Sub: Submission of Corporate Announcement under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 – Operational Update on Payments Division

Ref: Scrip Code: 530595 **| Scrip ID:** TELECANOR

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we wish to inform the Exchange that the Company has achieved critical milestones in its digital payments division, including the appointment of a global certification body for its PCI-DSS audit and the technical finalisation of its proprietary payment gateway framework.

The detailed disclosure containing operational updates, technology architecture highlights, and regulatory application roadmaps is enclosed herewith as **Annexure-A**.

You are requested to kindly take the same on your records and disseminate the information on your website.
Thanking you,

Yours faithfully,
For TeleCanor Global Limited

Encl: As above

ANNEXURE-A

OPERATIONAL UPDATE: PAYMENT GATEWAY READINESS AND REGULATORY COMPLIANCE ROADMAP

1. Appointment of PCI-DSS Auditor

The Company has formally appointed **SGS**, a globally recognized testing, inspection, and certification body, to conduct the final Payment Card Industry Data Security Standard (PCI-DSS) certification audit for its payment infrastructure.

2. Core Technology Framework and Platform Hardening

Our proprietary payment gateway application has successfully cleared all rigorous baseline internal testing phases and is structurally prepared for the final certification process. The underlying application architecture is engineered utilizing Open Transaction Model (OTM) and State-Based Message Delivery (SBMD) frameworks, ensuring secure data handling, architectural modularity, and rapid transaction throughput.

The recent deployment timeline extension has been strategically leveraged by our engineering teams to significantly harden the platform architecture, resulting in a structurally stronger, highly secure, and competitively superior market product.

3. RBI Payment Aggregator License Status

The formal application for the Payment Aggregator (PA) authorization will be submitted to the Reserve Bank of India (RBI) immediately following:

- The conclusion and audit of the required financial results.
- The formal infusion of additional equity capital to meet the regulatory net-worth norms prescribed by the RBI.

4. Estimated Commercial Launch Timeline

Commercial launch and onboarding of merchants are scheduled to commence immediately upon receipt of the formal PCI-DSS certification from SGS, which is estimated to take approximately one (1) month from the commencement of the audit.
