Dear Sir/Madam,

We are pleased to inform our shareholders and stakeholders that your Company, Safecure Services Limited, has received an order from leading and reputed financial services companies, which are a part of the Bajaj Group and the Poonawalla Group. This development reflects the growing trust and confidence that reputed corporate customers continue to place in the Company's offerings, capabilities and execution track record.

The Company views this order as an encouraging and positive development in the course of its ongoing business operations, particularly given the strong market standing, scale and reputation of the customer concerned. Being entrusted with an assignment by an organisation of such repute is a validation of the Company's product/ service quality, operational reliability and its ability to meet the exacting standards expected by large, established corporates. Such associations also help enhance the Company's credibility and visibility within the industry, thereby opening avenues for further business engagement.

While the present orders, viewed in isolation, are not being represented as a material financial event for the Company, the Management believes that securing and nurturing relationships with reputed and financially sound customers forms an important and integral part of its broader business strategy. The Company will continue to actively pursue similar opportunities with other reputed and established customers and shall make appropriate and timely disclosures to the stock exchanges in accordance with the applicable provisions of law and the listing regulations, as and when required.
