Lupin Collaborates with ERN for Luforbec® (beclometasone/formoterol) pMDI Launch in Spain

Mumbai, Barcelona, Zug, June 08, 2026: Global pharma major Lupin Limited (Lupin) today announced its strategic collaboration with LABORATORIOS ERN S.A. (ERN), a well-established Spanish pharmaceutical company, for the launch of Luforbec® (beclometasone/formoterol) 100/6, a fixed dose combination in a pressurized metered dose inhaler, for the treatment of adult asthma and chronic obstructive pulmonary disease, in Spain.

This collaboration combines Lupin's global respiratory expertise and proven pMDI manufacturing excellence and ERN's robust national reach and deep customer relationships, marking an exciting milestone in expanding high-quality respiratory care to patients across Spain.

Thierry Volle, President EMEA and Emerging Markets, Lupin said, "The launch of Luforbec® in Spain, following successful introductions in the UK and Germany, represents a key milestone in our partnership with ERN and reinforces our commitment to advancing global access to quality respiratory care. Together, we are building something truly exciting for patients and healthcare professionals."

"Partnering with Lupin allows us to bring a proven, high-value respiratory therapy to Spanish patients and healthcare professionals. It represents an opportunity for ERN to expand into a new therapeutic area," said **David Solanes, CEO of LABORATORIOS ERN, S.A.**

About Luforbec®

Luforbec® is indicated for the regular treatment of asthma where the use of a combination product (inhaled corticosteroid and long-acting beta₂-agonist (ICS/LABA) is appropriate. This includes patients not adequately controlled with ICS and 'as needed' inhaled short-acting beta₂-agonist or patients already adequately controlled on both ICS and LABA. Luforbec® is also indicated in the symptomatic treatment of patients with severe COPD (FEV1 < 50% predicted normal) and a history of repeated exacerbations, who have significant symptoms despite regular therapy with long-acting bronchodilators.

About Lupin

Lupin Limited is a global pharmaceutical leader headquartered in Mumbai, India, with products distributed in over 100 markets. Lupin specializes in pharmaceutical products, including branded and generic formulations, complex generics, biotechnology products, and active pharmaceutical ingredients. Trusted by healthcare professionals and consumers globally, the company enjoys a strong position in India and the U.S. across multiple therapy areas, including respiratory, cardiovascular, anti-diabetic, anti-infective, gastrointestinal, central nervous system, and women's health. Lupin has 15 state-of-the-art manufacturing sites and 7 research centers globally, along with a dedicated workforce of over 24,000 professionals. Lupin is committed to improving patient health outcomes through its subsidiaries - Lupin Diagnostics, Lupin Digital Health, and Lupin Manufacturing Solutions.
