Commenting on the results, Mr. Harsha Kadam, Managing Director and Chief Executive Officer, said, *" Schaeffler India registered a strong growth of 18.1% for the first half of the year. Our Automotive Technologies, Vehicle Lifetime Solutions and Intercompany Exports business continued the double-digit growth trajectory. Even for the quarter, despite a challenging market we recorded a 7% QoQ growth. Quality of earnings marginally impacted given cost pressures due to geopolitical developments. Overall, I am happy to share that we delivered on our financial performance consistently, amid volatility in a very dynamic macro-economic landscape. We remain committed on maintaing the momentum for the remainder of the year. "*
