex projects.

Going forward, growth will be driven by our core PEB business, Heavy Steel Structures and exports. We expect execution momentum to improve in the second half, supported by our strong order book, healthy enquiry pipeline and expanded capacities. Backed by our integrated business model and robust balance sheet, we remain focused on sustainable, profitable growth and long-term value creation."

About Interarch Building Solutions Limited

Interarch Pre-Engineered Buildings

Interarch Building Solutions Limited commenced its operations in 1983. Today, 40 years later, Interarch is one of the leading turnkey pre-engineered steel construction solution providers in India with integrated facilities for design and engineering, manufacturing, on-site project management capabilities for the installation and erection of pre-engineered steel buildings.

Interarch Life: Non-Industrial Buildings

We offer a state-of-the-art solution for non-industrial buildings through our innovative load-bearing wall framing systems, crafted to support lightweight structures. Embracing a hassle-free drywall construction approach, these systems guarantee swift and efficient assembly, simplifying the construction process for our esteemed clients. With a focus on durability and safety, our load-bearing wall framing systems are engineered to be earthquake and termite-proof, providing robust protection for the structure and its occupants.

Moreover, these systems offer the flexibility of dismantling if required, providing adaptability for future changes or modifications. These structures can be custom-made according to the specific plans, accommodating varying shapes, sizes, and designs to meet the exact needs of customers.

TRACDEK® Metal Roofing & Cladding Systems

We manufacture world-class pre-engineered roofing and cladding systems designed to meet custom requirements. Our extensive portfolio includes Hi-Rib Roofing & Cladding System, Klippon Roofing & Cladding System, and SS-2000 Standing Seam Roofing System. Each of these solutions is engineered to provide exceptional performance and durability, ensuring that we meet a wide range of needs with precision and reliability.

Trac® Ceilings

Our TRAC® range of metal ceilings are manufactured from fully recyclable materials and are pre-painted and prefabricated in our factory. The ceiling systems are friendly to handle and will not

promote the growth of bacteria and fungi. TRAC® ceilings exhibit excellent corrosion resistance. They can withstand very high humidity (up to 100 %) and are suitable for use in outdoor applications.
