Moneyboxx Finance Raises ₹60 Crore via NCDs from Choice Finserv, Vakrangee and Vivriti Capital to Fund AUM Growth

Fresh capital to support growing disbursement pipeline across secured MSME, livestock, rooftop solar and digital lending

New Delhi, September 2026: Moneyboxx Finance Limited ("Moneyboxx" or "the Company"), a listed NBFC focused on empowering underserved micro and small enterprises, has raised ₹60 crore through the issuance of Non-Convertible Debentures (NCDs) subscribed by Choice Finserv, Vakrangee and Vivriti Capital, strengthening its liquidity position as the Company prepares to accelerate growth across its diversified lending platform.

The NCDs carry a coupon of 10.75% per annum, a tenor of 2 years, and are secured/rated BBB/Stable by CRISIL/India Ratings. The fresh debt capital will support Moneyboxx's growing disbursement pipeline across its four growth engines — secured MSME lending, livestock finance, rooftop solar finance and digital lending.

Alongside its established branch-led business, Moneyboxx is scaling multiple partnership-led origination channels, including Bachatt for digital lending, Akshayakalpa for dairy and livestock finance, and Loom Solar for rooftop solar finance. These partnerships provide access to new customer pools and complement Moneyboxx's existing distribution, underwriting and collection infrastructure, creating additional avenues for efficient AUM growth.

The Company has also significantly strengthened the quality of its portfolio, with a substantially higher proportion of secured lending, larger average ticket sizes and an improved borrower credit profile. This stronger portfolio architecture, combined with diversified sourcing channels, provides a robust foundation for the next phase of balance-sheet expansion.

The ₹60 crore NCD issuance further enhances Moneyboxx's ability to fund the growing pipeline emerging from both its branch network and partnership-led businesses. With multiple origination channels now scaling simultaneously, the Company expects strong momentum in disbursements and AUM growth over the coming months.

Commenting on the development, Mr. Deepak Aggarwal, Co-Founder and Co-CEO, Moneyboxx Finance Limited, said: "*We are entering an exciting phase of growth at Moneyboxx. Over the last few quarters, we have strengthened the quality of our portfolio while building multiple, complementary engines for future growth*."

Our secured MSME business provides a strong foundation, while our expanding partnerships across digital lending, dairy and rooftop solar are opening up new customer segments and scalable origination channels. Importantly, these businesses can leverage the underwriting, technology and collection infrastructure we have already built.

The ₹60 crore NCD raise strengthens our liquidity at an opportune time and positions us well to fund the growing disbursement pipeline across these businesses. With a stronger portfolio, diversified sourcing channels and an expanding partnership ecosystem, we believe Moneyboxx is well positioned to deliver strong and sustainable AUM growth while maintaining our focus on asset quality and responsible lending."

About Moneyboxx Finance Limited

Moneyboxx Finance Limited is a listed, non-deposit taking NBFC registered with the Reserve Bank of India, focused on providing credit to underserved micro and small enterprises across semi-urban and rural India.The Company operates through a technology-enabled "phygital" model combining on-ground distribution with data-driven underwriting and digital processes.
